## ARCHBISHOP IMPROVES

(C. P. By Guardian's Special Wire)  
TORONTO, May 21—"Slightly  
better" was the hospital report to-  
night on the condition of Arch-  
bishop Neil McNeil head of the  
Roman Catholic Church in Tor-  
onto. The Archbishop, who is criti-  
cally ill, had a restless day but  
his condition is slightly better.

The prelate entered the hospital  
about a week ago when he under-  
went an operation.

## Accidents Take Heavy Toll in Maritimes.

(C. P. By Guardian's Special Wire)  
HALIFAX, May 21—Death struck  
swiftly at widely separated com-  
munities in the Maritime Provinces  
today, increasing to seven the num-  
ber of tragedies within the last 48  
hours. Of three men trapped in a  
flaming tenement house at Sydney,  
only one reached safety. Antonio  
Burrello, 40, dashed through a wall  
of flame to the fire escape on the  
third floor. He suffered severe  
burns before he reached the street  
but tonight doctors said he would  
recover.

His clothing aflame, Mariano  
Martinello leaped from a third-  
story window to the street 33 feet  
below. Half way down he bounced  
on telephone wires, then toppled  
earthward. He died in hospital a  
few hours later.

Felix Polino, 50, was burned  
beyond recognition when firemen  
found him lying across his blazing  
mattress on the second floor.

Down on the south shore of Nova  
Scotia tonight lobstermen were still  
searching for Harry Berge, 40, who  
was drowned after a dory capsized  
half a mile from White Point  
Beach. His dorymate, Albert Pay-  
zant, 20, swam the whole distance  
to the point. He said Berge was  
clinging to a barrel the last time  
he saw him on the rough sea.

At Alberton, Prince Edward Is-  
land, Mrs. Amelia McGrath was el-  
ectrocuted while operating a water  
pump in the home of her brother,  
Rev. Father Terence Campbell. The  
70-year old woman died 15 minutes  
after the accident, believed to have  
been caused by a short circuit.

Just before closing time the hand-  
carriage branch of the Royal  
Bank of Canada, Clifford B. Fair,  
24-year old teller, left his cage  
complaining of not feeling well.  
Seized with a heart attack he  
stumbled and fell as he entered the  
cloak room. He was dead when a  
messenger reached his side.

Mrs. O. W. Spencer, wife of the  
principal of New Glasgow High  
School, was instantly killed in a  
week-end automobile collision.  
Principal Spencer was jammed  
against the steering wheel of one  
of the cars but he and four others  
injured, including his son Aubrey,  
were reported as improved tonight.

At Kingsville, N. B., yesterday the  
parents of George Hayward, aged  
four, became anxious when he failed  
to come into the house for din-  
ner. Searching the vicinity of their  
home they found his body in the  
Saint John River not far from a  
hole in an old wharf through which  
ice was believed the child had fallen.

It was believed the child had fallen.

## VIOLENCE BREAKS OUT IN STRIKE

Policemen And Strik-  
ers Clash in Minne-  
apolis — Congress-  
man Arrested.

(A.P. By Guardian's Special Wire)  
MINNEAPOLIS, May 21—Strik-  
ing truckmen rioted today in the  
city market where more than two  
score of their number and police-  
men rioted and fought, and their  
blood as the city's streets were  
marked by the arrest of a Minne-  
sota Congressman, threatened to  
widen in scope.

The surging mass that teemed in  
the narrow district bristled with  
riot guns, clubs, sticks and knives  
as it surged through the streets  
marked by the arrest of a Minne-  
sota Congressman, threatened to  
widen in scope.

The result of the legislation, the  
Liberal leader predicted, would be  
to turn Canada into a checker-board  
of rules and regulations, establish-  
ing "self-interested organiza-  
tions" and designed to aid the few  
at the expense of the many.

It would be just as reasonable to  
empower the Knights of Columbus  
and the Orange Lodge to settle re-  
ligious questions, he maintained.

Once again the Liberal leader  
protested the bill would "divorce  
Parliament of its right" to regulate  
trade, Russia, he said, ignored par-  
liaments altogether. The Fascists in  
Italy and the Nazis in Germany  
and Austria clothed individuals and  
groups with law-making powers.  
The bill was in line with these  
European tendencies—to which he  
was opposed.

Parliament should retain its power,  
insisted Mr. King, telling gov-  
ernment supporters they should in-  
troduce separate legislation to as-  
sist industries.

## Liberal Leader Again Voices His Opposition To The Marketing Bill

Dubs Primary Producers "Self Interested Org-

Many." Is Charged With Playing Partisan  
Politics On Vitally Important Issue.

