\$1.00 return fare. 1684-7-11-11.

SPEND YOUR HOLIDAY Wednesday afternoon at Saint Peters horse races. The best of the season. 1656-7-10-21

ALL ROADS LEAD TO Saint Peters Wednesday. Three good classes of evenly matched horses and great racing should result. 1656-7-10-21

IS ON TRIP—M. W. MacIntyre, Declaration Clerk of the Customs House, is spending his two weeks vacation in Prince Edward Island, for which place he left recently by motor. Halifax Chronicle.

PLAN TO SEE SAINT PETERS Bay horse races Wednesday afternoon. Take our word for it, the finishes will be close. The track is in apple pie order and the grounds clean and attractive. Come and bring your friends with you. 1656-7-10-21

TO BOSTON BY CAR—Miss Francis Munn, Miss Helen Terrell, Miss Marguerite Terrell, and Miss Margaret Cairns of Dunstaffnage, leave this morning by car for Boston, where the Misses Terrells will be met by their brother, Miss Munn will go on to New York to visit her sister, Dr. Charlotte Munn. The party expects to be away about three weeks.

LAD TO REST—The funeral of Mrs. Frank Bradley was held from her late residence, 186 Great George Street on Friday morning to St. Dunstan's Basilica, where a Requiem High Mass was celebrated by Rev. Louis Dougan. The pall bearers were Messrs. Thos. Malone, Ed. Acorn, Leslie Henry, J. J. Storey, Jas. Lapin and Moses Martin.

OXFORD CENTENARY—The Rev. E. M. Malone, M. A., Canon of St. Peter's Cathedral left yesterday morning for Woodside, Nova Scotia, where services will be held in St. Alban's Church during this week in connection with the celebration of the Oxford Centenary. Special services will be held in St. Peter's Cathedral Sunday next at 8 and 11 a. m., and 7 p. m. to which the public are invited.

POLICE COURT—At the Police Court yesterday morning a man charged with being drunk and disorderly was fined ten dollars and costs or in default of payment, sentenced to ten days in jail. A drunk and incapable had ten dollars bail extracted. Two men charged with being unlawfully in possession of stolen goods were remanded till Wednesday. A case of driving to the common danger was adjourned for one week. A man charged with keeping a vicious dog was fined five dollars and costs or ten days, and the dog was ordered destroyed. A case of indecent exposure was disposed of with a fine of thirty dollars.

AT ROTARY—At the Rotary luncheon yesterday the retiring President, Wilfred Boulter, official delegate to the Rotary International Convention at Boston, gave an interesting description of the great gathering, touching on its outstanding features and giving brief summaries of the principal addresses. Rotarian George Tweedy was in the chair. President G. F. Hutchison made a few remarks expressing appreciation of the honor conferred upon him by electing him as President. On motion it was decided that the Rotary Club unite with the Gyr Club in holding the boys' camp at Cane Cove this year, a sum of money not exceeding that given last year being voted. Rotarian Rev. M. C. MacDonald, of Estavan, Sask., was a guest today. The question of changing the hour of meeting was deferred for decision until later.

AT BELFAST—The Presbyterian of the P. E. I. Presbyterian Church held at the Belfast Church, last Thursday was unique, in that more W. M. S. Societies were represented, than on any such occasion for the last eight years. The number of Societies represented, being twenty-eight. The audiences were also the largest. Surely, Belfast was invaded last week, scores of the visitors having come for the first time, and were deeply impressed by the wonderful surroundings of the historical church, and also impressed by the amazing hospitality of the church people, of which their gifted, and devoted pastor spoke so effectively during his speech of welcome to the Presbyterian on behalf of his congregation. To all appearances, this church seems to be entering upon one of its most successful periods. One of the most pleasing incidents in connection with the Presbyterian of last Thursday at the Belfast Church, was the masterful rendering of a sacred solo by twelve year old Kenneth Griffiths, who is now home on vacation from the Huntingdon (Que.) Academy. Also the hearty manner in which the church choir joined with him in the rousing chorus at end of each verse. This young lad, possesses a voice of unusual quality, being clear, resonant, and flexible, and added to that a pleasant personality, which captivated the

Family Feud Has Sequel In Court
(Canadian Press)
LUNenburg, N. S., July 10.—An old family feud that flared last month among the hill people of Lunenburg County, scene of mysterious killings in the last few years, had a sequel in County Court today. Three Dorey brothers were sentenced for attacking three members of the Naus family, their traditional enemies.
They clashed on June 12 as two Naus boys and their father returned home from fighting a forest fire in the woods near their home at Newburne.
Ozon Naus suffered a fractured skull; his father had a serious eye injury, and John Naus also was wounded. Samuel Venot, who accompanied the Naus family, was cut about the face.
Today, Alexander Dorey was found guilty of four charges and sentenced to two years in penitentiary. Sampson and Murray Dorey were given terms of three months in jail.

