### THE EASTERN GUARDIAN

...IT PAYS to buy in this Province.

...A number of Masons from Montague attended the Grand Lodge in Charlottetown on Wednesday, June 25. The majority went in autos.

...CORRECTION.—In the Public School certificate examination which appeared in Thursday's Guardian, St. Peter's South school, appeared Lyman Anderson, this should read Lyman MacEwen.

...SCHOOL CLOSING.—The pupils of the Montague school are now taking their grading examinations. On Monday, June 30, the closing exercises will be held, when all interested will be present, to see the result of the work of the past year.

...A NEW DANCE HALL has started on the farm of Mrs. Chas. Stewart, Valleyfield East. Mrs. Stewart and her son Earl intend holding a dance twice a week. No doubt the new hall will be a very lively place for the young couples of Montague. 6611-6-27M2pd.

#### B. C. MURDERER CAUGHT AFTER 13 YEARS HUNT.

VICTORIA, B.C., June 25.—A special despatch to the Victoria Citizen from Hazelton says that George M. Beirnes delivered up to provincial constable Kelly in Hazelton jail, Simon Gunanot, against whom there are two charges—the murder of Alexander McIntosh and Max Leclair on June 19, 1906. Stewart Henderson, of Victoria has been engaged on the defence and on his arrival at Hazelton today he and Mr. Beirnes made a short trip

...TWO CENTS PER WORD each insertion for advertising in this column. Cash must accompany order minimum charge twenty-five cents.

...OBSERVE EARLY CLOSING.—The stores in Montague close for the summer months at 6 o'clock, standard time, thus giving the clerks a few hours' recreation after almost a year both day and evening work. T

into the woods where Gunanot was camped and came back to Hazelton bringing him with them. For thirteen years, Gunanot with a price on his head, has evaded the pursuit of the provincial constables and in the wilds of Northern British Columbia, has not only effectually hidden himself, but has prospered. For the first few years after his sudden flight following the murder, party after party of police tried in vain to penetrate the country where he was supposed to be. The chase as well as efforts to negotiate with the Indians for his capture failed.

Almost as us they were. Oh, never in my worst dreams—and I've had many a bad one since then—have I seen a more dreadful sight than that they came at us out of the dark like fiends from another world, like the

#### SIZE DIDN'T COUNT

Tommy Kehoe, a sixteen-year-old English boy, tells back his first hunt. "Not a hundred feet away they were when our lads were jumping to the parapets to meet them with their bayonets. I made a leap for the top of the ladder, grabbed at it, missed and slipped back. Somebody reached out a hand and pulled me up. I had got him! In the stomach! 'Twas lucky for me there was no time to think over it or to stand there gapping at him—the dead Hun hanging over my gun with his masked head almost touching me—for it was horrible. For a second or two I turned dizzy and sick. But it was fight again or die. I jerked my rifle back and stumbled over the dead man as he flopped to the ground. "Make for their stomachs, Tommy Kehoe! Make for their stomachs!" I told myself. "Size don't count."

pictures I've seen of men from Mars, for their heads were covered with the most evil looking masks that anybody could imagine, masks with huge round eyes and long, pig-like snouts. Shells were bursting above them, machine guns were tearing through their ranks and their masks were white and ghastly in the light of the rockets. Many a time I had thought of what war would be like, but never had I thought I should look on such a sight as that. "Fight or die, Tommy Kehoe! Fight or die!"

That's what I told myself as I crouched in front of the sand bags, with my bayonet ready for them. Whopping big men they were, head and shoulders above me. But as I waited there a thought flashed through me of the Bantam regiment, little fellows scarcely bigger than I, who had made good against even those giant Prussians. Size didn't count behind a bayonet. It was quickness that counted. I was sure of it. If it didn't, then it was all over with me.

Even then, when they were almost up to us, how the guns were mowing them down! It looked as if none could be left in a moment or two. But those that didn't fall came on like madmen and poured through the lanes where the big guns had leveled our wires.

One—he was a six-footer if he was an inch—ran straight for me with his bayonet. I crouched and thrust at him—thrust upward. His bayonet went over my shoulder. He staggered and fell over my gun. I had got him! I had got him! In the stomach!

"Twas lucky for me there was no time to think over it or to stand there gapping at him—the dead Hun hanging over my gun with his masked head almost touching me—for it was horrible. For a second or two I turned dizzy and sick. But it was fight again or die. I jerked my rifle back and stumbled over the dead man as he flopped to the ground.

"Make for their stomachs, Tommy Kehoe! Make for their stomachs!" I told myself. "Size don't count."

## Spring Fever —What Is It?

THREE o'clock in the afternoon — and absolutely no "pep." You call it spring fever, but is it?

When you are constipated waste matter remains in the intestines, decays, forms poisons which are absorbed into your blood and carried by it to every cell in your body. When your cells are thus poisoned, of course you have no "pep."

Pills, salts, mineral waters, castor oil, etc., merely force the bowels to act, and make constipation and self-poisoning a habit. Nujol is entirely different from drugs as it does not force or irritate the bowels.

Nujol prevents stagnation by softening the food waste and encouraging the intestinal muscles to act naturally, thus removing the cause of constipation and self-poisoning. It is absolutely harmless and pleasant to take.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle of Nujol from your druggist today and watch your "pep" come back.

**Warning:** Nujol is sold in sealed bottles bearing the Nujol Trade Mark. All druggists. Insist on Nujol. You may suffer from substitutes.

## The High Cost of a Cheap Tube

A TUBE is costly when it ruins a good tire by not holding air pressure. Unless the tube, by holding air properly, gives the casing sufficient support, the tire will soon be ruined. You can't afford to risk a high-priced casing for a few dollars "saved" on a cheap tube.

Suppose you have a 33x4 casing which cost you \$43.25. A Goodyear Tube will cost you \$6.50. Probably you can buy a cheap tube for \$4.00. But when that cheap tube has reduced your casing mileage by 15% or 20% it has become a mighty expensive tube—about \$12.00 expensive.

Goodyear Tubes are built to make tires go farther. They are made by an expensive process—built up from many thin sheets of fine, flawless rubber; especially elastic, with a cross grain that combats splitting when punctured. Because of this process and quality material they hold air longer. Goodyear Tubes cost more to make. They cost you more. But they go farther and help tires go farther. Motorists buy more Goodyear Tubes than any other brand.

For even greater tube service, there is the Goodyear Heavy Tourist—extra thick and extra good—a tube which gives extra value, extra tire miles—for a slight extra cost.

When you buy tubes, say "Goodyear"—distinctly. And if you buy the Heavy Tourist see that you get the handy waterproof bag it comes in. Box, bag and tube are stamped "Heavy Tourist."