(C. P. By Guardian's Special Wire)  
OTTAWA, May 21—The govern-  
ment marketing bill ran into an-  
other snag today when Rt. Hon.  
Mackenzie King predicted it would  
turn Canada into a checker-board  
of rules and regulations, establish-  
ing "self-interested organiza-

at the expense of the many.

## JOHNSON REPLIES TO DARROW

N. R. A. Administrator  
Tells What Indus-

complished.

(By Richard L. Turner,  
Associated Press Staff Writer,  
By Guardian's Special Wire)  
WASHINGTON, May 21.—Hugh  
S. Johnson, National Recovery Ad-  
ministrator, tonight blasted the re-  
covery board over monopolistic  
trends in N. R. A. upon Clarence  
Darrow's "camp followers" rather  
than on that famed attorney and  
review board, which had scathingly  
criticized the recovery agency.

Johnson's statement was issued af-  
ter Darrow, also in a formal state-  
ment, had promised another report  
showing conditions much worse than  
those reported today.

## WORK OF RE-DARROW ORGANIZING ASSAILS RE- GOVT. PROCEEDS COVERT ACT

Capital Is Quiet As  
Cabinet Confers  
With King—Report  
of Macedonian  
Trouble Denied.

(By Wade Werner, Associated Press  
Foreign Staff)

SOFIA, Bulgaria, May 21—Prem-  
ier Kimo Tsouroueff and his  
small cabinet worked today on  
their plans for reorganizing the  
Bulgarian Government along "auth-  
oritative" lines. The cabinet called  
in a body on King Boris, whose  
decrees put the Fascist group into  
power after the bloodless military  
coup d'etat Saturday.

To emphasize the economy plank  
of their platform, most of the  
ministers refused motor transpor-  
tation and strolled through the  
streets to the palace for the meet-  
ing with the King. The city was  
quiet, and not one of the soldiers  
who occupied public buildings and  
guarded streets day before yester-  
day was in evidence. The Premier  
chuckled good naturedly as he  
greeted newspaper men and pho-  
tographers on his way to the pal-  
ace.

He avoided direct discussion of  
a report that the present small  
group in charge of the government  
will step aside as soon as it had  
completed its reorganization tasks.

"It is the intention," he said, "to  
give this country a strong, stable  
government," adding that the pur-  
pose of the coup d'etat was "not  
to change persons but to change  
the system."

The Foreign Office, meanwhile,  
refused to take seriously reports  
from outside the country that there  
had been disturbances in Macedo-  
nia as a result of the change in  
government. It was made plain that  
the "Zveno" non-partisan group in  
control is opposed to the Macedo-  
nian movement, and strong mea-  
sures, if necessary, were predicted.

## Relief Agreement Is Extended

(C. P. By Guardian's Special Wire)  
HALIFAX, May 21—Hon. W. A.  
Gordon, Federal Minister of Labor,  
telegraphed Premier Angus L. Mac-  
donald of Nova Scotia today that  
the Dominion Government propos-  
ed extending its 1933 direct relief  
agreement with the provinces  
through April and May. It expired  
March 31.

The Federal Government had  
hoped the necessity for its contribu-  
tions would have disappeared  
with the expiration of the agree-  
ment, the Minister said, but it had  
been decided later to pass an ex-  
tension bill. It was made plain in  
view of the provinces' request.

He added the hope that Nova  
Scotia had been able during the  
two-months period to "materially  
reduce the amount of direct re-  
lief."

Workers of the younger union  
were refused entry to the pit after  
the U. M. W. men, outnumbering  
them four to one in the Pictou coal  
field, had refused to work with them.  
Officials of the colliery found the 70  
A. M. W. men who offered for work  
would be unable to operate the mine.

As they returned home, 240 Uni-  
ted Mine Workers went below  
ground. Their numbers included 17  
former A. M. W. members who had  
signed cards entitling them to mem-  
bership in the union they left three  
years ago, when the A. M. W. was  
organized.

Officers of the A. M. W. entered  
the colliery yard today to urge the  
remaining members against joining  
the United Mine Workers. The of-  
ficers, Secretary-treasurer Bob Ste-  
wart and organizer Murdoch Wilson,  
were ordered from the property, and  
left peacefully.

The other two mines in the Pictou  
district, the Allan shaft at New  
Glasgow and the Vale Mine at Thor-  
burn, did not operate today. Uni-  
ted Mine Workers stood ready, how-  
ever, to refuse to work with the op-  
posing union men when the pits op-  
en later in the week.

They outnumbered their rivals in  
both collieries. In the whole dis-  
trict, there are about 1,000 U. M. W.  
supporters to 250 A. M. W. men, and  
it was the United Mine Workers who  
negotiated the wage agreement  
which enabled the pits to resume  
operations a week ago after a 10-  
weeks' wage deadlock.
