PLATES—Our plates are the best made from non-mercurial English rubber, and will not irritate the most sensitive mouth. The teeth look as if they grew there. All our plates have a double suction and will always stay up; they cannot drop down. We pay particular attention to building out sunken cheeks and restoring lost expression.

CROWNS AND BRIDGES—We do this work in all its forms. Our gold crowns and bridges are made from 22 K Gold, and will not tarnish. They are so near an approach to the natural teeth that you do not notice them.
