

NEWFOUNDLAND TOO SENDS GOOD NEWS

Of the great work Dodd's Kidney Pills are doing.

J. C. Green, a sufferer from Rheumatism and Lumbago for five years, finds quick relief and complete cure in Dodd's Kidney Pills.

Clam Bank Cove, Bay St. George, Nfld., Nov. 24. Newfoundland contributes its share of the splendid cures made by Dodd's Kidney Pills. There is a striking example at this place. Mr. J. C. Green, a well known resident, suffered from Rheumatism and Lumbago for five years. Today he is a well man, and does not hesitate to give Dodd's Kidney Pills all the credit for the cure.

"My trouble was caused by strain and cold," Mr. Green says, in telling his story. "And for five years I suffered from Rheumatism and Lumbago. I was always tired and nervous. My sleep was broken and unrefreshing and the pains of neuralgia added to my distress.

"I was in very bad shape indeed when I started to use Dodd's Kidney Pills, but they soon gave me relief. It is because I found a cure in Dodd's Kidney Pills that I recommend them to my friends."

Dodd's Kidney Pills always cure Kidney ills no matter where it is found or in what stage it is in.

LORD'S DAY ALLIANCE

Continued from page 9 increasing sympathy of the labor unions is also hopeful.

A good deal of time has been spent in arousing public opinion to the importance of the Lord's Day as an asset in National Life by public address, the press and seeking the cooperation of public associations whose aims are at one with us in this respect. With respect to the infractions of the Sunday laws, conciliation has at all times been employed in preference to an appeal to the law and through this means many factories and others who were contravening the law have ceased from operating on the Lord's Day and have at the same time become warm friends of the Association.

During the past year there have been no formal complaints made to the provincial or federal officers which indicates a very gratifying respect for the Lord's Day in the Province. We rejoice in this good observation.

vance of the day and hope it may continue to be an example in this day of lax tendencies with respect to the Lord's Day.

A number of the branches have been active and alert and owing to their watchfulness have been able to prevent much desecration of the day. With the spread throughout our land of the knowledge of the beauty and charm of Prince Edward Island as a summer resort, there have been drawn to the Island tourists from all parts. Many of these bring with them the idea of the Lord's Day as being a day set apart merely for recreation and pleasure, rather than a day of quiet restfulness and worship, and this has entailed special work in the way of special pleasure parties, dinners, etc., thereby depriving many who serve of their needed rest and privilege of worship. We would urge upon all our people the duty of safeguarding this day for all those who contribute to our enjoyment and comfort and by some self denial give to those who contribute to our pleasure during the week the minimum of work on this day.

We would recommend that definite and clear instruction as to the value of the Lord's Day be given to our children in the Sunday Schools and to our people in the churches and that every effort be made to revive interest in this most important question.

We would most heartily recommend that the Lord's Day Alliance should receive the hearty support of Christian congregations, labor unions and all citizens who seek to defend the Lord's Day against the forces which encroach upon it, and both by kindly words and financial help render every possible aid to this work.

We would recommend in every case where an infraction of the law has taken place that the General Secretary or the Provincial Secretary be communicated with, giving full information. Such information may be sent with every confidence that under no circumstances will the name be known to any one save the officers of the Alliance.

CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this Province.

John J. McDonald and Bernard McKenna, Tracadie, were in the city yesterday.

With college cries and songs there will be no dull moments between acts "At Yale", Tuesday night Nov. 28th.

All are cordially invited to the twelve o'clock dance in A. O. H. Hall on Monday night, Nov. 27th, instead of Tuesday night.

Today's Guardian contains sixteen pages of assorted reading matter including a sermon, Sunday School lesson and an illustrated article on the newly elected Borden Cabinet.

M. F. Macklin, St. John, who has been in this city and other commercial centres in this Province on a business trip, left yesterday afternoon for Summerside, en route to St. John.

Dr. H. D. Johnston, City, Vice-President of the Canadian Amateur Athletic Union has gone to Toronto to attend the annual meeting of that organization which takes place today. A number of important matters will come up for consideration at this meeting, including affiliation with the British Athletic Union.

At the last P. W. C. debate the subject was: Resolved, that capital punishment should be abolished. The speakers on the affirmative were, Harold Raynor, Gordon McGougan, Miss Marion Newbury, and Harry Balderston. Those on the negative side were, Chas. McLeod, Ken. Martin, Miss Luelle Bassisto, and Jack McLeod. The resolution was lost by a large vote. Victor Saunders acted as critic.

