That Car Of Yours

By WILLIAM ULLMAN
Heart-to-Heart Talks With Automobile Owners and Drivers on How to Get the Most Out of Their Cars at the Least Expense.

AVOID STRAINING OLD TIRES

Tires that have seen considerable service may be suitable for city driving where they are not submitted to great strains and stresses. However, if the car owner is contemplating a long trip, he should give the matter of tires careful attention. Old tires and long trips do not work well together. On the tour, travel is at a much more rapid pace than usually is the case. Under such conditions, the tires are subjected to great strains. It is better to replace one that is worn than to chance a blowout at high speed.

CHECK OVER SPARK PLUGS

If the motorist suspects one of the spark plugs of being cracked, here is a simple test that will determine the accuracy of his suspicion. Run the engine in the darkness. If the plug actually is cracked, inspection will reveal a line of light along the porcelain jacket. Because of the danger of carbon monoxide gas, it is better to take it out of the garage.

SEE THAT THE LOCKS LOCK

One of the locking devices that gets very little inspection on the average car is that on the wheel rim. Fairly exposed to the elements, these locks are subject to rust and, as a result, considerable wear. If inspection shows them to be faulty, it is wise to have them repaired at once or replaced. Few motorists give much thought to the real importance of these locks but they play an important though inconspicuous role in motoring safety.

WHEN MUD EATS OFF PAINT

Mud that stands for any time on the ordinary artillery type automobile wheel works havoc with the paint. Frequently, when the mud is washed off, it is found that very little of the paint is left. Repainting the wheels is a fairly simple job, for a slip of the brush is less noticeable here than anywhere else about the car. They should be repainted, for nothing so detracts from the car's general appearance as slovenly looking wheels. This is especially true now that body finishes

are so attractive and enduring.

STOPPING ON THE DOWNHILL

Bringing the car to a standstill on the downgrade is something of a diving feat (depending, of course, upon the steepness of the descent). Instead of forcing one brake to do all the work, the wise driver will use his car's service and parking brakes simultaneously, leaving the clutch engaged during the process. When one has underestimated the sharpness of the drop and is not familiar with the double de-clutching process, it is well to use this system in stopping the car.

GIVE CAR SPRINGS HELP

Motor car springs that have not been graphited in sometime undoubtedly are ready for the treatment again. Nothing helps the springs so much. Graphiting is better than treating the springs to an oil bath because the latter tends to destroy their frictional qualities for a while. Graphiting eliminates rust and the consequent likelihood that the spring will break. Nuts also disappear and this end along makes the process worth while to the thoughtful car owner.

PROTECT PISTON BUSHINGS

When inserting a connecting rod bushing and using a vise for the job, it is well to put some protective sheet metal between the jaws of the vise and the bushing to keep the softer metal from being moved. Flat, straight pieces of sheet brass or copper fit ideally in this particular case.

Peters Road And Vicinity

Ice conditions in and around Murray Harbor and adjacent coasts have prevented the Lobster fishermen from "running their lines" on the evening 26th. This occasions worry, extra work and expense in this important industry, making it bad for all concerned. This season is not the only exception to the conditions cited. Is not the date set by the authorities a little premature to coincide with the existing powers of the "Weather man"?

Mrs. A. M. Johnston, who has been spending the winter months in Halifax N. S., with her son-in-law and daughter, Mr. and Mrs. Hugh MacPhee, has returned to her home at Peters Road.

Miss Bernice Macdonald, Peters Rd., has temporarily left this community for an extended visit to relatives and friends in different parts of the Eastern States. This is a holiday well merited by Miss Macdonald, and her many friends wish her a pleasant time.

Mr. Edward Munn has been engaged in re-modeling and otherwise adding improvements to the residence of Mr. Joseph G. Jenkins.

The potato people of Kings County are indeed grateful for the Federal grant requisite for the erection of a Frost-proof warehouse at Georgetown. People of all shades of politics should commend Senator Hughes and Hon. J. A. Macdonald for extra efforts in this and other projects obtained under difficulties.

—VISITING PASTOR.—Rev. M. Scott Fulton, occupied the pulpit of the Presbyterian Church, at both services on Sunday, large congregations were present, the sermons were forceful and very impressive. H.

—CURLING CLUB.—The Summerside Curling Club have purchased the large warehouse of Mr. John T. Waite on St. Stephen Street, formerly the old Curling Rink. This building is 170 x 63 feet and the Curling Club will spend \$2,000 in having it put in condition for an up-to-date curling rink.

—POLICE COURT.—An assault case between two farmers from the west, was to have been tried before the Chief Magistrate at Summerside on Saturday last, but friends got the matter settled out of court, the defendant agreeing to pay costs which amounted in the vicinity of \$30. H.

