

# MONTAGUE, SOURIS and KING'S COUNTY

It pays to buy in this Province.

G. A. Thompson of the firm of Foote & Thompson, Montague, while returning from the funeral of the late Murdoch Campbell, yesterday, was upset out of his sleigh while driving on the ice, and was severely shaken up although not seriously injured.

The Souris Literary and Debating Society, held its first debate on Thursday last, the subject being: "Resolved that the House of Lords of Great Britain be abolished." John B. McDonald and O. H. Hickey spoke in favor of and Dr. A. A. McDonald and F. S. McDonald against. All the members present participated in the debate and on a vote being taken the resolution was declared carried. The society was organized last winter and the enthusiasm which characterized the debates then is still unabated. The officers elected for the present year are—President—Wm. J. Paquet; Vice-President—J. Frank Burns; Secretary—F. G. Jordan.

On Wednesday night the installation of officers of Branch No. 261 of M. B. A., Souris, took place. Rev. J. Arch McDonald, the highly esteemed pastor of the parish, presided, and installed into the president's chair with due ceremony as was also the other officers to their respective positions. Worthy Grand Deputy Dr. A. A. McDonald performed the ceremony of installation in a creditable manner which he read a paper on "Great Men of Medicine." Congratulations were made by many of the members present and a vote of thanks was passed by Wm. J. Paquet, seconded by F. A. Scully and suitably conveyed by the President, Dr. McDonald in responding to the vote of thanks expressed the hope that other members would undertake the giving of papers on other matters of interest.

The Rev. D. McLean will preach on Sabbath next, 29th inst., as follows: Maria, at 11 a.m.; Greenwich, at 8 p.m.; St. Peter's Bay at 7 p.m.

The annual Burns concert by St. Andrew's church choir will be given in the auditorium, Montague, on Jan. 30th. The program appears in ad elsewhere in this issue.

A correspondent from Montague writes: The farmers of this vicinity are all preparing for their winter fuel.—The singing school at Montague Head is in a flourishing condition under the able management of Isaac Evans, Montague. —Louis Gillis paid a flying visit to Montague Head, the guest of Miss Eva Moore. —Den McDonald paid a visit to Valleyfield, the guest of John D. Bruce. —The school in Montague Head is increasing rapidly under the able management of Miss Eva Moore. Montague—Alex McLeod paid a visit to Grandview.

Tuesday Jan. 10th, was a "Red Letter Day" in the history of Souris High School for on that day was given a concert and social in aid of the Cadet Corps of that school. Many teachers have graced the principalship of this fine institution of learning both to the advantage of the pupils and credit to themselves but none can claim a higher place of honor than our present principal Joseph DesRoches. Mr. DesRoches has on all occasions proved himself to be a teacher of no mean order, and has shown by his public spiritedness on behalf of the school in particular that he has the interest of his pupils very much at heart. It was he who organized the Corps for which the Concert and social were held and the success of the entertainment was due entirely to his personal efforts. The sum of some \$60.00 was realized which will go towards the purchasing of uniforms for the Cadet Corps.

At St. Peter's on the 24th inst., before Judge Blanchard, I. A. G. Gillis, of Montague, was convicted of an offence against the Prohibition law and fined one hundred dollars and costs.

Geo. A. Thompson, executor of the estate of the late William Thompson will sell, by public auction, in front of the Canadian Bank of Commerce, Montague, on Thursday, Mar. 23rd, five farms at Albion as will be seen by ad in this issue.

The funeral of the late Murdoch Campbell of Brookly, Lot 16, took place yesterday afternoon and was largely attended. The late Mr. Campbell was in his usual health up to Sunday evening last and was preparing to drive to Montague on Monday, when he took sick and died Monday evening, leaving a wife and family to mourn his sudden demise.

We are determined to clear out all odd and limited lines in our great clean-up sale till January 31st. We are giving most unusual discounts in every department. J. P. Crockett & Co., Montague. 1-25drf.

A. J. McDonald having resigned as representative, the Guardian branch at Souris has been closed. Subscribers and advertisers, as well as those having news will kindly forward same to the Head office in Charlottetown. 1-19drf.

