FAREWELL TO MR. J. M. MONTGOMERY

On the evening of June 16th the young people of Irishtown gathered at the home of Mr. J. N. Evans to bid farewell to their teacher Mr. John M. Montgomery, who after a stay of four years is leaving for Lacombe, Alberta, where he has secured a excellent position with a large firm.

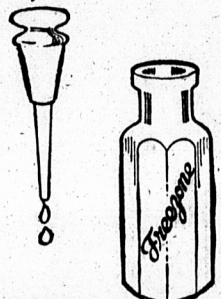

Mr. Michael Ready was appointed chairman, he then called upon Mr. Jas. Saunlers to read an address which was accompanied by a well filled purse, "Jack" all such taken by surprise, in a few well chosen words, thanked the young people for their very kind act. He said he would always have a warm place in his heart for the people of Irishtown and hoped that the school would still progress as it had been doing. He also stated that the people of Irishtown might well be proud of the fact that they pay a higher supplement than any other one roomed school on P. E. Island. Then followed three rousing cheers for their old teacher, afterwards Mr. Evans, the genial host of the evening made a short speech, which resulted in his being "bounced," much to the amusement of those present. This was followed by supper consisting of ice cream, cake, etc. served as only Mrs. Evans and the ladies of Burling-ton can serve. After a few hours spent in amusement the people de-

OUCH! CORNS! LIFT CORNS OFF

Doesn't hurt a bit to lift sore, touchy corns off with fingers

Yes! Magic! Drop a little Freezone on a bothersome corn, instantly that corn stops hurting, then you lift it right off. No pain! Try it. A few cents buys a tiny bottle of Freezone at any drug store. This is sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, also calluses, and without the slightest soreness or irritation. It doesn't hurt at all. Freezone is the magic ether discovery of the Cincinnati genius.

It will be remembered this mare was purchased by the late Mr. Richards in Scotland at a big cost, and brought to this country in 1910. She has taken first prizes in every ring shown both in this country and Scotland, and has been pronounced by horse judges to rank amongst the best Clydesdales produced. Her filly Lady Adele, by Baron Kelvin, 21462, is an exceptional animal, and no doubt will be heard from later in the show ring. The farmers of the O'Leary district are fortunate in securing such stock for their district as it means the foundation for stock such as the world's markets demand, and the Kennedy Co. is deserving of great praise in securing such stock for their district.
