Steamboat Service For Next Season

Mr. H. V. Buntain city, has returned from Ottawa and Montreal where he was in conference with Canadian Government Merchant Marine, Ltd., arranging for steamers to call at this port during the coming season.

He reports a very successful trip. He arranged for regular sailings between Charlottetown and St. John's, Nfld., via Sydney, during the season.

The first steamer to load here will be the Canadian Sealer; now wintering at Souris. This is a new boat built at New Glasgow, N. S., last season and was sent direct from New Glasgow to Souris to load cargo for the Magdalen Islands; but owing to the lateness of the season and severe weather was obliged to abandon the voyage and lay up for the winter.

This steamer will come to Charlottetown in the spring on the opening of navigation and will load full cargo for St. John's, Nfld.

Should a second cargo be available she will return from St. John's North and direct to Charlottetown for the year being 1920.

GREAT ICE-RACING ON THE RIVER YESTERDAY

Commodore Cresceus and Dongola Winners in the Trot and Pace Respectively.

A beautiful day, a splendid ice course and a large throng of spectators were features of the fastest ice racing of the season. As predicted yesterday's racing proved more interesting and extremely close finishes marked several of the heats.

Disappointment was expressed over the non-appearance of Don Bailey, Mr. Wedlock's fast trotter. Don met with an accident the evening before and consequently could not start.

The first race was the Class A trot with four starters including Silky Belle 2:11 1/2 owned by Mr. Cresceus and Brenton H. 2:17 1/2. The Silky Belle mare was imported from the United States last fall and bears quite a reputation for speed.

The past few weeks she has been under the tutelage of the veteran reaman ex-Mayor Brown. She showed lots of speed in the field to the quarter but made losing breaks due to unsteadiness. Brenton H. was a trifle short of work also but made remarkable finishes in the first and second heats.

The class A pace had five good horses turn for the word and the result satisfied the remark as to the uncertainty of horse racing. Dongola proved the winner with strong opposition from the Signatore horse in the first heat the two being only noses apart.

He Who Grasps Too Much Grasps Ill

Sir:—Judging from the propaganda that a correspondent of the Patriot, who dubs himself "Voter" but who really is a member of the Bell Government, is taking such pains to disseminate, it is quite evident that some at least of the hungry crowd that last summer followed Mr. Bell to victory are getting ready for a raid on the Treasury at the next session of the Legislature.

In a series of letters this correspondent advances pleas why the Premier, the Attorney General and finally all the members should receive increases in their salaries.

It is not that the members are greedy, but that they are being paid in advance of their services.

MAID SAVES CHILDREN, THEN JUMPS TO LADDER

CHATHAM, ONT., March 1.—Four young children of J. G. Jackson, Manager of the local Hydro system, might have been overcome by smoke from a fire which broke out in the basement of the family residence, Grant Street, but for the prompt action of the maid, Genevieve Lucas. She and the children, who were alone, had retired, and Miss Lucas was awakened by the smoke.

By the time she got into the room she was unable to get down stairs to give the alarm, owing to the smoke. She managed to get the attention of the next-door neighbor, who turned in an alarm. Miss Lucas passed the children out of a bedroom window one by one to firemen on the ladders, and then jumped seven feet to the ladder herself.

OUR FARMER PREMIER CAN CRACK A JOKE A ROYAL TOMBOY

In her girlhood days Queen Maud of Norway, who has lately adopted her unconventional feats by piloting an aeroplane, was known as the tomboy of the Royal Family.

It was she who nicknamed her brother, the late Duke of Clarence, "Collars and Cuffs," and her eldest sister, the Princess Royal, "The Royal Shyness," on account of the latter's almost morbid dislike of appearing in public.

In Memoriam

MRS FLORA MACCANNELL

There passed away at her home in Long Creek on February 15th, Mrs. Flora MacCannell, aged 79 years. She was of a kind and loving disposition, and will be greatly missed by a wide circle of friends and acquaintances.

And although in failing health for a number of years, she bore her sickness very patiently to the last. She is survived by four sons, namely Duncan, John, Hector and Neil. There are three grand-daughters in the home who cared for her during her illness, to whom goes sincere sympathy in the loss they have sustained.

Grandma, thou hast gone and left us and our loss will be greatly felt. Still we know 'tis God's behest us, "He" can all our sorrows heal.

JOHN MCLEOD

Much sympathy is felt for Mr. An drew McLeod of Forest Hill in the death of his little son John, aged six years, which occurred yesterday morning at the home of his uncle and aunt Mr. and Mrs. Herbert Jones, Harrington, where the little fellow had made his home since the death of his mother about two years ago. He was an unusually bright and happy child and a great favorite. He had been ill only a week of gripe followed by pneumonia. The Guardian tenders deepest sympathy. Interment at Forest Hill Cemetery.

Holy Ghosts Are Starving

DURHAM, Maine, March 2.—Deported by their leaders who have moved to the land of plenty, 500 members of the Holy Ghost and its religious cut, tonight were reported to be on the verge of starvation in their colony on the bleak snow bound Hill of Shiloh just above Lisbon Falls. Infidelity of several emaciated children who stole out of the settlement and begged food from the farmers and ate it ravenously like animals, led to the discovery of the starving condition of the colony. The Rev. Frank H. Sanford, The Elijah of the Holy Ghost and Us and his family, except one married son, have moved to Boston for the remainder of the winter, while Moses, Holland, one of Sanford's disciples, and his family, are reported to be living in something akin to luxury on a farm at Pleasant Point, Maine, overlooking Merry Meeting Bay near Bath.

Why does nearly all the milk of human kindness taste of the can?

TAX PAYER

Ernie, like most Lancashire lads, had never worn a pair of shoes in his life, yet he was 17 years old. Then his grandfather died, and the morning of the funeral his mother said to him:

"Ernie, lad, th' ha' to have a pair o' shoos for t' funeral. Tha mun go to Rochdale and fotch thy pair. Don't g'iv' more'n five and eleven for 'em. Clien th' ha' 'em and leave thy clogs to be clogged, and mind th' bairn' late for t' funeral."

Ernie set off. Funeral time came and he had not returned. Funeral time passed and still no Ernie. So his mother hurried down the road to look for him. She met him about half-way back from Rochdale, hobbling painfully.

"Bah goom!" he said. If ever Ah get these shoos off Ah'll never put 'em on again."

"Why, th'at dumb calf," said his mother, "th'at's never uided, stick what stings 'em together at backing."

Luck may be a good servant but as a master his pay days are uncertain.
