## Devilset Sold To Bangor Stables

### P. E. Island Bred Trotter Formerly Owned By Dr. J. S. Jenkins Sold For \$3,500.

WOODSTOCK, N. B., July 11.—Devilset, the Prince Edward Island bred trotter, which was bought by F. O. Simonson, of Limestone, Me., 15 months ago, passed into the ownership of John E. Kelley, of Bangor, Me., yesterday, the price being \$3,500.

This was the only sale of note on an off-day for the Maine and New Brunswick circuit campaigners, the stables being idle when the Woodstock Driving Club's midsummer carnival was set ahead a day because of rain this morning. These wet days usually provide some sales and similar transactions, but the only other transaction today was one involving Johnny Miles, 2.15 1-4, another provincial bred trotter, which was transferred by his owner, Dr. J. O. Calkin, of Sackville, N. B., from the stable of Driver Mont Gerow to that of Driver Jack Kingsley.

While Devilset has a new owner he remains for the present at least in the stable of John Willard, the veteran Preaque Isle trainer, who made a trip from Aroostook to Prince Edward Island in the middle of the winter before last to give the young trotter his O.K. before Mr. Simonson paid for him. That Mr. Simonson lost nothing through his ownership of Devilset is evident when it is recalled that he bought him for \$1,800, whereas he has now sold him at \$3,500. Negotiations in the transaction have been under way since last Sunday when Mr. Kelley was in Boston enroute to North Carolina, but the transaction remained unclosed until yesterday afternoon when Charles E. Cone, of Calais, Me., acting for Mr. Kelley, closed the deal and forthwith will start Devilset in the 2.20 trot, instead of the 2.15 trot in which his former owner had determined to race him here.

The transfer of Johnny Miles to the Kingsley stables is the result of Driver Gerow having two horses in the same trotting class, Igo and Johnny Miles. Mr. Gerow owns a half interest in Igo and when Dr. Calkin wasn't exactly satisfied with his trotter's performance at Houlton he decided to make a change in drivers and management. In the Kingsley stable Johnny Miles is expected to show his best form. At Houlton he had some new rigging on and was pacing when he should have been trotting. Last Fall Dr. Calkin refused an offer of \$2,500 for his trotter. He is to be given a little tuning up by Driver Kingsley tomorrow and will make his first start

under new conditions in the 2.15 trot on Friday.

Aside from these two transactions yesterday was a dull day.

Horsemen gathered here from all over the east and were disappointed because there was no racing. Heavy rains this morning caused a postponement until tomorrow, the whole racing program being set ahead one day. There was a renewal of special attention on the opening days racing in overnight pools tonight, but it didn't change the line-up of favorites. Capt. Leggett remains the favorite in the Junior Free-for-all and Eula H., another of the Keys' stables entries, stands as favorite in the 2.18 pace with Warren the Great and Peter Patch second choices and Igo and Edna Kiyu as joint favorites in the 2.20 trot. This leaves the 2.15 pace, the 2.22 pace and the 2.15 trot for Friday with the attempt by Bert Abbe, 1.59 1-4, to break the track record of 2.06 3-4.

## TENNIS

Twelve tennis players from the Charlottetown Club spent a most delightful afternoon at Summerside on Wednesday last, the guests of the Summerside tennis club. It was the first of the season of what is hoped will be a series of tournaments between these clubs. A large gallery of fans witnessed some hard fought sets, particularly in mixed and men's doubles. The majority of events were won by Charlottetown who seemed to get off to a better start. Towards the latter part of the afternoon Summerside gathered strength and were frequent winners. Hostilities will be resumed at Charlottetown on Saturday next, when some of the losers on Wednesday will seek revenge for their defeat and on the 24th inst. Charlottetown will again invade Summerside.

Dennis Ryan, stellar track performer, and one of the best half milers in Eastern Canada, has decided to enter in the 1-4 mile and 1-2 mile runs at the annual Highland Games, which are to be held in Antigonish on July 16th and 17th.

"Dinny" will run under the colors of the Abegweit Athletic Association, and it is a safe bet that he will give a brilliant account of himself.

