"RULER OF THE ROAD"
ASLEEP AT THE THROTTLE!

To be asleep at his Throttle is the unforgivable crime with a Railroad Engineer. One man so slept and a smash up was the result.
But—he had been on duty for eighteen hours, despite his protest.
Did the fact save him? It did not, he left cursing the iron heart of the big boss, and swearing that some day he would "make him pay."

NEW QUARANTINE OFFICE. The Secretary of the Civil Serv Commission, Ottawa, yesterday telegraphed to Mr. H. V. Burdett, President of the Board of Trade that Dr. Alexander Ross has been appointed Quarantine officer for Charlottetown and Port Borden in succession to the late Dr. Conroy. Dr. Ross, who saw service overseas, is to be heartily congratulated upon his appointment. The salary is \$1,500 per annum.

YEARLY REPORT.—The report of the Charlottetown Hospital, which has just come to hand, as usual contains substantial evidence of the work being so munificently carried on, with finished completeness, by the Sisters of Charity and staff of this old and supremely excellent institution. The untiring efforts of the Sisters throughout the year (the Hospital being filled to capacity most of the time) and particularly during the influenza epidemic was a source of wonderment to those intimately connected. The almost super-human endurance of the noble Sisters during all crises evoked highest commendation from all. During the year a new maternity department has been situated on the third floor of the Hospital, which has been furnished with appropriate excellence. A capable staff of nurses preside over this department and everything augurs well for its success. The St. Anthony's Villa on Dundas Esplanade is a recent acquisition to the Hospital property and is being used as a nurse's home. Following are the officers of the St. Charles Auxiliary Society for the ensuing year: Honorary President, Mrs. T. White; President—Mrs. W. A. McIntyre; Vice President—Mrs. John McAleer; Secretary, Mrs. A. F. Murphy. The statistics of the Hospital for 1918 are as follows: Patients admitted, 530. Operations, 240. Cured, 375. Improved, 103. Not treated, 39. Incurable, 15. Maternity, 14. Deaths, 33. Protestants, 47. Non paying patients, 130.

O's and men from the Drill Hall, Charlottetown, assisted by the Overseas Band of the 105th Battalion under the direction of Banc Master J. C. McFarlane. After Influenza

The Grip, Fevers, and Other Blood-Poisoning, Prostrating Diseases.
The best course of restorative treatment, purifying the blood, stimulating the liver, building up the whole system is:
Hood's Hood's Sarsaparilla the standard blood purifier before eating.
Hood's Pills (cathartic, mild and effective) as needed.
These two great medicines work in perfect harmony, improve appetite, aid digestion, relieve biliousness and constipation. They make convalescence real rapid and perfect. They are also of service in the prevention of disease and the preservation of health.
