Found a Friend in Dr. Chase

His Medicines Proven Effective, and Always Kept at Hand in this Home.

Mrs. Chas. Lovell, Agassiz, B. C., writes: "I feel it my duty to tell you what a great friend Dr. Chase's medicines have been to myself and family. I cannot praise his medicines too highly, and Dr. Chase's name is a household word in our home. Well, quite a number of years ago I sent to you for a sample box of Dr. Chase's Ointment for protruding piles, and, having ment for protruding piles, and, having used the sample and found relief, I sent to a neighboring town for four boxes, and I am completely cured."

A COMFORTING FACT.

God's love is the same in the bright ness and when the brightness fades into gloom. It is the same in joy, and when the joy turns to grief. It is the same when blessings are given, and when the blessings are recalled. It does not seem so to us; we easily believe that while God showers favors upon us he loves us; but when he gives sorrow, we almost feel that he does not love us as before. Yet it may be that there are even richer blessings in the things which make us grieve than in those which give us gladness. We know at least that the same love sends both. That should be comfort for us. It is always love that comes from God, in whatever form or guise it comes. We need never doubt that this is true.

"So, day by day and step by step, sustain thy failing strength; From strength to strength, indeed, go on through all the journey's length. God bids thee tarry now and then, and forbear the weak complaint; God's leisure brings the weary rest, and cordial gives the faint; God bids thee labor, and the place is thick with thorn and briar; But he will share the hardest task, until he calls thee higher. So take each disappointment, friend, 'tis at thy Lord's command! Shall God's appointment seem less good than what thyself had planned?"

BAPTIST WOMEN'S MISSIONARY UNION

MIDDLETON, Oct. 17.—The annual meeting of the United Baptist Women's Missionary Union opened her yesterday morning. There is a large gathering of enthusiastic delegates from all over the Maritime Provinces. After the meeting was organized, Mrs. F. S. Messinger, gave an address of welcome to which Mrs. H. B. Smith, responded.

Miss Slipp, Miss Wadman and Mrs. Pearson reported the condition of the organizations in New Brunswick and Prince Edward Island and Nova Scotia, respectively. Mrs. I. W. Porter gave the Home Mission report. At the afternoon session a very able address was given by the president, Mrs. D. Hutchinson, who reviewed the work of the past year both at home and in the foreign mission fields in which the union is interested. Reports of the recording secretary, corresponding secretary, mission band treasurer and general treasurer were submitted. These showed the receipts for home missions to be over \$400 below estimate and for foreign mission \$1,000 above estimates.

Earnest addresses were given by Miss Good on her work in Burma and Miss Gaunce on her work in India. Mrs. Perry conveyed the greetings of the local women's missionary organization of the Presbyterian church and Miss Wiswall of the local Methodist organization.

Continuing the report of the United Baptist Women's Missionary Union the Wednesday evening session was occupied with the addresses of Mrs. W. E. McIntyre, Mrs. A. S. Lewis, Mrs. Rust and Rev. Dr. Sanford. At the Thursday evening session, a number of reports were received and an instructive address given by Mrs. L. M. Gregg, on mission study for the young. Officers were also elected as follows:— Hon. President—Mrs. J. W. Manning. President—Mrs. D. Hutchinson. Vice-President for N. S.—Mrs. L. M. Gregg. Vice-President for N. B.—Mrs. W. G. Clarke. Vice-President for P. E. Island—Mrs. C. S. McLearn. Recording Secretary—Miss Clara Fullerton. Corresponding Secretary—Mrs. C. H. Martel. Assistant Corresponding Secretary—Mrs. J. R. Richards. Mission Band Treasurer—Miss Gelpie.

At the Thursday afternoon session other reports were received, there was singing by the Middleton Mission band, Mrs. D. H. Simpson taught a lesson and Mrs. McPherson led a consecration service. At the Thursday evening session Mrs. Thomas Hill spoke on Mission work in Congo and Mrs. Dr. Smith on work in China. Short addresses were also given by Mrs. J. C. Hardy, Miss Cora Elliott, Miss Gaunce, and Miss Mabel Archibald, missionaries on furlough.

With the usual resolutions passed the convention closed. This was considered one of the best conventions yet held by the Union and was the largest in many years.

LONDON SCOTTISH REGIMENT SALUTES BELGIAN COLONEL WITH ARM IN SLING.

LONDON, Oct. 16.—A picturesque incident illustrative of London in war time, occurred on Victoria street. With bagpipes playing martial airs, a company of the London Scottish Regiment was marching toward the nearby barracks when their captain spied among the crowds on the sidewalk a little Belgian colonel of cavalry in gold lace uniform, but with his left arm in a sling. He was gazing with eager curiosity upon the brawny lads in kilts. The captain promptly saluted the Belgian and then gave the command: "Eyes right," whereupon the company passed before the little colonel as if he was their reviewing officer. The compliment brought tears to the colonel's eyes. He stood rigidly absolutely until the last of the column had gone by.

