ECZEMA

The World's Greatest Skin Torture

Many Infants are Born with Eczema

It's the Only Thing Some Folks Have Left When They Die

THE ONLY INFALLIBLE CURE IS CUTICURA

It is in the treatment of this most distressing of torturing and disfiguring skin and scalp humours, with loss of hair, that the Cuticura remedies have achieved their greatest success. Original in composition, scientifically compounded, absolutely pure, unchangeable in any climate, always ready, and agreeable to the most delicate, they present to those suffering from Eczema the most successful curative of modern times. We know that this will be considered strong language by those acquainted with the character and obstinacy of the disease under consideration, but it is justified by innumerable successes where all the remedies and methods in vogue have failed to cure, and, in many cases, to relieve, even.

The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Soap. The scalp, ears, elbows, hands, ankles and feet will require frequently a thorough soaking in order to penetrate the thickened skin and crusts with which these parts are often covered. Dry carefully, and apply Cuticura Ointment, lightly at first, and where advisable spread it on pieces of soft cloth and bind in place. Take the Resolvent, pills or liquid, in medium doses. Do not use cold water in bathing, and avoid cold, raw winds.

Cuticura Resolvent, liquid and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney; Boston, 137 Columbus Ave. Potter Drug & Chemical Corp., Sole Proprietors.

Send for "How to Cure Eczema."

GUARDIAN WANTS

NATIVE TERMS.

Glossary of Many of Those Used in the Far East and of Abounding Interest at This Stage.

Terms in Manchuria.

Fu—To the name of a city, indicates capital of province, a city of the first class.

Chou—Indicates city of the second class.

Yi—A small post town, as Ychang-Yi.

And at the termination of geographical terms:

Kiang, Ho, Ychuan, Ychu—All mean stream, river.

Hai—Sea, sometimes lake.

Shan—Mountain.

Kuan—Camp, strong, fortified place.

Shan-Hai-Kuan—The fortified camp where the mountains and the seas meet aptly illustrate these three terms.

Ling—Pass over a mountain.

Ycheng-Chen-Holo — Town, large village.

At the beginning of geographical names the following prefixes may generally be translated:

Ya—Great, large.
Siao—Small, little.
Pei—North.
Nan—South.
Huang—Yellow.
Si—West.
Tung—Fast.
Strang—Upper.
Hio—Lower.

Corean Terms.

In Corea the termination—

Po, or Pho—Indicates that the place is a port or harbor on navigable waters—for instance:

Yongampho — The harbor near mouth of Yalu River.

Masampho—The disputed naval base on the southern shore of the peninsula.

Do—As termination indicates that the place is a province, and means, therefore, "the district of," or that it is the capital city of such a province.

Han—River.

MOSES' BURNING BUSH.

A Natural Curiosity Which Tends to Explain Biblical Miracle.

Kew gardens, London's celebrated horticultural grounds on the Thames, has a new plant which is of uncommon interest because of the light which it seems to throw on one of the most famous of the Old Testament miracles. This plant has just been brought from the Arabian desert, and numerous scientists declare it to be identical with the "burning bush" which Moses saw burst into flame at his approach and blaze for some time without being consumed. The plant at Kew, which grows to the height of five or six feet, possesses the remarkable property of exhaling an inflammable gas from its flowers, which, on being approached by a light, takes fire and burns brightly for a few moments. The plant in the meanwhile remains uninjured owing to its sap.

In the hot deserts of Arabia, where the plant naturally grows more vigorously than at Kew, a larger quantity of this gas is exhaled, and it is probable that the fierce rays of the sun frequently cause it to take fire. It cannot be said that the discovery of this plant and its strange characteristics adds greatly to the impressiveness of the Bible story, but there it is, to be regarded as you please.

In appearance the "burning bush" plant suggests an arid, sterile habitat. Its leaves are of a dull sage green color, and the gas exhaling blossoms are pale pink.

It is not generally known that numerous flowers give forth gases in a small degree, notably the lily of the valley and the meadow sweet. The blossoms of both these plants exhale the fumes of deadly prussic acid by night, and all flowers throw off considerable quantities of carbonic acid gas in the darkness, this being why it is unhealthy to keep flowers in a bedroom.

OF PERSONAL INTEREST

Albert Leigh returned yesterday from Sydney.

E. R. Brow was a passenger to Georgetown last night.

Edward Hackett, M. P., Tignish was in the City yesterday.

Ross Bethune of West Kent School is confined to the house by illness.

G. A. Sharp, Superintendent of the P. E. I. R. left last night via Georgetown for Moncton where he will meet with Mr. Armstrong, Ottawa, comptroller of the Railway mail service and General Traffic Manager Tiffin, Moncton in order to discuss the transportation of the Island mails and arrange a settlement.

Best Way to Rear Healthy Children.

Develop Their Strength With Ferrozone Which Makes Rich Blood Hardy Muscle, Steady Nerves.

Children brought up on Ferrozone are known by their strong rugged frames, their chubby cheeks and healthful appearance. Mothers find it an indispensable tonic and body builder, and in thousands of homes no other remedy is used.

Mrs. E. Montgommery, of Pittsburg, writes: "A little neice came to visit me, and noticing her pale and haggard looks, I started her on a course of Ferrozone. The change that girl underwent in a few weeks was marvellous. Her appetite chirped up, she had more spirit and strength and a rosy color came into her cheeks that I never saw there before. I weighed my neice about the time she started to pick up, and in seven weeks she gained almost eight pounds, and just looked the picture of health. I think this should be an example to many mothers, and I hope that others will try Ferrozone for their little boys and girls. I am thoroughly convinced that it's the most strengthening tonic. It has my strongest endorsement."

Every Child Improves on Ferrozone

The reason Ferrozone works so beneficially with children is that it acts directly on their blood, freeing it of all unhealthy matter, at the same time giving it an additional supply of iron. This at once results in more strength, new spirit and renewed vitality. Just one tablet at meal time works wonders.

You must be sure to get Ferrozone. Refuse to accept any article the druggist may say is just as good. Get what you ask for, Ferrozone, and the result we guarantee will be satisfactory. Price 50c per box or six boxes for $2.50 By mail from N. C. Polson & Co., Kingston, Ont. and Hartford, Conn., U. S. A.

SMALLWOOD, C. R., Barrister and Attorney at-Law, Notary Public, etc., Office: Cameron Block, lately occupied by F. L. Haszard, K. C. North Side Queen Square. Money to loan

DR. WOOD'S NORWAY PINE SYRUP

CURES
Coughs, Colds, Bronchitis, Pain in the Chest, Croup, Hoarseness, Sore Throat, Asthma, Whooping Cough, Quinsey, and all Throat and Lung Troubles.

It is pleasant to take and is soothing and healing to the lungs. There is nothing to equal it for stopping that tickling sensation in the throat, and the persistent cough that keeps you awake at night.

Price 25c. at all Dealers.

QUICKEST AND MOST EFFECTIVE.

I have used Dr. Wood's Norway Pine Syrup in my family for the last six years, and have found it the quickest and most effective medicine for all kinds of coughs and colds I have ever used. My little boy had a severe attack of bronchitis, but before using half a bottle of the Syrup he was completely cured. I cannot praise it enough.