John S. Stewart, Cross Roads, Lot 48, has started a very promising fox ranch. He had the good fortune to capture a black fox and has purchased a pure white one from Ruben Chappel, Brimstone Hollow. It is a very rare occurrence to get so valuable an animal and his friends wish him every success as he has an ideal den to raise these valuable animals in. He purchased the fence for his ranch from Mr. Robertson of Alexandra. The fence is four and a half feet under ground and is seven and a half feet high. It encloses what was formerly known as Oat Grove and it covers about three acres of ground. The correspondent writing says that if more people in this province would keep more of the young people here and would be a benefit all around.

A correspondent writes the Wesleyan: On the Tryon circuit the interest in the different departments of the work is well sustained. The congregations at all the appointments are large and attentive, and the pastor is much encouraged. During the summer months the people of Desable and Hampton appointment gathered, adults and children, regularly in the sessions of their well organized Methodist Sunday School. The success of the school this season was assured by the efficient staff of officers and teachers, and the hearty cooperation of the people, in their deep and united interest. The public Rally Day exercises held in the church at Desable, in connection with this school were greatly enjoyed, and were a profit to the large number assembled. This school has in view for its next season's operations, the purchase of a suitable library, for which purpose the amount of \$28.00 is now on hand. It is also considering a Christmas Tree.

The Red Cross Liner Stephano which arrived in this port on Thursday afternoon sailed yesterday afternoon for St. John's Nfld., after loading a large general cargo for Buntain & Bell and Carvell Bros for that port. The Stephano is practically a new ship having been built only five months ago. She is a ship of 2,200 tons, with a length of 350 feet and depth of 24 feet. She has a speed of 14 knots. She has accommodations for about 200 first-class passengers and between three and four hundred passengers altogether. The saloon accommodations are splendid and compare favorably with the best ever seen here. For the carrying of freight she is also admirably suited, her spacious hold being laid out for an enormous quantity may be stowed into it, there being considerable space also on deck which may be utilized for cargo when necessary. The steamer has an up-to-date equipment, including wireless telegraph, submarine bells, and noiseless winches aft. From here she goes to St. John's Nfld., thence to Halifax, and New York and will make a couple of trips later to the West Indies. After that she proceeds to St. John's to fit out for sealing. Captain Clark her commander, is the Commodore Captain of the fleet. He was formerly of the Rosalind, a steamer well known at this port. During the summer months the Stephano is engaged in the passenger trade between New York, Halifax and St. John's, Nfld.

The death occurred at Cherry Valley on the 6th inst of heart failure of Miss Jane Janette Irving, daughter of the late Job Irving in the 61st year of her age leaving a large circle of friends and relatives to mourn their loss. The deceased was a well educated and highly intelligent lady whose place cannot be easily filled in the community. She received her early education at Prince of Wales College, Charlottetown, after which she taught school for a number of years and as an instructor of youth had few equals in her chosen profession. Owing to her kind and sympathetic nature, her deep sincerity, her deep devotion to duty and her religious zeal, she became a general favorite in her social intercourse with all classes in whatever sphere she moved. Those who braved the bad weather last night and attended the People's Theatre, were amply repaid for so doing for the program was certainly excellent. The Vitagraph Comedy and return of Widow Ferguson's Husband, brought many of the favorite performers to the fore and the fun it produced was prima facie evidence of the fact that a "Laugh is worth a thousand groans in any market." For the sake of His Tribe—a Pathe American production—was grand in detail, splendid in photography and held the audience spell bound until the finish. Her Gypsy Rival another story of intense interest, was a completion of the trio and Senorita Fernando's songs were well received. The hall was comfortable, the order and the music excellent—thus proving that the place of popular favor to spend an evening in The People's Theatre.

MORE HONORS FOR CANADIANS

NEW YORK, N. Y., Nov. 23.—Two more international military competitions drew enormous throngs of spectators to the Horse Show last night. The largest crowds it was said ever seen about the tan bark. The Dutch army team now handily in the event for the American Cup, defeating the picked military mounts and officers of Great Britain, Canada and the United States. Canada won second place and the United States third. The winning horse was Black Paddy owned and ridden by Baron H. F. M. Van-Voorst-Tot-Voorst of the Royal Dutch Hussars. Drenth owned and ridden by Major C. F. Van-Strawberien Royal Dragons was second. The international jumping competition of the night session, in which sixty-eight officers and their horses competed for the Canadian Challenge Cup offered by Hon. Adam Beck, was won by the Canadian horse Ironsides ridden by Lieut. W. P. Sifton. The Dutch entry was second and the Belgian third, with the United States fourth. Ironsides was one of the few horses to make a clean score in the general competition and the only one to show superior form in the final. St. Allan Case of Toronto, riding May-Fair was thrown at the first fence, but was unhurt. He remounted and took the last fence from a start of only thirty feet.
