ing villages who attempted to go to their rescue today. The village, only a few feet above the level of the Bay, was open to further encroachment by the sea through a gaping break in the breakwater.

TOSSED CHURCH INTO BAY

The terrific force of the weekend hurricane lifted the Catholic Church at Highlands and dropped it into the Bay. Today's storm forced gangs of men to abandon work at Stephenville, where they had been laboring to repair a 40 foot wreck caused by Thursday's tide.

HEAVY PROPERTY LOSS

While the storm raged over other sections of Newfoundland, its effect was not felt as acutely in other districts, where the damage was fairly light. Only minor damage was caused to communication and power lines. Loss to property will, however, total more than \$20,000 among the villages on the shore of Bay St. George and Bonne Bay.

HOMES ABANDONED

Measure reports which came over the telegraph before Sandy Point was cut off again over the weekend told of how the villagers had taken to the upper floors of their homes as the water rose above the level of their doors. Some of them abandoned their homes entirely and made their way to the higher land, where they slept beside a huge campfire.

IN MEMORIAM

MR. EDWARD J. READY

Citizens will learn with regret of the death of Mr. Edward J. Ready, which occurred at the City Hospital about 1 o'clock Sunday afternoon. The deceased who was confined to his home for about three weeks was removed to the hospital about 7 o'clock Sunday morning but he gradually weakened until the end.

The deceased was a well known, popular and upright citizen who enjoyed a large circle of acquaintances.

Born in Alberton about 60 years ago he removed to Charlottetown when quite a young man, entering the employ of McKinnon and McLean machinists and founders, subsequently entering the mechanical department of the C. N. R., where he remained until illness forced him to remain at home.

Some two years ago the late Mr. Ready while about his duties on a locomotive, fell a considerable distance receiving severe injuries to his spine and head and previous to that accident suffered a severe scalding, while at work. It is thought he never fully recovered from those injuries.

For the past twenty seven years he has been associated with the Benevolent Irish Society, the oldest member in point of attendance in the Society. For a number of years he has held the office of chief marshal, a position he was ably qualified to fill. In many large parades held by Catholic societies Mr. Ready was invariably chosen to take charge.

He leaves to mourn besides a sorrowing widow the following family: John, with Currie and Murnaghan, plumbers; Patrick, with N. D. McLean, funeral director, Joseph, at home and Mrs. Wendall Mullin. The funeral will be held this morning from his late residence to St. Dunstan's Basilica thence to the Roman Catholic Cemetery.

SACRED MISSION SOCIETY CLERIC VISITS CH'TOWN

Father Neate, of Kelham, England Now Holding Mission Services In St. Peters Cathedral.

An interesting visitor to Charlottetown this week is Rev. Father Joseph E. Neate, of the Society of the Sacred Mission, Kelham, England. Father Neate is holding Mission services at St. Peter's Cathedral. He has been doing similar work during the past two years in the United States and other parts of Canada, especially in the West.

Father Neate belongs to a religious community of the Church of England in which there are about seventy members. It is known as the Society of the Sacred Mission and is established at Kelham, Newark-on-Trent, England. The institution includes a theological college, where 150 students, are being trained for work in the Church of England and foreign field, especially foreign mission work in South Africa.

Most of Father Neate's life has been spent as parish priest working under the Society in slum work in England, with periods of mission work in South Africa, and war work in Salonika and Russia as military chaplain.

During the last three years he has travelled extensively, starting from Gibraltar, through northern Africa, Spain, Italy and France. He came to this country two years ago, visiting theological colleges and taking missions and retreats for clergy and sisters.

For ten years immediately following the war he was Vicar of St. Georges, Nottingham, a large industrial parish, which has now been taken over by another member of the Sacred Mission Society.

On this, his first visit to Prince Edward Island, Father Neate was greatly interested in the Confederation Chamber and other relics pertaining to the Province's history. His Mission at St. Peter's Cathedral started with services on Sunday at 11 and 7 o'clock. They are being continued this evening and on Wednesday and Thursday evenings, starting at 7.30 p. m. There is also a mission for children in the afternoons at 5 p. m.