NAVAL ACTIVITY NOTED TODAY IN THE NORTH SEA

Blockade of Belgian Ports if Taken by Germans Seems Probable

MOVE PORTUGUESE TROOPS

Transports and Escorts Being Provided—Whole Situation Much Improved

LONDON, Oct. 17.—Interest is again centring here on the reported movements of a number of vessels of the Allied fleets in the North Sea, and particularly in the Channel. The Admiralty is not making public any of the reported naval movements, but it is understood that a number of warships have been seen off Dunkirk, conveying transports, and, farther to the south, vessels are reported nearing Portugal.

British transports have been reported in Portuguese waters for several days. Presumably they were despatched there in anticipation of the necessity for utilisation of Portuguese troops. These transports, under convoy of British warships, can be used at once if Portugal formally determines to lend the aid of her troops to subdue the revolt in South Africa.

Portuguese troops—if they are sent—would skirt the Cape of Good Hope and land at Lorenzo Marques, in Portuguese East Africa, according to the belief of military experts here. There are splendid facilities there for quick transportation of forces into the northern portion of the South African Union.

Blockade Belgian Ports. But the reports of division of part of the Allied fleet heretofore blockading off Heligoland have had another effect—and that is to reassure the public that any German cross-channel attempts from the seaports which they are now approaching, or perhaps may have occupied, are likely to prove abortive. The menace of German aerial raids, however, is not destroyed by such a cordon of battleships.

British Forces at Dunkirk. The Official Press Bureau had no news today of the conflict in Belgium. It was certain, however, that the Allies' base has been moved to Dunkirk. This is a strongly fortified city. But there is no indication that the British forces intend permitting a siege of that city. Dunkirk's main advantage lies in offering a base through which speedy communication may be had and reinforcements hurried. So far there has been no menace of the German advance against Dunkirk.

WAR PRICES IN CANADA.

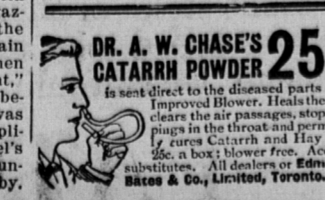

The effects of two months of the world's war on Canadian prices are summed up in a rise of the Labour Department's index number from 125.5 as calculated at the end of July to 140.7 as worked out at the end of September. These numbers are percentages of the general level of prices in the decade 1890-1899 and are based on quotations from 272 articles scattered over the whole field of production and consumption.

Most of the rise took place during the three weeks following the declaration of war. In fact the last half of September saw a general steadiness and even a tendency to decline in important articles like grains and cattle. Though a rise of 5 points in the Departmental index number is very marked it is not without precedent. Canadian prices during the trade boom of 1912 went up at intervals with almost equal rapidity, and the readjustment of prices at the close of 1911 sent the index number up 4 points in a single month.

It has also to be remembered that several articles which have contributed very materially to sending the index number up during the last month are not of first importance in consumption. For example, cream of tartar, antimony, and quicksilver have all more than doubled, while a number of other secondary commodities (alcohol, solder, sulphur, etc.) went up by 20, 30 and 40 per cent. Tin and rubber went up very rapidly in August, but declined practically just as fast in September. Flour is perhaps the most important food stuff that has shown a tendency to decline. A full analysis of the prices movement by groups of commodities is appearing in the current issue of the Labour Gazette.

Retail prices, of which the Department is receiving quotations for over 300 articles in every town of 10,000 and upwards in Canada, have been on the whole steady in September after the first upward movement following the war. In flour and sugar further advances occurred in most of the cities, but in other commodities prices were quiet. Rent was downward in some fifteen localities throughout the Dominion.

It is interesting to note that in England the Economist's index number went up 6 per cent, during August, the rise being greatest in foodstuffs and least in minerals, while the Statist's index number went up from \$2 at the end of July to \$7 at the end of August. Bradstreet's index number for the United States went up 12 per cent. in August, but has eased off slightly since. The crest of the high prices wave seems to have come about two or three weeks after the declaration of war.

IN MEMORIAM

MRS ELWYN JOHNSTON.

On Friday, Oct. 9th, George E. McKay, Found's Mills, received the sad news of the death of his only sister, Mrs. Elwyn Johnston, at Farnham, Que., at the early age of thirty years. The deceased was formerly Elizabeth Bell McKay, and married Mr. Johnston six years ago. Those who have known her since childhood can, in a measure, estimate her true worth. Possessed of an amiable, kindly and cheerful disposition, she was a favorite with all who knew her.

Previous to her marriage she had lived for some years in Manchester, N. H., making her home with her aunt, Mrs. Smart, who was with her during her illness and death. Her people and many friends had hoped to see her again on a visit to the old home at Wignore Road, but
