Doctor Says

Some time ago we showed the formula of Kimo Tablets to a doctor of many years experience.

The other day he wrote us a letter. Doctor-like, he doesn't wish his name published, but says we may publish the letter. Here it is:

Messrs. B. N. Robinson & Co.,
Coaticook.

Gentlemen,—I have carefully examined the formula of your Kimo Tablets. They contain the active principles of the best known remedies for rheumatism. The Japanese solvent is something new. I have never seen it in the formula of any other remedy. I was so impressed with the combination that I decided to use the tablets myself, as I had a bad attack of rheumatism. I must admit that the one box you gave me did me more good than any other remedy I have ever used. The Japanese solvent, with the other ingredients, makes a really effective combination.

—M.D.

As the doctor says, it is the Japanese solvent which makes Kimo Tablets so effective.

This solvent dissolves the granules which settles around the joints and muscles and cause the disease.

If you suffer from rheumatism, remember relief is possible.

Kimo Cures Rheumatism

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 103,000. The Guardian's daily circulation is therefore as 1 to 1½ of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believes, unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,00 St. John has five newspapers and among those The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000, or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,0 0. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this that The Guardian covers the field of its circulation three and a half times as well, if compare with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite Journal is endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

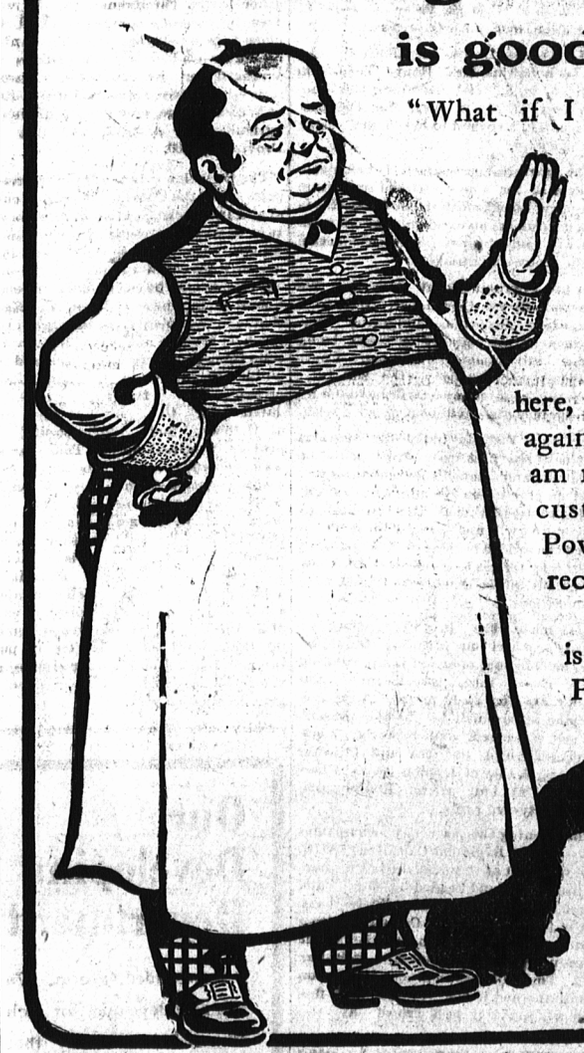
50,000,000 FOR ADVERTISING

"James B. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figures would reach fifty million dollars.—Newspaper dom.'

Yet James B Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man. The business man who in this age of advertising is afraid to invest my money in publicity will never accumulate a fortune. Record.

"St. George's Baking Powder is good enough for me."



"What if I can make more profit on a powder that you say is just as good"?

"I have no use for those 'just as good' things. And I will not have 'cheap', impure baking powder in my store at any price."

"No, sir! People, who deal here, expect me to protect them against doubtful goods. And I am not going to risk losing good customers by selling a Baking Powder that I can't intelligently recommend."

"I *know* that ST. GEORGE'S is a pure Cream of Tartar Baking Powder, it gives satisfaction and I'll stick to it."

"You are just wasting your time (and mine) trying to sell me anything else."

"Good morning!"

2 in 1 Shoe Polish

When you buy a pair of shoes buy also the polish that will preserve and keep them in good shape, as well as give a brilliant and lasting shine. 2 in 1 Shoe Polish is a true leather food, causing it to remain soft and last longer.

If you ask for 2 in 1 it is a poor dealer that will take chances on his reputation by trying to sell you a substitute. 2 in 1 costs him more, but it is worth it and is the same price to you.