J. P. Crockett & Co's sale at Montague, of dress goods, ladies' coats, men's and boys' clothing, wash goods, laces, embroideries, boots and shoes is a splendid success. It is a clean up from five years business and is indeed an event that seldom occurs. 1-25drf.

W. A. Johnstone having resigned as representative, the Guardian branch at Montague has been closed. Subscribers and advertisers, as well as those having news will kindly forward same to the Head office in Charlottetown. Mr. Johnstone will have The Guardian on sale there as usual. 1-26drf.

## EDITOR, PUBLISHER AND NOVELIST SHOT DOWN IN NEW YORK STREETS

(Continued from page 1.) by F. Coyle Goldsborough, a Harvard man, who immediately afterwards committed suicide. Tonight Phillips is at Bellevue Hospital in an extremely critical condition, but with a chance for life. The body of Goldsborough, whose career at Harvard was brief, lies in the morgue. Apparently insane, he had a fancied grudge against the author and sought his life. He was only 31 years old, and is a son of Dr. Edmund K. Goldsborough, of Washington. Phillips is 43.

"There you go" snapped the assassin, as he opened fire, and "here I go," he repeated as he sent a bullet into his own brain. He used a ten shot, 32 calibre automatic pistol and all six shots he aimed at Phillips took effect. One of them perforated the abdomen; another pierced the right lung and came out at the back; a third shattered the left wrist, and a fourth drilled the right leg. Two of them dropped from the wounded man's clothing as he was being undressed at the hospital.

The course of the bullets was so erratic and there was such doubt as to just which wounds were points of entrance, and which points of exit that the surgeons were uncertain whether he had been shot four five or six times, but their best belief tonight was six. The most dangerous wound is thought to be that through the lung. Septicæmia or pneumonia are the two secondary effects most feared.

The robust constitution of the patient bore him through the loss of blood and shock surprisingly well, and his first request to his physicians was that no alarming reports be given out. "My mother," he said, "is an old lady and the shock might kill her. I am young and strong; I may do well. Make the best of it and I'll try to."

January 31st., ends our great Clean-up sale. There only remains a few short days in which to benefit by the bargains offered. J. P. Crockett & Co., Montague. 1-25drf.

bear you out." The six shots broke the quiet of one of the most aristocratic neighborhoods of old-fashioned New York. The Princeton Club, formerly the home of the late Stanford White, fronts on Grammarcy Park, and Phillips was sauntering through the sunshine for an hour of leisure with his friends. A policeman on post stood not 100 yards away.

### THE YORK INSTITUTE.

Executive Institute of York met on Saturday the 21st of January. President in the chair. After the general business was over they decided to hold their annual supper on Feb. 8th. The Institute will meet on Friday evening, the 27th of January at 7.30 in Central Royalty school house, all are cordially invited to attend. Subject for discussion will be, "The Culture of Potatoes and other Roots." The following resolution was unanimously passed:—

Whereas, this Province is under great disadvantage on account of the high rates charged for transportation of passengers and freight. The same being greatly in excess of the rates provided by the Federal Government in all the other Provinces.

And whereas we pay our proportion to the general revenue, we consider we should be placed on an equal footing in this matter of transportation.

Therefore resolved, that no subsidy should be paid to any company, unless the passenger and freight rates be under the control of and fixed by the Government. Further resolved, that our Government boats, the Earl Grey and Minot, should be utilized during the summer months in carrying freight and passengers, instead of lying idle at our wharves at a large expense to the country. If this was done it would create a saving of about \$12,000 to \$15,000 a year to our taxpayers. Further resolved, that a line of

railway should be laid along our water front, to all our principal wharves in Charlottetown, as this would be a great advantage to our farmers in shipping produce, in the saving of truckage, and all wharves should be so available to the general public.

And further resolved, that this Institute approve of the efforts that have been made in this behalf, but would ask the Institutes of our Province to urge this matter on the representatives of both local and Federal Governments for the betterment of transportation between our Island and other provinces and we are of the opinion that the farmers of our Province would be benefitted in every way, and our natural advantages be fully realized.

And further resolved, that we request that our transportation be concentrated at the Capes by means of a car ferry, if for the summer season only, thus being in line for the tunnel.