RETAINS TITLE AFTER HARD FOUGHT MATCH
Helen Wills Moody Extended To Win By Young English Girl, Dorothy Round.
(By Harry Romer Associated Press Staff Writer)
WIMBLEDON, England, July 9.—Wimbledon had closed its annual tennis fortnight in a final blaze of British glory today with a Little English girl, Dorothy Round, forcing Helen Wills Moody to battle as she hadn't had to in years to win the Women's Singles Championships for the sixth time.
Mrs. Moody won, 6-4, 6-8, 6-3, but not until Miss Round had provided one of the greatest sensations of the two weeks of play by winning one set, something that hasn't happened to the American Queen on the courts in women's singles play in six years. On her way to the first title she won here in 1927, Mrs. Moody, then Helen Wills, dropped a set in an early round match to Gwyneth Sterry.

Western Can. Crop Report

WINNIPEG, Man., July 8.—The northerly grain growing areas of the Prairie Provinces are continuing to show excellent crop conditions. Recent rains have improved crop prospects in the central and southern areas, although these may be too late to entirely counteract previous drought damage. Local hail and grasshopper damage is noted but in the aggregate, conditions are good along our lines, according to the weekly crop report of the Department of Agriculture, Canadian National Railways.
In the Portage and Brandon divisions of Manitoba, the good rains received since the last report have much improved crop conditions. Grasshoppers have caused some damage in the Carman subdivision. Cutting is expected to start around August 1st under present weather conditions. From the Dauphin division come reports that from 30 percent to 50 percent of wheat is headed out and showing a stand of from eighteen to twenty two inches. All coarse grains are looking excellent. The Lammpan, River Hurst, Quappelle and Central Butte subdivisions in Saskatchewan have experienced good weather during the past week but considerable damage is reported from grasshoppers and some hail damage is noted. More moisture is needed. In the Prince Albert division, the most northerly crop producing area in Saskatchewan, prospects are generally good and growth has been rapid. Some hail damage is reported from the Padlock Wood subdivision and more rains are needed. In Central Alberta the weather for the period under review has been mostly warm and cloudy with several scattered showers which have been very beneficial to the late sown grains. Wheat averaged about ten inches and is in shot blade. Some crops are being ploughed under but it is expected fifty to eighty percent of a normal crop will be harvested. The Edmonton division reports all grains in need of more moisture but no damage from hail or pests. In the Peace River territory weather has been mostly cool and showery. Crops are in good condition, there is plenty of moisture, but more warm weather would be beneficial. There is very little change in the cattle market this week. There has been a fair sprinkling of dry fed cattle amongst receipts this week meeting a ready outlet at prices well in line with the previous week. The stocker and feeder trade is bad. The hog prospects are still unsettled.

Return Engagement Of The Popular Extravaganza "Whoopee" At Capitol

Judging by the attendance at the Capitol, "Whoopee", Eddie Cantor's best picture, has lost little of its first popularity. Although this is its third appearance at the local theatres, many picture fans will see it for the first time, and many others have already seen it, some probably twice, will see it again.
The same cast, colorful scenery, songs and laugh provoking scenes, are all in it as with its first appearance here.
It was the intention to play "Whoopee" at the Capitol for four weeks, but due to the many bookings in other places, it will only play three days. Wednesday will be the last appearance. So we advise you not to miss it.

