—ELECTRICAL STORM CAUSED MUCH DAMAGE.—During a severe electrical storm Wednesday the Episcopal Church at Crapaud was struck by lightning. The spire was completely demolished and the electric fluid continuing its course downward until it met the electric wire, shattered a large hole in the tower. The storm was especially heavy around Tryon and Victoria. Mr. McLeod, butcher at Victoria and Mr. Avond, former being severe shocks the former being knocked down. A cow belonging to Mr. Nathaniel Bentler was killed. Severe telephone poles at Victoria were damaged.

—SPECIAL SERVICES.—The church of the Nazarene is to hold its first annual camp meeting on July 6—7. Rev. W. O. Nease of Olivett, Ill., is to be the chief evangelist. He will be assisted by District Superintendent S. W. Beers of Malden, Mass., Rev. Joseph Cole of Somerville, Mass., Joseph Richardson of Danvers, Conn. and J. W. Turpel of O'Leary. Clergymen of other churches are cordially invited. Week day services 10.30 a. m., 3 and 7.45 p. m., F. C. Smith of S. Portland, Me. will have charge of the music. Those coming from afar can make arrangements for entertainment by writing Rev. J. W. Turpel. A welcome to all.

—MOST SATISFACTORY.—Mr. H. G. McFarlane of the staff of the Signal and Electrical service of the C. N. R., Sackville was in Kingston recently maintaining the signal appliances there in connection with the Malpas crossing. Since the bell service has been instituted, all possible blame has been removed from the Railway Department for any reason for accidents at the crossing. There are four signals, the mechanism of the Signal Service has been manipulated and readjusted, the batteries renewed and accurately installed, the service may be depended upon to give all necessary warning of approach of trains. But it has been pointed out that the public must not wait for the ringing of the bell to suggest that it is time to cross, but rather to cross before the bell rings, then all is secure. When the bell is ringing, then the train crosses first, and the train takes the risk. The department are doing their best to guard against accidents here, but all precautions are useless, if the public will not cooperate. Why, only the other day, we saw women peering across immediately in front of the incoming train, and the least stumble might have proved fatal. An ounce of prevention might be worth a pair of legs or a whole neck. But remember that an undertaker has a shop exactly at the crossing. Do you see any prospect here?—Y.

—ERECTING "Y" FOR C. N. R. A gang of men are busy at the Water front, in front of the Depot, erecting a "Y" for the C. N. R. and when completed will be a great convenience to the turning of engines, etc.

—SLIGHT FIRE—The Summerside Fire Department was called out Wednesday afternoon at 4.20 for a fire in the eastern section of the town, in one of the out buildings, of the Hall Mfg. Co. which was caused from a spark from the chimney of the boiler room. The firemen responded promptly and less than one hour had the fire under control. The loss is only slight.

—QUEEN OF NEW ANNAN RACES—Practically every festival has its "Queen"—from the corn belt of Kentucky (where the corn is full of kernels and the colonels are full of corn), to the wheat belt of Canada. New Annan Race meet is a big event, wherefore it will have a "queen". All women appearing on the grounds are eligible for selection. There will be three incognito judges preferably from the mainland, so as to avoid all suspicion of Nepotism, who will be on watch for the best looking lady. When selected she will be immediately photographed by P. A. so be presented by the management with a beautiful wrist watch Downess, Summerside. She will be suitably inscribed as a souvenir of the occasion. 2437-7-7-11.

—OUTING ENJOYED.—A very pleasant day was spent on June 25 1933 when a large crowd of young folks from Bonshaw St. Catherine and other vicinities gathered to gether and at 10 a. m. left Bonshaw on the boat Strathgannay with Mr. L. T. Beaton present. The day was perfect for the occasion, arriving at Rocky Point wharf then to the picnic grounds it was dinner time which was served very neatly by the eldest of the crowd while the young folks played games when all had satisfied themselves with the nice display of "eats" the remainder of the afternoon was spent in games, music, singing, dancing, and racing, amusement of which all were delighted with. The racing was very interesting, the girls race was won by Miss Olga E. MacNevin 1st, prize Sadie Shaw Desable, 2nd, Miss Euphemia MacNevin 3rd, the boys race was won by Mr. Hector MacNevin 1st, prize Mr. Howard Boyle Meadow Bank 2nd, Mr. Stewart MacNevin, 3rd. After supper all left for Charlottetown where a nice evening was spent till about 10 p. m. the boat set sail with her happy crew. It is said the young folks will not soon forget the delightful sail up west River with the moon spreading its safe clean light to make the "sail more merrier."

LETTER OF CONDOLENCE TO MRS. JOHN ROCKHAM

The members of the Methodist W. M. S. of Hunter River wish to express to you their deepest sympathy in the severe trial you were called to pass through in the death of your beloved husband. We pray earnestly for you, that in your hour of trial and grief you may be comforted and sustained with the thought that your loss is his gain, and we rejoice to know he was ready when the summons came, and he is gone to be with Jesus. We wish also to extend our sincere sympathy to Mrs. Dingwell and trust God's Grace will be sufficient for you in your sorrow. But we sorrow not, even as others which have no hope, for if we believe that Jesus died and rose again, even so they also which sleep in Jesus will God bring with him. Signed on behalf of the members of the W. M. S. of Hunter River, REBECCA CAREW Secretary. (Patriot Please Copy)

Ireland Peaceful As Great Britain

LONDON, July 6.—Ireland today is as tranquil as Great Britain said Timothy Healy, Governor General of the Irish Free State, in an interview with the Daily Express. Prior to his return to Ireland last evening after conversations with the Imperial authorities over Irish affairs. "The Free State is now established definitely, despite the international assaults that have been made said, he added that now the peace upon it" the Governor General had been established the Government was intensely preoccupied with how to terminate a situation in which its sorrow it found itself still holding ten thousand Irishmen, the Governments purpose, Mr. Healy said, was to release these prisoners as rapidly as possible without exposing the public to a recrudescence of disorder, and they were now being freed at the rate of about three hundred weekly.