In his sermons in Charlottetown, Father Neate deals entirely with the fundamentals of Christian faith and life. It is these essential truths, rather than the "frills" which he believes are most in need of emphasis today.

After concluding his Mission in Charlottetown, he leaves for Halifax. He expects to conclude his work in Canada and return home in the latter part of June.

Halifax Teachers Will Help City

HALIFAX, Feb. 13—Instead of accepting a salary cut of ten per cent, Halifax teachers will make a "voluntary contribution" of this amount to the general revenue of the city for a period of one year.

This announcement was made at a hearing before the governor-in-council this afternoon. Agreement had been reached at a joint meeting of the school board, city council and teachers.

The teachers agreed to the voluntary contribution plan in order to keep salaries at the present level so that pensions might not be reduced.

of money, the bootleggers were as much in need of, and as much entitled to relief as anybody else.

Councillor Holman stated that some people, who had received relief, had been going from door to door selling the orders which had been issued to them. Such cases should be double-checked. The majority of the cases were deserving. Some clergymen had been filling out order forms in blank, contrary to resolution, he stated.

Councillor Reardon thought that one or two cases out of 340 did not amount to much.

Councillor Holman replied that there were many cases which should be investigated.

A letter from John McKenna regarding the assessments was read. A letter from the Laborers Protective Union was read. It urged the city to continue permanent work on the streets in order that some money might be available for the payment of rents and other such bills.

A petition with 242 names attached requested the continuance of construction work such as the repairing of the breastwork at the park.

A resolution adopted by railway-men and others at St. John, N. B., and forwarded to the Council, was read. The resolution opposed the

amalgamation of the C.N.R. and C.P.R. His Worship did not believe that the amalgamation of the railways would take place. The only action which could be taken by the Council was to send a communication to Mr. McLure.

It was decided that the matter should be left with His Worship. Exception was taken to the remarks of Mr. Hanna who had stated before a Senate committee that the "natives were afraid to enter it," referring to the Canadian National Hotel. Councillor Holman stated that he resented the remark.

His Worship did not think that the matter should be taken seriously. Mr. Hanna should not be given the satisfaction of knowing that the matter was noticed.

Councillor Doull agreed that the statement should be ignored. It was not a statement at which umbrage should be taken. Mr. Hanna had not said "aborigines." He had said "natives," as the people here actually were.

There had been an increase of \$72,685 in property valuation for 1932 as compared with 1931, Councillor Kennedy stated in connection with Mr. McKenna's letter. In 1930 automobiles for the first time were figured as personal property, and the valuation had thereby increased by \$320,000.

Dr. B. C. Keeping, City Health Officer, stated that he had had a letter from the Minister of Health, Hon. Murray MacLaren, informing him that in the spring a survey would be made of oyster beds.

Councillors' Reports

Councillor Kennedy for the Finance Committee reported that \$23,600 had been invested in bonds at 4 1/2%. The money formerly had been yielding 3 1/2%.

Councillor Reardon reported that the regular work on the streets was being carried out.

Councillor Hennessey asked Chief Birtwistle a number of questions regarding the manner in which the work of the Police Department had been conducted.

Councillor Holman for the Light Committee reported that the committee had had meetings with Provincial Government. He was glad to be able to report that the Government intended to request the Public Utility Board to look into the matter of lights in various parts of the province. The committee had received valuable help from Councillor Doull.

Councillor Holman objected to the presence of bill-boards on the Market Building, when no shows were being given in the Strand Theatre.

Resolutions

A resolution was passed by which James E. Bradley was re-appointed sanitary officer for the ensuing year.

Officer Bradley was directed by resolution to give all assistance possible to the City Clerk in checking up those receiving relief. The usual resolution in connection with the overdraft was passed. A resolution to the effect that Government Pond be cleaned out and the park breastwork be repaired was discussed and allowed to stand over.