Ingenious Plot In "Second Hand Wife"

SALLY EILERS GREAT IN LEADING ROLE
Played against a decidedly ingenious plot, "Second Hand Wife" romantic drama now playing at the Prince Edward Theatre pleased the large audiences yesterday.
Sally Eilers and Ralph Bellamy appear in the leading roles and both give admirable performances. Especially is this true of Miss Eilers, whose handling of a difficult part adds much to her already established fame.
She plays the role of a young office girl who falls in love with her rich married employer. There is, of course, a divorce, but they find themselves surrounded by obstacles that make serious threats on their happiness, but all ends happily.
Excellent short subjects, including a Radio Stars reel featuring that popular Radio performer "Little" Jack Little and several other famous radio stars. Don't fail to see this entertaining bill.

Montreal Dairy & Produce Market

(Canadian Press)
MONTREAL, July 9.—Spectacular rises in the pound sterling last week aided Canada's dairy export trade to the United Kingdom considerably, dealers announced here over the week-end. The advance of the pound above par proved particularly advantageous to cheese and egg exporters. Cheese export shipments to the United Kingdom last week totalled 26,665 boxes as against 17,865 boxes the previous week. Exports remained below last week's volume, however, the same week last year totalling 39,454 boxes. No definite figures were announced. Exports of cheese so far this year amounted to 113,465 boxes.
The butter market eased a quarter of a cent a pound during last week's trading on the Montreal dairy and produce market, closing the week at 20 to 20 1/2 cents a pound for No. 1 butter in carlots or less. Weekly receipts aggregated 23,553 boxes, more than 1,300 boxes more than a week ago.
Cheese prices formed a quarter of a cent a pound, Ontario cheese selling at the end of last week at 11 1/4 to 11 1/2 cents a pound with Quebec cheese half a cent under the Ontario levels. A total of 38,398 boxes of cheese was offered for sale during the week, as compared with 35,957 boxes the week previous.
The egg market eased half a cent towards the close of the week, selling at 20 cents a dozen for extras, 16 cents for firsts and 13 cents for seconds, for graded shipments in carlots or less. Arrivals were substantially lighter, 9,557 cases being received on the market. A week ago receipts totalled 12,032 cases.
With no potatoes from the Montreal district increasing, prices of old potatoes fell off accordingly. New Brunswick and Prince Edward Island green mountains sold at the end of the week for \$1.10 to \$1.15 per 80 pound bags, off 10 cents. New Quebec potatoes were generally quoted at \$1.60 to \$1.75 per bag.
Mistress—Mary, I saw a man kissing you at the back door last night. Was it the postman or the policeman?
Maid—Was it before 8 o'clock or after?

Vanguard Of Pressmen Arrive

MONCTON, July 9.—The gathering of press men, news photographers and other camera men who will "cover" the arrival of the Italian girl armada in Shediac Bay has commenced. Three of the vanguard have arrived in a speedy Cesna high-winged monoplane. The publicity men are Charles Stoffer, George Alexanderson and Joseph Gibson. They will participate in the great race which will commence with the arrival of the Italian squadron in Carwright and end at Shediac and they hope to score a "beat" on the newspaper and news reel men who are awaiting the arrival of General Balbo and his flyers in Carwright. They planned on bringing a Canadian Customs official from Saint John with them so that they could be cleared direct from Moncton as soon as they have secured their pictures of the Italian seaplanes alighting in the water of the Shediac Bay.

The Race to New York

Charles Stoffer, the last survivor of Dick Grace's famous squadron of death, sketched the race in Saint John today. Three seaplanes, he said, are already at Carwright, Labrador. All the planes are engaged by newspapers, picture services and news reel companies.
The race will be to get pictures of an event of international import—the flight of the Italian flyers—back to New York first.
At Carwright a troop of cameramen, flown there by the seaplanes, will shoot pictures and leave as soon as the Italians arrive. But their craft will have to follow the coast and refuel.
The big seaplane of Balbo's fleet have a greater cruising radius. They can travel from Carwright to Shediac as the crow flies.
Stoffer and two veteran cameramen who are with him hope that in their speedy craft, which can be steered up to 160 miles an hour, they can connect with Balbo at Shediac, take pictures, race back to New York and still beat out the seaplanes, which must follow a longer course.
The Cesna's tanks will carry just enough gas to get them to New York. Stoffer will not refuel on the way back, he said. At New York, motorcycle policemen will be waiting to take the films to telephoto and radiophoto stations, to moving picture studios, and to news agencies.
If the pictures arrive first they will be almost priceless.
Altogether, Stoffer said, motion picture interests and news services have spent more than \$10,000 in preparation to get the pictures to New York in the quickest possible time—each in the hope of beating the other. Before the pictures arrive, he expected the amount would pass \$20,000.