## Cauliflower and Cabbage Grades

### RECOMMENDATIONS BY THE FRUIT BRANCH

The public demand for uniform, graded, sound, mature products in standard attractive containers, is each year becoming more apparent. Such products are given preference on the market and command the highest price.

With the endorsement of vegetable growers and distributors, grades have been established under the provisions of the Root Vegetables Act for potatoes, onions, turnips and celery. Requests are being made for grades for other kinds of vegetables and particularly for cabbage and cauliflower. It has been decided, however, to introduce the latter for the time being as recommended grades, thereby permitting growers and distributors to try the grades out before including them in the regulations.

During the season of 1929-30 where sales are made as of No. 1 and No. 2 quality, the following standards should apply, and upon request by shippers or receivers inspection will be made on this basis.

**CAULIFLOWER**

No. 1 shall consist of neatly trimmed compact heads of cauliflower which are not discolored, ricey, fuzzy or overmature; which are free from damage caused by dirt or other foreign matter, bruises, insects, disease, mechanical or other means. Attached leaves shall be fresh and green.

No. 2 shall consist of heads of cauliflower which are free from serious damage caused by overmaturity, discoloration, dirt, or other foreign matter, bruises, disease, insects or mechanical or other means.

In order to allow for variations incident to proper grading and handling in each of the above grades, not more than 10% of any lot by count may be below the requirements of the grade, but not to exceed one half of this tolerance shall be allowed for any one defect.

No. 3 shall consist of heads of cauliflower which do not meet the requirements of the foregoing grades.

**DEFINITION OF TERMS**

"Compact" means that the flower clusters are closely united and the heads feel solid.

"Discoloration" means that the head is of some abnormal color.

"Ricey" means that the stems of the flower clusters have started to elongate, causing the clusters to separate and give the head a loose or open and sometimes a granular appearance.

"Fuzzy" means that the stems of the individual flower buds throughout the head have begun to elongate,

## All-Stars Trim The Rovers 11-4

"Revenge is sweet, said the All-Stars," and then proceeded to decisively trounce the Rovers last evening in a City League ball fixture by a one-sided score of 11 runs to 4.

Last evening's game, although somewhat on the high side of the count, was punctuated with brilliant fielding and a lot of hard hitting, especially by the Stars, who garnered nine hits in the seven innings of baseball.

Tom McFarlane, slabbing for the All-Stars worked heads-up and pretty, and this supplemented by almost airtight support of his team-mates, made the going look wide and handsome to the fourth, not a single hit was registered against McFarlane, and not a runner crossed the plate in front of him. The score up till then stood 7 to nil in favor of the Stars, who were batting like Trojans and fielding just as sweet. However, there's always a slip 'twixt cup and lip. Rovers came to bat in the fifth and with two down, started a rally to count four times before they were stopped; even at that McFarlane pitched himself out of a nasty hole. From then on to the darkness

than 1-5 of this tolerance, or 2%, may be affected with decay.

No. 2 shall consist of heads of cabbage which do not meet the requirements of the foregoing grade.

**DEFINITION OF TERMS**

"Similar type" means that the lot must be of the pointed, flat, savory or red type as the case may be.

"Reasonably firm" means that the heads yield slightly to pressure, but are not soft.

"Well trimmed" means that all outer leaves injured by worm disease or other means are removed and the stem no longer than 1/2 inch.

"Seed stems" means heads which have seed stalks showing or where the formation of the seed stalk is plainly indicated.

"Free from damage" means that the heads shall not be injured to an extent readily apparent upon examination.

### CONTAINERS

Crates of the following inside dimensions are recommended as suitable for cabbage:

Width	Depth	Length
15"	15"	27"
13"	17"	26 1/2"
17"	19 1/4"	26 1/2"

### CAULIFLOWER

No. 1 shall consist of neatly trimmed compact heads of cauliflower which are not discolored, ricey, fuzzy or overmature; which are free from damage caused by dirt or other foreign matter, bruises, insects, disease, mechanical or other means. Attached leaves shall be fresh and green.