Work For Unemployed

Councillor Hennessey believed that when men came to the city for relief they should be given work where possible.

Councillor Holman thought that the matter of using relief money for public works should be taken up with the local and Dominion Governments.

His Worship appointed Councillors Kennedy, Holman and Hennessey as a committee to wait on the local Government with a view of securing permission to use relief money for aiding the unemployed through the carrying on of public works.

Councillors Hennessey, Burke, extended the congratulations of the board to His Worship as yesterday was the Mayor's birthday.

It was announced that the annual meeting of the Council would be held on Wednesday, Feb. 22.

CENTRAL GUARDIAN Press Tribute To Late Mrs. Gordon

The following is from the St. John Telegraph Journal: News of the death of Mrs. Margaret Ford Gordon native of Bothwell, P.E.I., wife of Rev. Dr. J.A. Gordon, former pastor of Leinster and Main street Baptist Churches in this city, which occurred in Montreal Thursday, was learned of with deep regret here, though it revived pleasant memories of the residence of the Gordon family in this community where the deceased lady was active in church work and greatly beloved.

Lying to the advanced age of 87, whilst her husband was still able to assume clerical duties on occasion though close to the 90-mark, Mrs. Gordon was spared to see her sons outstandingly useful in their chosen vocations—Dr. Alvan H., one of Canada's eminent specialists, Montreal; John P., merchant and prominent in the religious affairs of Prince Edward Island; Peter W., former Saint John newspaper man, now in business life at Hamilton, Ont., and Herbert P. Gordon, Ottawa. Walter H. Gordon, for some time city editor of the Montreal Gazette, was killed overseas.

Rev. Dr. Gordon's first pastorate in Saint John was from 1885 to 1888 when he took charge of the Leinster Street Baptist congregation, since merged with Brussels Street Baptist Church as Central. It was while serving in this charge four of the sons mentioned were baptised by their father at the same time. Dr. Gordon's next pastorate was in Charlottetown and in the late nineties he returned to Saint John to assume the pulpit of Main Street Baptist Church, which at that time was an old-type wooden building. The present splendid brick edifice was erected under Rev. Dr. Gordon's leadership. In this work the late Mrs. Gordon was a constant support to her husband, sharing his pastoral duties and taking a prominent part in the women's branches of congregational activity.

Mrs. Gordon's brother, Rev. Dr. Ford, was at one time pastor of the Ludlow Street Baptist Church, West Saint John, later becoming prominent as a pulpit orator and organizer on the American west coast. Since announcement of Mrs. Gordon's death, numerous messages of sympathy and appreciation have been forwarded to the aged clergyman and his sons.

Chief Palmer, His Worship said, has been compulsorily retired on account of ill health which forced him recently to apply for leave of absence. His superannuation will amount to \$2,742.81, while, had he voluntarily retired, he would have received only \$2,142.85 annually.

FORUM—Skating this afternoon.

FLEW OVER—Mr. J. T. Cumming, New Glasgow, director of the Canadian National Railway, and Mr. W. P. Filmore, arrived in the City yesterday from New Glasgow by plane. Pilot H. O. Madden was at the controls.

CARD PARTY—The regular weekly card party was held at the Holy Name Club last night. The attendance last night was considerably larger than usual. The following is the list of prize winners: Ladies' first, Mrs. Creighton; Gent's first, P. H. Howatt; Freeze-out, Leo Doyle; Lucky Table, Leo Arsenault; Ladies' Consolation prize, Mrs. P. McQuaid; Gent's Consolation prize, Charles MacDonald.

REMEMBERED BY STAFF—Mr. Robert Arsenault, of the mailing department of The Guardian, who is to be one of the principals in a happy event which takes place this week, was waited upon by the staff last night and presented with an address and a purse of gold. "Bobbie" made a fitting reply, thanking one and all for their kind remembrance.