Others In Party

George Alexanderson Associated Press Photos, witnessed the crash of the blimp which had been dispatched to the Akron disaster scene, and gave a graphic account of it for his newspapers as well as furnishing pictures. He also reports The New York Times and

Wide World Photos

Of no less importance in the publicity world is Joseph Gibson, third member of the party, native of London, England, who enjoys an annual trip to Daytona Beach, Fla., where he "shoots" the automobile speed trials for Paramount newsreels.

URGES ADVERTISING FOR TRADE REVIVAL

LONDON, July 10.—Major J. J. Astor, M. P., chairman of the Times Publishing Co., speaking at a luncheon of the American Chamber of Commerce here, emphasized the importance of advertising at the present time to bring about a trade revival.

It is surely in times of slump, he said, that initiative is likely to achieve most and that wise preparation is likely to produce the greatest ultimate return. Much can be done by good and skillful advertising. Now is the time to advertise.

PUSVILLE WOMEN'S INSTITUTE

Seventeen ladies of the Pusville Institute met at the home of Mrs. Morin Gallant for their June meeting. There were fifteen visitors present. One new member enrolled. The roll call was answered by My Most Embarrassing Moment. Three fines were paid. School committee reported a French dictionary had been bought for the school also that sign board should be repainted. New committees appointed were: Slek, Mrs. Mosey Gallant and Mrs. Isadore Gallant. Program: Misses Emily and Louise Gallant, Mrs. Archie Gallant, kindly invited the club to her home for the next meeting on July 25th where the roll call will be answered by "Everyone coming dressed in old fashioned clothes." The members agreed to have a sale of ice cream at our next meeting. The meeting then adjourned by singing the National Anthem.

TRYING TO BEAT PEDALLING RECORD

MONTREAL, Que., July 10.—In an attempt to break all previous time records, two young Montrealers, Rene Gareau, 20 years, and John Griggs, 19 years, both Canadian National Telegraphs messenger boys, started pedalling their way from Montreal to Toronto on bicycles. The record established last year by a Toronto colleague, Claude Bissel, was 33 hours for the 340 miles covered from Toronto to Montreal. The two young Montrealers hoped to cover the distance westbound in less than thirty hours and planned to methodically keep their average speed at fifteen miles per hour.

DRY BEANS FOR CANNING

The southern section of the western part of Ontario devotes considerable acreage to the production of dry beans for canning purposes, the major producing areas being Essex-Kent, Huron, Egin-Oxford and Middlesex counties. Acreage for the province as a whole is estimated by the Fruit Branch of the Dominion Department of Agriculture at 37,735, or approximately 2 per cent higher than in 1932. No increases are reported in the Essex-Kent and Egin-Oxford districts, but the two other producing areas, Huron and Middlesex, have increased plantings.

STIFFNESS
Plenty of Minard's well rubbed in soon sets you right. Rubs the sore part with warm water before you sleep.
You'll soon remember!

MINARD'S "KING OF PAIN" LINIMENT

Had Salt Rheum for a Number of Years. Healed by Cuticura.
"For a number of years I was troubled with salt rheum which kept getting worse each winter. The breaking out was rough and scaly and then turned into large sore eruptions more like blisters. My skin was sore and awfully itchy and I scratched all the time which made the eruptions burn."
"I saw Cuticura Soap and Ointment advertised and decided to try them. After a few applications my face began to heal. I bought a cake of Soap and a box of Ointment and in a few weeks my face was healed."
(Signed) Mrs. Kenneth R. Hall, Kolling Dam, Charlotte Co., N. B.
Sole U.S. Distributors: Cuticura Sales Co., 286 St. Paul Street, W. Montreal.

