

You Need More Than A Laxative

To correct constipation, all organs of digestion and elimination should be helped. Try NR and see how much better you feel.

NR Today—Keeps the Doctor Away

To live and be healthy, your body mechanism must properly digest your food, extract all the nutriment from it and promptly throw off the waste that is left. This is accomplished by the processes of digestion, assimilation and elimination—the work of the stomach, liver, kidneys and bowels. The failure of any of the vital organs to do its work properly affects the action of all the others. A forced bowel movement does not help constipation; it only relieves for a few hours the condition that constipation brings about.

genuine, lasting benefit; to improve your digestion and assimilation, give you a good hearty appetite, regulate your liver and bowels, tone up kidney action and give you a poison-clogged body a good cleaning out. Nature's Remedy (NR Tablets) is not harsh; it is mild, easy, pleasant in action; no griping or pain ever follows its use; but it is thorough and sure. By its action on the digestive organs it promotes assimilation, which means extraction of full nourishment from your food, and thereby gives you new strength, energy, better blood, better appetite. By toning, not irritating your liver, NR sends bile into the intestines, improving intestinal digestion. Lastly, by gently encouraging more vigorous bowel and kidney action, NR drives poisonous humors out of and cleans up your body.

Now if you are used to taking so-called laxative pills, oil, purges and the like, you know mighty well you've got to be taking them all the time. Moreover, if you stick to any one laxative, you've got to be increasing the dose all the time. That can do you a lot of harm. Stop dosing yourself with such things just long enough to give Nature's Remedy (NR Tablets) a trial, and let the results show the difference. NR Tablets are not mere bowel movers; their purpose is to correct the condition that causes constipation.

Fairbanks-Morse Type "M" Engines Back on the Market

Past performance has proved to hundreds of fishermen that the Type "M" is the most reliable and economical of work boat engines. This sturdy, powerful engine is back again now that the factory's war contracts have been completed. The Type "M" is a salt water engine designed to meet all the requirements of hard usage. Its make and break ignition—the one important feature of a fishing craft engine—insures an engine that renders faithful service in all kinds of weather and under all conditions.

The Fairbanks-Morse 5 H.P. Type "M" Engine

is the most practical of all engines for medium-sized fishing boats—economical, simple and satisfactory. Back of this engine is the service of our experts—a service rendered by men familiar with the fishermen's requirements. Investigate this engine today.