—CONVENTIONS.—Special attention is drawn to the advertisements in this issue for Conventions of the Liberal Conservative electors of the Third and Fifth districts to be held in the Civic Building, Summerside, Thursday, May 5th to choose candidates for both these ridings. Active interest is now being taken by both sides in the Election Campaign and it will be to the benefit of all Conservatives to take hold of this campaign at once. 5197-4-30-21

PERSONALS

—Mr. J. W. Waugh, druggist, Alberton, was a recent visitor to Summerside. H.

—Messrs. Cornelius and Wilfred McDonald, Portage, were in town on Saturday. H.

—Messrs. Henry Brown, Peters Coughlin and George Coughlin, of Lot 11 were among the farmers who were here on Saturday. H.

Many huge piles of blocks from the Circular Saw have been split into sizeable material for the Kitchen Range. Wood-splitters require brains and energy in this herculean work, and of our respectability that some of our residents were up against it, in the partition of twisty, gnarly blocks, more suitable for Cart-wheel hubs, which should have remained in the forest fastness of Glen William—the land of their birth.

IN MEMORIAM

JOHN JAMES SHAW

The death occurred in this city on Saturday night, of Mr. John James Shaw, aged 28 years. He had been ill for the past three years, and during that time was able to work at his trade of painter, only at intervals. Since the middle of last summer he was totally incapacitated from work.

He leaves to mourn a widow, nee Bertha Mrs. Duncan, daughter of Mr. and Mrs. Ollie Duncan, and four children, John James, Florence, Edna and Marion. Three others died when quite young.

The deceased was a man of excellent character, and a faithful and competent workman. Much sympathy will be extended to the bereaved widow and family in their great sorrow.

The funeral will be held at 8.45 this morning, from the residence of Mr. Duncan, Euston Street, to St. Dunstan's Cathedral, and thence to the Roman Catholic Cemetery.

CATHERINE MAY STEWART

The death occurred at her home, 111 Pownall Street, in this city, about 1 o'clock Sunday morning of Catherine May Stewart, daughter of Mr. James A. Stewart.

Although Miss Stewart has not enjoyed very robust health for some years past, she was able to be about as usual last week, and was down town on Wednesday. On Friday morning she took to her bed, but her illness did not appear very serious and the end came very suddenly, causing a great shock to the members of her family.

Miss Stewart by her splendid qualities of mind and heart, endearing herself to all who knew her, and her passing will be learned with deep regret by a wide circle of friends. She was a member of the Central Christian Church, was for a number of years a teacher in the Sabbath School, and always prominently identified with the various religious activities of the congregation.

She leaves to fondly cherish her memory besides her father and one sister, Miss Bertie of Charlottetown, one brother, Frank R. Stewart in Calgary, and two sisters, Maude, wife of H. A. Webster, Red Willow, Alberta, and Miss Marion Stewart, teacher, in Wrentham, Alberta.

She will be laid to rest this afternoon in the People's Cemetery. After a short private service at the home the funeral will leave at 1.45 for the Central Christian Church, where services will be conducted at 2 p. m. by Rev. Dr. Genge in the absence of the regular pastor, Rev. Neil Herman.

MRS. MALCOLM MacNEILL

Mrs. Malcolm MacNeill of Long Creek passed away at her home on April 7th, in the fifty-seventh year of her age. She was a daughter of the late Mr. and Mrs. Neil MacPhee of Cumberland. In 1897 she married Mr. MacNeill who preceded her five years.

She leaves to mourn two sisters, Mrs. J. H. Robbins of Morell, P. E. I., and Mrs. Wallace MacLean of Rice Point and four brothers, Neil MacPhee of Washington, Bowale of Calgary, Hugh of New Dominion, P. E. I., and Dan on the old homestead. She leaves, also a daughter Anna Grace and two sons Malcolm and Raymond who were with her and tenderly ministered to her during her illness.

The late Mrs. MacNeill was a good woman, a kind and helpful neighbor, a loyal friend, a tender wife and mother. In the community, she will be very much missed as an active member in the Woman's Institute and as a worker in the churches. In the home she was all that a wife and mother could be, and of her we say in truth: "Her children arise up and call her blessed, her husband also and he praiseth her." The funeral services were held in her home on Saturday, conducted by Rev. E. M. Aitken assisted by Rev. W. R. MacWalker. Mr. MacWalker preached the sermon from the text, "He giveth his beloved sleep." In the course of his remarks he made reference to the exemplary Christian life of the departed, her patience in suffering and her resignation in the presence of death, showing that the Christ had given her grace to say: "Oh Death, where is thy sting? Oh Grave, where is thy victory?"