No. 2 shall consist of heads of cauliflower which are free from serious damage caused by overmaturity, discoloration, dirt, or other foreign matter, bruises, disease, insects or mechanical or other means.

In order to allow for variations incident to proper grading and handling in each of the above grades, not more than 10% of any lot by count may be below the requirements of the grade, but not to exceed one half of this tolerance shall be allowed for any one defect.

No. 3 shall consist of heads of cauliflower which do not meet the requirements of the foregoing grades.

**DEFINITION OF TERMS**

"Compact" means that the flower clusters are closely united and the heads feel solid.

"Discoloration" means that the head is of some abnormal color.

"Ricey" means that the stems of the flower clusters have started to elongate, causing the clusters to separate and give the head a loose or open and sometimes a granular appearance.

"Fuzzy" means that the stems of the individual flower buds throughout the head have begun to elongate,

**CABBAGE**

No. 1 shall consist of heads of cabbage which are of similar type, reasonably firm and well trimmed; not withered or burst; free from soft rot and seed stems, and free from damage caused by discoloration, freezing, disease, insects or mechanical or other means.

In order to allow for variations incident to proper grading and handling, not more than 10% by weight of any lot may be below the requirements of the grade, but not more

call in the seventh, the Stars were never threatened, and put the game on ice in the sixth by adding three more runs.

McFarlane was nicked for two hits and McNeill, nine.

A few features of the game was the brilliant fielding of McCabe and Cronin and the infield work of Blanchard and McInnis. McCabe's running catch of McKenzle's high fly and Blanchard's stab of Power's liner were exceptional.

The Lineups.

Stars—Francis, catcher; McFarlane, pitcher; McCarty, 1st base; McDonald, 2nd base; Ryan, 3rd base; Bolger, short stop; Diamond, right field; Power, centre field; McCabe, left field.

Rovers—Murley, catcher; McNeill and McKenzle, pitchers; Blanchard, 1st base; Williams, 2nd base; Whalen 3rd base; McInnis, short stop; McKenzle, right field; Doyle, centre field; Cronin, left field.

Umpires—Dougan, behind the plate Gordon and S. Diamond on the bases.

### GREENAN—MCKENNA

St. Malachais' Church, Kinkora, was the scene of a very pretty wedding Wednesday morning, July 3rd, at six o'clock, when Miss Anna Madeine, only daughter of Mr. and Mrs. James R. Greenan, of Newton, Td, became the bride of Mr. Joseph McKenna, of the C. P. R., Maple Creek, Sask.

A large number of friends of the bride party were at the church and as the bride, (who is a graduate nurse from the City Hospital, Charlottetown) entered on the arm of her father, who gave her in marriage, a wedding march was played by Mrs. Peter McMahon, who also presided at the organ during the service.

The wedding ceremony was performed by Rev. M. J. Smith, who also celebrated the Nuptial Mass.

The bride was prettily gowned in a dress of chateau georgette with Queen Anne lace trimmings and hat of blue silk hair braided and rhinestones and carried a shower bouquet of carnations with maiden hair fern. The bridesmaid, Miss Florence Power of Emerald, was becomingly attired in a Persian gown of maize georgette with yellow picture hat and carried a bouquet of white tea roses. The groom was ably supported by his brother, Mr. John McKenna of New York.

After the ceremony a sumptuous wedding breakfast was served at the home of the bride at which were present the following honored guests: Rev. M. J. Smith, Miss Robertson of St. John, N. B.; Miss Pearl McKenna, R. N. Detroit, Mich.; and Mr. Wallace McKenna of Detroit, Mich., besides other relatives and friends.

After breakfast the happy couple

giving the surface of the head a velvety or hairy appearance. "Overmature" means a stage of growth which is beyond that of a compact properly developed head. An overmature head usually is loose, ricey, or fuzzy.

"Free from damage" means that the head is not injured to an extent readily apparent upon examination.

"Free from serious damage" means that any injury from the causes mentioned does not affect the edible quality of the head.

**CONTAINERS**

Crates of the following inside dimensions are recommended as suitable for cauliflower:

Depth	Width	Length
8 1/2"	18"	22" (Pony)
13"	15"	22"
20"	10"	22"

The above grades have been drafted in a tentative form only, and any changes and additions as may be indicated by experience should be addressed to the Fruit Commissioner, Ottawa. All such communications will be thoroughly appreciated.

