ENTERTAINMENT POWER SCHEME VISITING WILL COST DELEGATES \$69,000,000

(Canadian Press)
OTTAWA, Ont., July 10.—The
Beauharnois power development
scheme on the St. Lawrence river
when completed will cost approxi-
mately \$69,000,000, it was estimated
today by R. A. I. Henry, general
manager. He was giving evidence
before the special Parliamentary
committee investigating the project.
It will be necessary to float \$76-
000,000 in securities selling at 90, he
said, adding that of this \$30,000-
000 already had been sold.

Prompted by a statement made
by Arthur White, president of the
Dominion Securities Corporation
and an officer of the Beauharnois
subsidiaries, Hon. W. A. Gordon
said investors in the power project
would be protected, irrespective of
the outcome of the Parliamentary
probe. Difficulty had been experi-
enced, Mr. White said, in floating
the securities, not only because of
general business conditions, but due
to the holding of the investigation.

Room in City, More
Adequate Course of
Teacher Training,
And Booth At Royal
Winter Fair.

The concluding session of the an-
nual convention of Women's Instit-
utes was held yesterday in the
Prince of Wales College Hall. The
reports of a number of convenors
were heard and several addresses
were delivered.

Among the resolutions passed were
the following:

Resolutions
Whereas, all modern cities have
suitable waiting rooms for rural wo-
men and whereas, Charlottetown,
though up to date in every other
respect, is lacking in this essential;
therefore, resolved that we, the
members of the Women's Institutes
in convention, take this opportunity
to call the attention of the proper
authorities to this matter and res-
pectfully urge that steps be taken
to remedy the existing state of af-
fairs.

Whereas, agriculture is the great
basic industry of Prince Edward Is-
land, and the large exhibitions of
Canada, including the Royal Winter
Fair which is to be held in Decem-
ber next, are among the best places
at which to advertise our products
to the people of Canada.

Therefore resolved that we, the
members of the Women's Institute
and the Farmers' Institute of Prince
Edward Island, respectfully ask our
Government to take steps to secure
a booth at the Royal Winter Fair,
at which our products, including
Domestic Science and Handicraft
work, may be exhibited.

Whereas, we realize that a more
extended course in Teacher Train-
ing would greatly benefit both the
teacher and pupils of this Province.

Resolved that we respectfully ur-
ge upon the Government to secure
the services of one, capable of supply-
ing this great need in Prince of Wales
College.

OPPOSES APPLICATION OF P. E. ISLAND

Pre m. Taschereau
Voices Opinion Re
Extension of Spring
Shooting.

(Canadian Press)
QUEBEC, Que., July 10.—In re-
ferring to the application made re-
cently by the Prince Edward Island
Government to Ottawa, for exten-
sion of spring shooting of geese,
brant and other game birds, in or-
der to attract tourists, Premier L.
A. Taschereau stated today that he
personally opposed any change be-
ing made to the Federal Migratory
Birds Act. "Speaking personally,
and I think I may say the same
thing for my Government. I am
strongly opposed to any change be-
ing made to the Federal Migratory
Birds Act, to which all the provin-
ces are signatory," the Premier de-
clared. "I feel strongly that this
wild bird life should be accorded
the existing protection under the
act, and there is no doubt that if
hunters are to be permitted to slay
the birds in the Spring, it will
mean their eventual extermination,"
said the Premier. The Premier
pointed out that hunting wild birds
is not permitted in the Spring in
this Province and expressed plea-
sure that a protest was being voic-
ed by the province of New Brun-
swick against a change being made
to the Federal act, but did not in-
timate what action, if any, he in-
tended to take in the matter.

around. Miss Aird, missionary from
British Guiana, gave an interesting
lecture on foreign missions and
was dressed in native costume to
illustrate her subject.

a duet at the evening service which
was much appreciated. The congre-
gation at Tyne Valley entertained
the delegates most hospitably to
lunch and supper. The Presbyter-
ial was one of the most successful
that has ever been held in the his-
