A SPORTY individual suggests to the Guardian that if the track record at the Driving Park is to be lowered a good way to do so would be by letting the lions loose just after the horses are given the world "go."

It has been intimated to the Guardian that the temperature of some of the rooms in West Kent Street School yesterday was about fifty-six degrees. This is too low a temperature in which to try to force the young idea to shoot.

THE S. S. A. W. Perry arrived yesterday morning with a general cargo. Among the passengers sailing by the steamer in the afternoon were J. C. Rand, Miss M. McKenna, H. G. Kitchen, and family, Mrs. Ida McLeod, Miss I. M. Donald, Miss A. McDonald. There was a large outward cargo.

CORRESPONDENTS should remember that to ensure early appearance of correspondence all matter sent in should be put down as much as possible. Every attention is paid to correspondence but it is impossible to get everything in as written, especially when as of late many communications are being received each day.

THE S. S. BONAVISTA arrived here Monday from Montreal at 10 a. m. and sailed at 10 o'clock yesterday morning for St. John's Newfoundland, via Sydney and North Sydney, C. B. She had a very large cargo in and her outward consisted of 470 bags oats, 500 bbls vegetables, 200 bags vegetables, 200 crates apples and vegetables, 600 boxes cheese, 320 pkgs. butter, etc. under deck and 108 head cattle, 160 sheep and 2 horses on deck.

A VERY pretty wedding took place Sunday afternoon at the Bridge St. Church Springfield Mass, when Miss H. Brace Mann, was united in marriage to Mr. S. Wayne Brown, of Vermont. The bride was attended by her sister Miss Lucy Mann and Miss May E. Root of Northampton, while Mr. Belgh Knowlton of Springfield supported the groom. The happy pair left on the late train for Montreal. They will make their future home in Springfield.

It is rather a pity that some provision has not been made for the better lighting by night of the thoroughfares leading to the Exhibition Grounds. The addition of three or four lamps along Fitzroy and Kent Streets would provide ample illumination and save drivers of teams a lot of worry as well as make the way much pleasanter for pedestrians. It is not yet too late probably to make this suggested improvement. The putting up of the extra lamps should not be difficult or require much time. A good deal of remark is being made of the present condition of affairs.

THE Guardian Correspondent from the East writes—Beautiful hot weather gives the farmers an opportunity to complete their harvesting operations. The season is the latest for years, and the crop the poorest.—But little fishing for the last month. A few hake and herring are now off Souris and George LaPiere has hooked about ten bbls of mackerel at Basin Head. They are of the largest size; small catches have also been made of South Lake. Misses Lulu Rose and Mildred Morrow left for Boston a few days ago.—John Alex. Stewart returned much refreshed after a week's sojourn among his native fields and ocean air. He was accompanied by Stanley Stewart.

Oysters served at all hours on the hal shell, stewed or fried at Florida Hotel Pownal, W. Brown. 9-20dimpd

JUST WHERE THE DANGER LIES. In many catarrh snuffs, cocaine is the largely used ingredient. In consequence the drug habit may be formed. To be really cured of catarrh, to do so quickly, safely and pleasantly, doctors say Catarrh-zone is superior to any other remedy. It heals sore places, stops discharge, prevents hacking, spitting and bad breath—does this by first destroying the cause of the disease. Catarrh-zone is no experiment, it is a tried and proven cure that is guaranteed for bronchial throat, nose and lung catarrh. Two sizes, 25c and \$1.00 at all dealers.

Want Anything in the Drug Line? Will be glad to have you call. Right on your way out to the Exhibition. Kent Street, Corner of Prince.

WE BOUGHT the autumn samples of the best ladies' tailors in the Dominion, Messrs. J. H. Waldman & Co., of Montreal at practically our own price, hence the sensational saving chance we are able to offer you to-day.

We cannot recommend too strongly the merits of this line. From every point of view the most exacting tests reveal no weakness. They are new, thoroughly stylish, and a trial on a score of ladies exhibited to us their faultless fit. The fabrics are mostly chevions, tweeds, panamas and the like, and some are colored, but the majority black. They are all good autumn weights and as we have said the cheapest in the lot is worth \$4.00 any time and anywhere.

But see them—when you see them, you will think more of them than we do, if possible.