G. E. McIntosh, Commissioner.

## King's County Ball League Is Organized

A large and representative meeting of the ball players of Kings County was held at the Yorstom House, Georgetown, on Monday, July 8th, for the purpose of organizing a King's County Baseball League. Representatives were present from Montague, Souris, Murray River, and Georgetown, and if the enthusiasm shown by the several delegates can be taken as a good omen, then the King's County baseball league is sure to be a success. Mr. Clements, the well known and popular sportsman of Montague has donated a cup to be awarded to the winning team. This most generous effort on the part of Mr. Clements will be a boon to athletics in King's County and will provide the necessary stimulus for as high a standard of baseball as is now shown by the other counties.

The officials for the league are as follows:

Honorary President, R. K. Clements, Montague.

Vice President, Art McCallum, Souris.

Secretary, Philip Doyle, Georgetown.

Executive, R. Moade, Montague; C. Horton, Murray River; W. Chaverie, Souris; J. McConnell, Georgetown.

The schedule of games now being prepared will appear at a later date and it is the sincere hope of the sponsors of this league that the fans of the different centres will lend their whole hearted support towards the success of the league.

motored to Borden, where they crossed by the Car Ferry to Tormentine for their future home in Maple Creek, Sask., visiting several American and Canadian cities enroute.

The groom's gift to the bride was a diamond bracelet, and aqua manne pendant, to bridesmaid a beautiful ring and to groomsmen a set of gold cuff links.

A few evenings previous to her

marriage, the bride was tendered a shower by her friends when she received many presents, which consisted of cheques, valuable pieces of silver and linen.

The bride was one of Kinkora's most popular young ladies. Having graduated from the City Hospital and received her diploma, she practised her profession for a number of years in St. John, N. B.

Mr. McKenna is an employee of the C. P. R. in Maple Creek.

The bride's going away costume was of neptune green silk crepe with which she wore a green sudeine coat. Her hat was a stylish tailored model of lido sand; sand shoes, stockings, gloves and hand bag completed her travelling attire.

Their many friends throughout the province join in hearty felicitations.

Messrs. Earl Greenan, Geo. D. Green-

## Westville And Abbies Tonight

### Bang-Up Game Expected When Pick Of City Meets One Of Best Teams In Maritimes.

Dr. F. C. Dougan, Manager of the Abegweit ball team, received a wire last night from Alex. Muirhead, manager of the Westville aggregation, stating that his team would arrive by Hochelaga at noon today and would be ready to hook up with the Abegweits at 6 o'clock this evening. This should be good news to local ball fans who are anxious to witness the pick of the city against the Nova Scotia ball tossers, who by the way are reputed to be one of the fastest nines in the Maritime Provinces this year.

It will be remembered that only on July 1st last the Abegweits played this club in Westville and were beaten by only one run, and this in the ninth after a very tough break. Therefore the locals will tender a

tonight packed with confidence and determination to take the Westville boys into camp.

It may also be interesting to note that the visitors are playing two or three American college men on their lineup tonight, including one of the best catchers ever to be seen in action in these provinces by the sea.

This team is coming here at considerable expense to the Abegweit Club; it is therefore hoped that the attendance tonight should be the thousand mark.

The following players are expected to be on hand at 6 o'clock.

Francis, McFarlane, Cart Conners, McNeill, Ayers, McC Williams, McDonald, McInnis, W en, McEachern, McCabe, Doyle, Kenzie, Cronin, Bolger.

an and John McKenna accompany them as far as Boston.

**VACANCIES FILLED**

SAULT STE. MARIE, July 11.—The school board filled the nine vacancies on the teaching staff of public schools with local teachers for the first time in the history of the city. The engaging of teachers was a plank in the platform of five women members of the board who were elected when the members resigned following refusal of the ratepayers to support a sch extension by-law.

A new electrically operated automatic device places coal in a recess heater when needed, shakes grate, removes the ashes and adjusts the dampers.
