THE Amherst Ramblers have received a wire from the trustees of the Stanley Cup, accepting their challenge and naming the 14th as the date for the first game. The Ramblers intend going after the cup and have wired suggesting the 17th for the first game. A few evenings ago they defeated New Glasgow 6 to 0. Reporter say Jas. Williams was easily the fastest man on the ice.

A HALIFAX exchange of a recent date says that James Williams of New Glasgow hockey team and formerly of the Abegweit is the best all round hockey forward in Nova Scotia. It depends upon what is meant by an "all round" man. The general impression is that Jimmie Mallou, of the Nationals, of this city, is the fastest forward and the best shot in the Maritime provinces. We have in Cape Breton, however, one of the best, if not the best forward in all Canada, and that is Shirley Davidson, but he is not playing.

Sydney Record.—There are undoubtedly men now on the Abegweit team that have a better claim to the fastest forward title, judging by what the mainland papers have been saying of them as individual players, while abroad recently.

AN EASY WAY

To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right, and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject; he says: "I am 68 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but daily for the past eight years I have made it a practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets."

My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, pepsines and diastase, and after using them a few weeks I have never ceased to thank him for his advice.

I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong."

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way into popular favor. All druggists sell Stuart's Dyspepsia Tablets, full sized packages at 50 cents, and for a weak stomach a fifty cent package will often do fifty dollars' worth of good.

AN ACTUAL RESULT!

TO THE NORTH AMERICAN LIFE ASSURANCE COMPANY Toronto, Can.

GENTLEMEN:—I have much pleasure in acknowledging the receipt, through you, of your Company's cheque for \$5,041.75, in settlement of my policy, No. 976, for \$5,000.

I took out this policy 20 years ago, upon the 20 Payment Life Plan; the annual premium being \$197.50. I find that I have paid the Company \$3,950.00 in premiums, and am now in receipt of \$5,041.75, or \$1,091.75, more than I have paid out; the insurance of \$5,000 on my life for the past 20 years not having cost me a dollar.

This being a Life Policy, with 20 payments (not an Endowment), I consider the return a most satisfactory one, and will have much pleasure in recommending the NORTH AMERICAN LIFE to my friends.

Yours truly, W. F. MACCOY, Halifax, N. S. Provincial Manager S Charlottetown.
