A Noted Professional Oarsman is Now in Charlottetown

One of the most notable oarsmen of the world, Mr. Charles Stephenson, who for seventeen years champion of New Zealand is now in Charlottetown. Mr. Stephenson is here in charge of the Columbus flagship Santa Maria which is to be officially opened for inspection by Mayor Brown this afternoon.

It is ten years since Mr. Stephenson retired from the ranks of a professional oarsman. He however still takes more interest in the game than in any other form of sport, and latterly has been coach for Harvard University holding the position for 9 1/2 years as well as coach for the rowing crew of the State University of California for two years.

Mr. Stephenson has raced against Hanlan, champion of the world. He went up against him when Hanlan made his world's record. Hanlan won by seven seconds doing the three miles in 19 minutes and 27 seconds. The race was for \$2,500 a side and took place at Swanwick Lake, B. C., in 1891.

Mr. Stephenson is a native of New Zealand and it was in his native land before coming to America that he achieved his most notable victories. In 1890 he met and defeated George Bear, the then champion rower of England. The race took place on the Paramatta River in Australia. Mr. Stephenson beat Charles Dutch, another famous oarsman over the same course and holds the second fastest time on that river. Mr. Stephenson was in the very pink of condition in those days and at the zenith of his career. He rowed 3 1/2 miles in 19 minutes and 5 1/2 seconds—which is a record. All the races were professional—\$2,000 a side. He defeated such notable oarsmen as Nell Matheson, Astelinian and Joe Kemp over the same course.

Mrs. J. T. Bethune, of Montreal, (formerly Mrs. Stanley, of this City), is sailing for England this week, to be with her son, Mr. Allison K. Stanley, who has gone overseas with the Montreal Ammunition Column. Mrs. Bethune also hopes to see her son, Capt. H. P. Stanley, of the 73rd Highlanders, now somewhere in France, also her brother, Capt. H. Bruce Findley, who has gone overseas with the C. A. D. C. from British Columbia. Mrs. Bethune spent the summer of 1915 in Charlottetown with her husband and son, Allison, and their many friends here will wish her a pleasant voyage and safe return.

Falling Out of Bed, Recovers Voice

(Canadian Press Despatch) COBourg, Ont., Nov. 3.—Pte. Bell, who was brought to Cobourg Sanitarium about a month ago suffering from shell shock received in France and who has lost both his voice and his hearing, has had a remarkable recovery. Last Thursday night when asleep he fell out of bed and he shouted "whoa." Naturally the other patients in the ward were amazed, but on the doctor being called it was found that Bell had got back the use of his voice. He speaks scarcely above a whisper, but medical men say that he will regain full use of his voice. The authorities had been teaching him the deaf and dumb alphabet, and his wife has been teaching him herself, but to-day both she and her three little children are pleased that "Daddy" is on the road to recovery.

GREAT BRITAIN DEFENDING RIGHTS OF NEUTRAL POWERS

If British Were Defeated, United States Would Also Suffer from Prussian Power.

(Canadian Press Despatch) LONDON, Nov. 3.—(New York Times).—"In some irresponsible quarters," says Lord Roseberry in a speech at Edinburgh last night, "I hear some babble of imminent peace." Lord Roseberry's references were presumably to rumors which had been current in London recently of a movement in favor of the consideration of proposals, which, according to reports emanating from Germany, Chancellor Von Bethmann-Hollweg intended making public in the Reichstag. The German Chancellor's expected statement has been foreshadowed as an appeal to reason and humanity on the ground that the prolongation of the war could not materially alter the military position, and would only increase useless carnage.

In England, according to the rumors to which Lord Roseberry referred, there was a tendency to look only at the present results, and forget the primal reasons for which Great Britain went to war, reasons which Lord Grey emphasized in his recent speech to the foreign press. Lord Roseberry vehemently denounced that sort of "as you were" policy, which would enable the Prussians to remain much as they are, ready and prepared with the experience they had gained and with resources not much impaired, to begin again at the earliest opportunity their fendish antagonism against civilians.

"Is it really supposed," he said, "that we have shed our dearest blood by hundreds of thousands, that we have been paying over £5,000,000 a day and shall continue to do so as long as it is necessary, in order to leave Prussia the devilish power she has been in the past? Why, I venture to say this: (1) cannot of course speak on behalf of the Dominions if there was a minister (and thank God there is not) so cowardly short sighted and imbecile as to conclude a peace of that kind I am afraid our Dominions and our Britons beyond the seas would say that 'A country so governed, is not a country to adhere to, we had better find some better statesmen of our own.'"

Look at Sweden, Norway, Denmark, Holland, Belgium. Five small Kingdoms, every one of them out-raged by the German power. We are fighting for Sweden who at any moment may find herself in the same position. We are fighting for every neutral nation. We are fighting for one that is not weak, the United States, for if we were vanquished, as to conclude a peace of that kind I am afraid our Dominions and our Britons beyond the seas would say that 'A country so governed, is not a country to adhere to, we had better find some better statesmen of our own.'"

which Heaven forbid, the United States would be the next to suffer from the aggressive and inscrupulous power of Prussia.

(Special to the Guardian)

PARIS, Nov. 3.—An official announcement as to the western front says, south of the Somme, artillery fighting has been fairly heavy in the sectors of Lhone and Chilly. A surprise attack was carried out by us against German trenches west of Dauchurt. On the right bank of the Meuse, Verdun front the night was relatively calm. Yesterday the enemy, owing to the violence of our bombardment which had continued several days, evacuated Fort Vaux during the afternoon without waiting for an attack by our infantry whose pressure was becoming closer and closer. Very heavy explosions were heard in the Fort. During the night our infantry which had gone quite close to the Fort occupied this very important work without any loss. The belt of interior forts at Verdun are now established in their entirety and are held firmly by our troops. Nothing to report from the remainder of the front.

Had Chronic Indigestion Thought She Would Die

After Years of Suffering Attributes Cure to Dr. Chase's Kidney-Liver Pills. Eating too much or using foods that do not agree are the usual causes of indigestion. The trouble usually begins not in the stomach, but in the liver, since it devolves on this organ to filter the excess waste matter from the system. Now, since Dr. Chase's Kidney-Liver Pills are the greatest of liver regulators it naturally follows that they are unexcelled as a cure for chronic indigestion. With the liver, kidneys and bowels active the poisonous waste matter is quickly removed from the system and there is nothing to interfere with the organs of digestion. In this way only can lasting cure be effected. Mrs. Rebecca Elliott, Magnetawan, Ont., writes:—I feel it my duty to write you in regard to Dr. Chase's Kidney-Liver Pills. I had gastritis of the stomach for three years, and could get nothing to stop it until I tried Dr. Chase's Kidney-Liver Pills. I would have an attack of this trouble with my stomach every three or four weeks, and was so bad at times that my friends thought I would surely die. Thanks to these pills, I have not had an attack for six months, and believe that the cure is thorough. My husband has had very satisfactory experience with Dr. Chase's Nerve Food. He was much run down, and very pale and weak. I persuaded him to use the Nerve Food, and after having taken five boxes he looks and feels real well. It is such experience as these that have made a place for Dr. Chase's medicines in the great majority of homes. They do not fail, even in the most complicated cases. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box. Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50. All dealers, or Edmanson, Bates & Co., Limited, Toronto.
