THE WESTERN CROPS.—An old timer living in Western Canada in speaking of the weather and prospects there says that in October and November the total snow fall averaged three feet and that the weather averaged this month eight below zero. At the conclusion of the ceremony all repaired to the dining room where a rich repast had been provided by Mrs. Rogerson. Needless to say, all did ample justice to the rich viands with which the table was covered. The remainder of the evening was pleasantly spent and all separated about midnight wishing the young and popular bride and groom a very happy and prosperous journey through life. HIGH TEA AND BAZAAR.—The annual High Tea and Bazaar of St. Joseph's Convent was held in the hall of that institution last evening and was attended with great success. This is the tenth anniversary of the high tea, and it must be gratifying to the kindly ladies of the Sodality and others interested to have their efforts crowned with such meritorious success. From 7 p.m. until almost 7 o'clock the obliging waitresses attended the wants of the large crowd and served a menu that was satisfying to the most delicate taste. The departmental booths of the bazaar conducted by winsome young ladies were attended with unusually good success, as were also the other amusements provided. NEW TELEPHONE SYSTEM.—Mr. H. M. VanBuskirk returned yesterday from a tour of inspection to St. George's and vicinity, where a new rural telephone system has just been installed. The installation of this new line, through one of the most prosperous sections in the province is due to the energetic efforts of Rev. D. J. G. A GRAND PLAY.—Last night the first of the series of great plays, "The Master Mind," was shown at the Prince Edward Theatre. It was produced for motion pictures under the personal direction of Jesse L. Lasky, who first produced it in the world's biggest theatres with marvelous success, and acted by the original cast, with Edmund Breese in the title role. Shown in five parts, 212 scenes, it proved to be one of the best photo-plays ever put on at the

Prince Edward or in fact in Charlottetown. The story is as follows:—Pledging to revenge the execution of his brother, whom the District Attorney caused to be convicted, Richard Allen, a quaint individual, who takes delight in concealing his identity by playing the role of a valet to an extravagant young man in New York, plots for the downfall of the prosecutor and educates his cleverest female crook, "Three Arm Fanny," with a view to having her fascinate and marry the District Attorney. The Master Mind, under various disguises, informs the District Attorney that he will receive the four axes at certain intervals and when he receives the ace of spades, the end will be near.

Richard Allen, known as the Master Mind, conceives many diabolical plots looking forward to the ruination of

his enemy, the District Attorney, and finally succeeds in arousing his anger and jealousy, and is about to crush the suspecting Attorney when "Three Arm Fanny," who has really fallen in love with her husband, pleads with the Master Mind to withdraw, and the Master Mind, who has come to love Fanny himself, does withdraw through love for her, and disappears, to be seen no more. The powerful gang of crooks over which he held a formidable leadership is disbanded, and the District Attorney, not knowing that Fanny is a reformed crook, goes on in his own way, becomes Governor of the State, and everything ends as it should. Those who have not seen this play should not miss it at any cost, day afternoon or night, it will be produced this afternoon and to-night again. Further entertainment was

given in an excellent song by Mr Cairns and other photo-plays.

SEVERE RHEUMATIC PAINS DISAPPEAR

This acid gets into the blood through some defect in the digestive process. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and improves the digestion. Don't suffer. Get Hood's today.
