REBUILDING AFTER FIRE.—Fire investigators have completed their inspection of the gutted premises of M. P. Hogan's Sons, Lower Great George Street and the damaged machinery of the plant is being removed. It is planned to begin rebuilding operations at once.

AGED LADY MAKES TRIP.—Mrs. Robert Taper a lady 88 years of age made the round trip from Granville to Charlottetown Sunday in a car, coming in the morning and returning in the evening on a visit her grandson Mr. Elmer Taper who is seriously ill. This is some achievement for a lady of eighty-eight.

LINED UP WITH WANDERERS.—In the football on Saturday between the Wanderers and Dalhousie, the former team made several changes in their line-up. Fred Ellis and "Red" Campbell two sterling back-field players were right on the job. "Red", Mr. Thomson Campbell, grandson of Mr. and Mrs. J. L. Thomson of this city was one of the Wanderers star players, but is now attached to the C. P. R. staff in Quebec and was in Halifax on his holidays when the game was called. The boys are pulling all wires possible to get Mr. Campbell transferred back to Halifax.

POLICE COURT—Twenty eight property appeal cases were heard by the Magistrate yesterday morning. A few reductions were made but in most cases the valuator's figures were allowed to stand. The appeals were in connection with new buildings or property which had recently changed ownership. There was only one Police Court case—one drunk whose \$20 bail bond was exonerated.

GOVERNMENT STEAMERS.—The C. G. S. Arammore leaves today at noon with supplies to the Belle Isle lights. The C. G. S. Picton, was out yesterday on the North Shore putting the bell buoys back into position after the storm. It was remarkable that none of the buoys were lost in the gale or had any chains broken.

RUSTICO LIGHTS.—Returning from investigating the damage to the Rustico light houses Mr. W. H. Prowse, superintendent of lights, reports that the approaches to both back ranges were completely washed away. One of the back lights was carried across the harbor and landed on the shore. The front light of the front range was moved so much out of position that it had to be further moved and is being made into a back range. Temporary lights are now being put in position and permanent repair work will be completed before next spring.

Mrs. Everett Anderson of South Boston who took ill while here is now completely recovered after an operation for appendicitis at the P. E. L. Hospital. Mrs. Anderson speaks in highest praise of the kindness she received from the Matron and Nurses and the many friends who sent her flowers, etc., during her illness. Mrs. Anderson is visiting her sister Mrs. Farquharson of St. Andrews for a few weeks before returning home.

is the stepping stone to progress and prosperity. You, as parents, know this and send your children to school that they may not be handicapped in future years.

But do you know that about seven out of every ten school-children in this country have defective eyes?

Do you know that defective eyes are frequently the cause of poor school work, even though the child is naturally bright?

Have your child's eyes examined now and know what their condition is—do not guess.

FROM NEWFOUNDLAND—Mr. J. C. Moore, a representative of the newly organized Newfoundland Power and Paper Company, is on a two weeks' visit to the Island in connection with the purchase of horses. The company capitalized in England, is planning the building of an enormous power plant at Deer Lake and a factory and town at Corner Brook. Within two years they plan to begin manufacturing paper at the rate of four hundred tons per day. The building operations will include the cutting of an eight mile canal from Grand Lake to Deer Lake. Work has already begun on both ends of the canal. About five thousand men are employed at the present time by the company. The town around the proposed factory at Corner Brook will take seven or eight years to build up. Mr. Moore informs the Guardian that there has been no trouble in securing men for construction work. Owing to the failure of the Newfoundland fisheries this year there are many fishermen out of work. Mr. Moore who is staying at the Revere Hotel is accompanied by his wife, who joined him here after spending the winter in Ontario. He is looking into the prices of supplies as well as horses, and if these are favorable there may be big opportunities for the sale of potatoes and other island produce.

Here's a popular way to serve Kellogg's Bran—greatest health food!

Most every one who realizes how effective Kellogg's Bran is for the permanent relief of constipation has their own particular way of serving this wonderful cereal. Most families eat it as a cereal with milk or cream. Others sprinkle it on their favorite hot or cold cereal. Every one enjoys its nut-like flavor! If you are cooking a hot cereal try this method:—Measure off two table-spoons for each member of the family. Mix it with the cereal and cook as you always cook the cereal. Kellogg's Bran is scientifically prepared and ready to eat, but its regulatory powers are in no way impaired if you cook it with other cereals. Kellogg's Bran has won the friendly recommendation of physicians because it does give prompt and permanent relief from mild or chronic constipation and because it can be eaten without forming a habit. Again, Kellogg's Bran will free you from drastic, dangerous cathartics. When constipation conditions exist in your system or when you are threatened, do not take half-way measures. Foods with a partial bran content cannot free you! What you must have is Kellogg's Bran because it is ALL BRAN! Go the limit; get relief! Every member of your family will delight in eating Bran raisin bread, muffins, pancakes, macaroons, etc. Recipes on every package. Start eating Bran to-day! Get well—keep well—keep disease out of your home! First-class hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers.