Mrs. MacNeill was a member of the Presbyterian Church and after death was ever ready to assist in any good work that was being forward, irrespective of the religious denomination promoting the movement.

The pall bearers were: Messrs

Hugh MacKenzie, Hugh MacPhee, Hector MacLean, Robert Currie, Allison MacMillan and Alexander MacPhee. The body was laid to rest in the Baptist cemetery there to await the resurrection of the just.

Livestock Market

(Canadian Press)

MONTREAL, May 2.—Dominion livestock branch report cattle receipts 572, with a light run and keen demand prices on all grades of cattle were stronger. A few head of good steers were sold for \$9.00 and several car lots of just medium good kinds brought \$8.75 and the common light steers were sold for \$9.00. Good cows were from \$6.75 to \$7.00, very plain common cows were \$5.00 or better. Bulls were from \$4.75 to \$7.50 according to quality and weight.

Quotations, butcher steers, choice good \$8.75 to \$9.00; medium \$7.75 to \$8.50; common, \$6.75 to \$7.50. Butcher heifers good \$8.50 to \$9.00; medium \$7.00 to \$8.00; common \$6.00 to \$7.00. Butcher cows, good \$6.50 to \$7.00. Medium \$5.00 to \$6.00; canners \$2.50 to \$3.50; cutter \$5.75 to \$4.50. Butcher bulls good \$6.50 to \$7.00; common \$4.75 to \$5.75.

Calf receipts 626. One carload good veals were sold for \$7.00 and one or two small lots picked out brought \$7.25. Straight lots ordinary quality calves brought from \$6.00 to \$6.25 and common calves \$5.50 to \$6.25.

Quotations, good veal \$7.00 to \$7.25; medium \$6.00 to 6.25; common \$5.25 to \$5.50.

Sheep receipts 62. Sheep sold from \$5.00 to \$7.50 per hundred-weight, spring lambs \$6.00 to \$9.00 each. Quotations, ewes \$5.00 to \$8.00.

Hog receipts, 1,282. All hogs were sold to local butchers at \$10.75 to \$11.00 with the bulk of sales \$10.75 and one small lot up to \$11.25. Bulk of sows were bought to be shipped out packers quoting \$7.50 on sows.

Noted Veterinary In Fox Industry

(Kitchener-Waterloo Record)
One of the most significant developments in the fox and fur industry of Western Ontario took place this week when Dr. W. G. Church, V. S., who has been the chief fur sam inspector for Canada under the department of livestock at Ottawa, became affiliated with the Kitchener Fox Farms, which are owned by W. O. Thompson Limited, to be engaged in the capacity of general supervisor.

Dr. Church had held his governmental position ever since silver black foxes have been raised under government supervision. To have a man of the calibre of Dr. Church become attached locally is a significant factor to fur interests in this district and distinctly complimentary to Kitchener and to the ranch with which he is becoming associated. He is looked upon as one of the most competent men in the fox and fur industry. Several years ago, Dr. Church made the statement that fox furs could be grown as well in Western Ontario as in any other part of the Dominion.

If you wrap a piece of ice in a Blanket

it will melt too slowly to preserve your food. For the ice must be exposed and melt in order to keep the refrigerator sufficiently cool.

It's the same with soap! It must dissolve from the bar before it can do its work.

The hard, common kinds of soap take their own time about dissolving.

But Sunlight dissolves freely, so it isn't necessary to leave it in the water. In fact it's wasteful to do so.

Just swish the bar around a little and right away you have plenty of bubbly, lasting suds—even with hard water!

Sunlight, being all pure soap, not only dissolves quickly, but works faster and does not hurt either hands or finest fabrics.

The \$5,000 Sunlight Guarantee

means Absolute Purity, Kindness to your Hands, Longer Life for your Clothes

LEVER BROTHERS LIMITED TORONTO

Thompson is president of the company, which is capitalized at \$200,000, while G. F. Whitney has received the vice presidency.

Another change which has taken place in the ownership of the Kitchener Fox Farms is that control has been consolidated from the private interests of O. W. Thompson, into the company of O. W. Thompson Limited. In order that the limited company will be able to carry on the fox business while its charter allows it only to deal in automobiles and motors, supplementary letters patent have been applied for. This action will widen the scope of the company to that of the fox industry. O. W. Thompson is president of the company, which is capitalized at \$200,000, while G. F. Whitney has received the vice presidency.

Come to the Carleton!

It offers you the friendliest service, the finest food, the cosiest rooms in Halifax. The most modern, the most fire-proof hotel in the City. 50 steps from the centre of the business district, within 5 minutes walk of the main points of interest and improvement, but free from the uproar of trams and cars. 90 rooms, single and en suite, with and without baths.