Royal Family Receive Heirlooms

LONDON, July 10.—The estate of Lady Mountstephen, formerly of Montreal, widow of the Canadian railway builder, was probated today at roughly a million dollars. The gross value was \$1,992,778 and the net \$1,859,927.
Many of her art treasures were bequeathed by Lady Mountstephen to Queen Mary, an old friend. These included enamel portraits of Queen Anne and Charles I, and a miniature of Charles II, her collection of articles in gold and silver, pique and tortoiseshell, two diamond rings and an ivory bust of Queen Victoria.
She also left a collection of pomanders and a Worcester dessert service to the Princess Royal (Princess Mary) and directed that any letters from members of the royal family be returned to the senders. Numerous bequests to charities and told servants were also revealed in the will.
To Princess Alice, Countess of Athlone, Lady Mountstephen left a diamond brooch and her much cherished piece of the last spiki driven into the tracks of the Canadian Pacific Railway's first transcontinental line.
Lady Mountstephen died on May 1, a few days after she had been hostess to the Queen.

ANGLO-TIGNISH INSTITUTE

The last meeting of the Anglo-Tignish Institute was held at the home of Mrs. John Shea, on June twenty first with a large number of members and visitors present. The meeting was opened with the Ode followed by the roll call which was answered by "Whistling or Singing." The minutes of the last meeting were read, moved by Mrs. Clotus Gavin, seconded by Mrs. Frank Ready. It was decided that the school house be painted during the holiday and a committee was appointed to hire painters. The reports of the sick and school committees were taken and a new sick committee appointed. viz: Mrs. Joseph Shea and Mrs. Harold Shea. Roll call for next month is to be answered by writing Boston and spelling Bangor. After the reading of some letters received by the secretary for the Institute and the arranging for the district convention all joined in a game of whist. Refreshments were then served by the hostess assisted by her daughter, Miss Matilda Shea. The singing of the Island Hymn brought the meeting to a close.

large audience. It is understood that the music of his song was composed by his father, Rev. D. L. Griffiths, pastor of the church.

PERSONALS

Dr. J. B. Brown is in the city, the guest of Mr. and Mrs. D. J. MacDonald, 93 Weymouth Street.
Mr. Edward Brooks, of Boston, spent the week-end in the city, the guest of Mr. and Mrs. D. J. MacDonald, 93 Weymouth Street.
Mrs. David MacInnis, matron of Knox College, Toronto, is visiting relatives in this city, where she formerly resided.
Mrs. John F. Gordon, accompanied by her son, John, have arrived home after a delightful two months' motor trip through England and Scotland.
Rev. M. C. MacDonald, pastor of the United Church at Estavan, Sask., is visiting his mother, Mrs. Petr MacDonald, and his brother, Mr. D. D. MacDonald, at Rose Valley.
"Does your wife believe everything you tell her?"
"Does she? Why, she believes lots of things I'd never dream of telling her."

Business Moving Rapidly Forward

(By Hiram Hertel, Associated Press Financial Writer)
NEW YORK, July 10.—(A.P.)—The striking colors which in the industrial picture has taken on in the United States recently became even brighter during the past week as business moved forward with unprecedented rapidity.
Trade reports indicated that orders poured in from unexpected sources and for amounts unsurpassed for many a moon. A further reduction of unemployment was shown, accompanied in many cases by encouraging announcements of pay increases.
"It no longer is an opinion that business is on the upgrade, it is a fact," announces Dun & Bradstreet, Inc., which feels that the weekly increase in the back-log of unfilled orders is unquestioned proof of the permanency of the general improvement.
At the same time, confusion surrounding the future value of the United States dollar—in the wake of the administration's inflationary legislation—is prompting wholesalers as well as retailers to place orders with considerable caution.

TREADMILL DOG BUNS

40 MILES IN 6 HOURS
CAMBRIDGE, Mass., July 10 — Forty miles of running in six hours, with just one short halt for a drink of water, is a record set up by "Joe" a mongrel dog of large proportions, used in fatigue experiments at the Harvard University Business School laboratory.
And the peculiar part is that "Joe" loves his job. His job is running on an electrically driven treadmill while scientists study his food consumption, blood circulation, temperature, etc.
The second Joe is released from his cage, he emits a loud "woof" and makes a dash for the treadmill and keeps right on barking until someone turns on the current. Joe can run for hours without getting tired.
The scientific tests are made to determine the organic changes resulting in the body from fatigue and to learn the extent to which fat and sugar substances are used up from exercise.

STRAWBERRY BOXES
ONE HUNDRED THOUSAND just received regulation size (1 quart). Also PINT SIZE for SMALL FRUITS.
A very large crop of STRAWBERRIES are in view this season. Growers are advised to secure their supply early as there may be a scarcity before the end of the season.
