—ISLAND LADY IS SUPT.—The Boston Herald says: Concord, Mass. has raised almost its full quota of $150,000 for the establishment of the Emerson Hospital. It is planned to take over buildings of Concord Deaconess Hospital, which closed on Oct. 15th. Miss Stella Orr, Assistant Superintendent of the Waltham Hospital has been appointed Superintendent of the new institution. She is a graduate of the Royal Victoria Hospital, Montreal. Emerson Hospital will be opened on Dec. 1st. Miss Orr is a daughter of Mr. Parmenus Orr, of Kensington.

—A GOOD MOVE.—Some one has suggested that to institute a course of lectures along education al lines in Kensington for the coming winter should prove popular. Such a course would enable those already abreast of the times to advance still more surely, while the movement would induce those lagging to quicken step and attain the front line. Nothing develops the mind so surely and broadens it so permanently as association with minds of superior intellectual attainments. Let the movement be universal, so that all may be included. Y

—THE WEEKLY WHIST.—The most enjoyable tournament now running in the Strand Theatre Kensington, was the one enjoyed on Wednesday evening, when the largest crowd yet attracted joined in the engaging pastime with recreative zeal. The game was manipulated with educative interest and the amusement was constantly engaging. The game ended showing that Mrs. Andrew O'Kiefe and Mr. Percy Driscoll were the prize winners. When the game had ended the gay youth amplified a few hours to appropriate music nicely rendered by Messrs. W. Dalziel and B. Ready, Mr. Willard Bruce on the violin and Miss Kathleen Driscoll and Miss Ella McMahon, piano accompanying. The ladies in charge have merited the warmest gratitude for the most acceptable lunch provided, and the kind attention they gave to the details of the event. Y

—RINK LOOKS PROMISING.—It is thought that the speed with which James Pendergast is smoothing the surface of mother earth on Central Lot in Kensington will outdistance the relentless march of old Father Time, and that before Jack Frost will have congested the depositions of Jupiter Pluvius, the skate grinders will have everything in prospect sharpened. Y

—KENSINGTON SCHOOL CONCERT.—The concert given by the pupils of Kensington High School in the Strand Theatre there on Tuesday night, was one of the most successful held there for some time. The audience was fully commensurate with the seating capacity which the management of the Strand furnished adequately and comfortably. With every external feature prominently helpful, the teachers and pupils certainly showed appreciation in the rendition of the following excellent program:—Chairman, Mr. J. F. Profitt; opening chorus, Miss Harrington, Miss McArthur; recitation, Ethle Stewart; song, Erma Hughes; Ten Little Niggers, 10 girls; violin solo, Gwen Spriggs; Manners Class, 10 boys; duet, Joseph McMahon and Ruth Hiltz; dialogue, Miss Goodwin's Dept.; song, Three Darkies; reading, Blanche Hughes; song, Dot Howard; dialogue, Grade X.; Piano selections, T. R. Millman. Intermission; chorus, Grades VII and X; duet, Margaret McMahon and Blanche Hughes; patriotic scarf drill, Miss McArthur's Dept.; reading, Bertha Thompson; song, 7 girls; Little Lads at School, 3 boys; violin solo, Roscoe Walker; reading, Anna Sheen; drill, Miss Canada, Grades IX and X; reading, Jos. Ready; Empire Drill. No unnecessary waits were suffered between any of the parts, hence the audience was pleasantly disposed during the entire program. Where pathos was the spectacular feature, the sympathy of the audience was elicited, and where humor was the exubriant element the risibilities were most pleasantly moved. There were the several performers strengthened in their renditions and the presentation of the one proved the compliment of the other. Thus the efforts of the pupils with the efficient training of the teacher were displayed to advantage and enjoyed with adequate measure. The accompanists on the piano were Miss Ella McMahon and Mr. Thomas Millman. Y

A POOR SUBSTITUTE

Irate Customer (entering grocer's shop with a jar of marmalade in her hand and fire in her eye)—Look here, I bought this stuff because the card in your window says it's an excellent substitute for butter.

Grocer—Yes, ma'am; so it is.

Customer—Well, it's a grand substitute, I must say! I tried to fry a bit of fish with it this morning, and the taste was so awful I had to throw it all away.

..*EASTERN AGENT — Mr. J. W. Murdock is now Guardian Agent in Montague and will be pleased to receive news items, advertising, Job Printing, new and renewal subscriptions. tf.

