

Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it. Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought. "The face of my little girl from the time she was three months old, broke out and was covered with sores. We gave her Hood's Sarsaparilla and it cured her." T. M. CARLSON, Clinton, Ontario. Hood's Sarsaparilla promises to cure and keeps the promise.

The steamer Greetlands has been purchased through T. R. McCarthy, of Montreal, by a Norwegian firm. She will probably remain in the St. Lawrence, and enter into the coal trade. The Greetlands was formerly owned by J. T. Ross, of Quebec, and has for some years been chartered by Hy. Dobell & Co., running for them between Montreal and Prince Edward Island, calling at way ports. She is twenty-one years old and is built of iron. She will go into service about May 1st, but will previously be overhauled. When she again goes into commission Capt. L. E. Norckoff will be in command.
