Keiosene Oil!

This is the time of year when there is a good demand for oil. It will pay you to buy the best quality, as low grade oil will not only cause your lamps to smoke but will also create a very disagreeable odor in the house.

The oil that we have been selling this fall has given our customers splendid satisfaction and is the best that we can buy. Give it a trial when you want another supply.

Rev. Gordon Dickie, who is on his way from North Sydney to St. Stephen's, occupied the pulpit of New St. Andrew's, morning and evening on Sunday, most acceptably, preaching two very able sermons. Rev. R. S. Patterson, Bedouin, P. E. I., John McLean, Richibucto, N. B., and J. L. Murdoch, St. John's Church, Windsor, were the first students educated in Pictou Seminary under the late Dr. McCulloch. After finishing their studies in Nova Scotia they were sent to Glasgow, Scotland, where they received their degree of M. A. On arriving in Scotland the three young men called on a minister to whom they had letters of introduction. After a few minutes conversation the minister called to his wife to come and see the three young preachers who had just come from Nova Scotia. On entering the room she lifted up her hands in astonishment saying "Ay, mon—the're no black."

MUCH anxiety prevails among real estate men in Sydney as a result of a move on the part of loan companies, from which advances have been obtained on billings erected within the past few years. The parties who originally secured the loans in course of time had the houses purchased, assuming all liabilities. Owing to the dullness prevailing for over a year, many of these purchasers have failed in paying their instalments, with the result that the companies are foreclosing and looking to the original parties for the repayment of the balance due. It is said that many who built houses in this manner and sold them will be ruined. Thousands of dollars are involved. A number of writs have been issued and more are coming. This action on the part of loan companies may prove disastrous to building operations in Cape Breton.

WELCOME'S SCHOLARS.

LONDON, November 9. The 18th, which is the Oxford undergraduate weekly, says: The Rhodes scholars have come here not a moment too soon. They are likely to prove a most healthy cure for the blasé indifference which appears with ever-increasing frequency in the Oxford College captains. All branches speak of the enthusiasm with which the newcomers are supporting every kind of College interest. They contrast sharply with the apathy of many English freshmen.

GOOD GROCERIES

When we say our groceries are good we say all that need be said about them—And we may say further that our prices are just a little less than you pay elsewhere for inferior articles. SANDERSON & CO. GROCERS.

OUR GENERAL PRICES ARE NOT SO HIGH

that we have to use a bait to induce customers to enter our store. It does not take much of a reasoner to see that it would not pay them to deal at that sort of store. Our prices all round are so low that we could not, unless we had stolen the goods, cut say 25 per cent off an already cut price. It is against sound business principles, and if we did it we would have to take it out of our customers in some other way, should we get the opportunity. It is up to you to avoid us, if you think we are quacks in the furniture business, as you would a quack doctor. Trade where you are sure of honorable and honest treatment—where you are sure of a low price on everything all the time—that is at JOHN NEWSON'S The Reliable Furniture Man.