..*KEEPS UP-TO-DATE — Mr Joseph McGregor, Montague's well known meat dealer, has shipped another carload of sheep and lambs on Monday last. more sheep and lambs were shipped from Montague this season than in previous years, and indicates that sheep raising is on the increase. Mr. McGregor ever thoughtful for the welfare of the farmer, in fact almost indispensable to this community, always keeps in close touch with the large markets, and his reliable opinion may be had for the asking, relative to the possibilities of a rise or decline in prices. J.

..*SHIPPING — The schr. Sea Foam, Capt. Dutney arrived in Montague on Wednesday last from New Glasgow to load another cargo of oats and potatoes, this being her second trip this fall, Mr. McIntyre the super cargo and owner reports the market fairly good especially for blue potatoes, which are almost impossible to get, the reds and whites being principally grown in these parts. The large fleet of vessels have all been loaded and sailed for their destinations and today only three vessels are in port. Prices are the same as last reported. J.

..*MONTAGUE CIRCUIT:—Divine service will be held in the Methodsit churches on this circuit, Sunday, Nov. 16th. as follows:—11 a. m. Milltown Cross, 2.30 p. m. Sturgeon. 3.00 p. m., Montague, 7.00 p m. Montague. Evangelist Foster will preach at both of the services in Montague. The pastor will speak at the outside appointments. The special services which are being held in Montague by Evangelist F. W. Foster are being largely attended, and everyone has an invitation to attend these services which are being held every evening at 7.30 p. m. (Saturday excepted) and on Sunday as above. Every one will find a hearty welcome at all the above services.

..*PROGRESSIVE FARMER — Montague's efficient peace officer, Mr. C. E. White, has recently purchased six splendid head of cattle, three of these are milkers, while the other three will be converted into beef. This lot added to his already large herd of pure bred cattle ranks Mr. White, as one of the largest cattle owners in this province, Mr. White ventures very extensively into the growing of potatoes this season and today his spacious cellar is filled to the beams with both the seed and red varieties. The low prices for the tubers has forced Mr. White into the cattle feeding, and rather than sacrifice his labors for the small sum of twenty-five cents per bushel, will utilize this huge crop for feed. It might not be a bad idea for other farmers to follow Mr. White's example and make King's County a beef-raising centre. J.

..*A WESTERN VISITOR—Mrs Capt. Frank S. Robertson is at present on a visit to Montague, her former place of abode, Mrs. Robertson is all the way from Vancouver coming via Boston, where she stayed several weeks, seeing a great many former Montague people. Boston seemed like home to her. Mrs. Robertson's stay on the Island will extend over a period of two months, dividing the time between Montague and surrounding districts and her old home in Sturgeon, where the absence of the familiar faces of father and mother, now numbered with those gone before, will cast somewhat of a damper on the otherwise pleasant recollections in connection with the scene of her childhood days. Mrs. Robertson is at present the guest of Capt. and Mrs. Frank Murphy. Her friends however in this community are many, any one of whom would only be too glad to have her spend part of the time with them. Mrs. Roberson reports a great many Islanders in Vancouver, the majority of whom are either in business for themselves or holding responsible positions. The springing up of a new generation and the absence of many of the old and familiar faces is practically the only change which Mrs. Robertson sees in Montague. J.

..*VISITING PASTOR — Owing to the Rev. Mr. Sterling being away to his former charge in Bradalbane, to be present at the unveiling of the tablet in honor of the brave boys who gave their lives in the great war, the Rev. Mr. Aitken of Dundas will conduct services in the Montague Presbyterian church on Sunday morning next, in the evening there will be no services in this church. The usual good attendance which this church has enjoyed since the induction of the present pastor is hoped for. The services in this church during the past few months have had several special features attached to them, besides the sound practical sermons, which have been delivered, the singing has been exceptionally good especially the anthems by the choir, which are certainly of a high class order, and greatly appreciated by the congregation. Were two of the former members of this choir, a lady and a gentleman back again in their accustomed places this church would have a choir equal to any in the Maritime provinces. J.

Cures of Island People Continue

Splendid cures of infantile paralysis, rheumatism, bronchitis, pneumonia, fevers of various kinds and many other ailments, still continue to be effected by means of the Farador.

Of course there are many worthy people who decline to make use of this speedy, clean and up-to-date method of healing, because they cannot understand how the Farador can effect such work. These people are simply standing in their own light. It is easier to cure people of their ailments by means of the Farador than to cure them of the scepticism which prevents them from giving it a chance to help them. Those who give the Farador a fair show have always the best of the argument.
