MANSLAUGHTER CASE SENT UP TO SUP. COURT

Evidence Heard At Preliminary Hearing Yesterday.

(Special to the Guardian)
At the conclusion of the preliminary hearing yesterday at the Court House, Summerside, against William D. Clark, charged with manslaughter, in connection with the accident near Summerside on the night of October 21st, which resulted in the death of Charles Waugh, Magistrate Ernest H. Strong found that there was sufficient evidence to send the accused up for trial at the next session of the supreme court.

Bail was allowed \$2,000 in his own recognizance, with two sureties of \$2,000 each.

Hon. J. D. Stewart, K. C., Attorney-General, and Mr. W. Henry Noonan, acted for the Crown; Mr. Thage A. Campbell, K. C., for the accused.

The proceedings opened at 11 o'clock and continued throughout the day. Fourteen witnesses were examined.

Fred Waite, who was driving with Mr. Waugh on the night of the accident was the first witness called. Examined by Mr. Noonan for the Crown, Mr. Waite testified that he was driving home with Mr. Waugh, from the farm of Brewer Waugh at North Bedeque on the evening of October 21st. He was sitting on the right hand side of the wagon and driving on the right side. There was a drizzle of rain at the time. When past Gillespie's corner coming towards Summerside something happened, he did not know what, but on regaining consciousness he found himself on the road close to the ditch and Mr.

OTTAWA, Ont., Nov. 6.—Approval has been given by the Dominion Government to municipal and provincial projects for unemployment relief, the total cost of which will be approximately \$21,565,796. To this the contribution of the Dominion is \$10,234,211. Senator G. D. Robertson, Minister of Labor, made this announcement tonight, indicating that it showed what had been done up to November 4. This does not include municipal or provincial works in the provinces of Ontario, Quebec, New Brunswick, and Prince Edward Island. In these four eastern provinces, work is under way, but the details have not yet been checked and, therefore, the totals are not yet available for publication. It is expected, however, that the Minister will make a further announcement regarding these provinces in a few days.

The total above mentioned does

THE CHINESE- JAP SITUATION

(By F. I. Lipsey Jr., Associated Press Staff Correspondent)
GENEVA, Nov. 6.—The possibility of a concerted withdrawal of diplomatic representatives from Tokyo as the next move in the Sino-Japanese conflict was considered by the League of Nations leaders tonight in planning for the next meeting of the Council in Paris on Nov. 16. In fact, the legal section of the Secretariat, under orders from Secretary General Sir Eric Drummond, was studying article 15 of the League covenant to determine whether the member nations could be asked to remove their Ambassadors and Ministers in the event that Japan continues to reject measures of arbitration. This article deals with sanctions of a military and economic nature to be evoked against an aggressor nation.

It is understood that this examination also envisages the practicability of levying an economic boycott against Japan, but such ac-

SWEEPING ADVANCE IN GRAINS

Expanding Trade And
Improved Business
Sentiment Throughout
The Agricultural
Regions.

(y Claude A. Jagger, Associated Press Financial Editor)

NEW YORK, N. J., Nov. 6.—The stock market burst through previous resistance points to a new high level for the autumn recovery today, as bulls gained fresh inspiration from the wheat and silver markets.

The conviction grew in Wall Street that a real turn had been negotiated in October, as the weekly mercantile reviews spoke of expanding trade and improved business sentiment through the great agricultural regions, with the sweeping advance in grains.

The bond market pushed upward for the sixth successive session, with gilt edged issues which are particular favorites with banks actively bought. Gains in quoted security and commodity prices since the low levels—largely reached early in October, have resulted in a staggering appreciation of paper values.

Wall Street statisticians calculated the total as probably in excess of \$12,000,000,000. While these are "paper" values it is pointed out that they are the basis of bank loan collateral, and the appreciation has undoubtedly greatly strengthened the general financial structure.

FOG DELAYS TAKE OFF

LONDON, Nov. 6. (A.P.)—J. A. Mollison, Australian flier, took off from Lympne airdrome early today in an attempt to set a new record from England to Cape Town, but was turned back by fog over the English channel and returned to the flying field.

He had intended to better the new record of five and one half days set by Miss Peggy Salaman and Gordon Store, who arrived at Cape Town yesterday.

Canada's Crop

WINNIPEG, Man., Nov. 6.—(By the Canadian Press)—A yield of 240,870,800 bushels is the estimated wheat crop of the three Western provinces, according to reports compiled by the Northwest Grain Dealers' Association, in its annual forecast.

The acreage on which the estimate is based is that compiled by the association early in the season, taking into consideration threshing returns. The figures for wheat are 16,801,050 net acreage, compared

with 23,178,000 acres used in the Dominion Government report, which on Sept. 9, estimated a crop of 248,400,000 bushels.

Bank Reviews Evidences Of Better Business

TORONTO, Ont., Nov. 5.—(By The Canadian Press)—The Canadian Bank of Commerce in its November commercial letter says "Canada's business structure has been strengthened during October" and lists these "favorable factors in the situation:

The upturn in wheat prices;
Increased activity in certain Canadian industries;
Rise in the value of major agricultural products;
Promise of more stable conditions in Great Britain following the general elections;

More construction work (not including relief works) contracted for during September and October;
An unusually early season upturn in the newspaper industry;

Increased railway freight traffic due to the grain movement and to the continuation of seasonal buying by the general public;

An influx of United States funds for deposit in Canadian banks;

An increase in the purchase of Canadian securities by large American concerns which have business connections in Canada;

A firming-up of Canadian exchange quotations; the liquid state of Canadian bank deposits;

An actual increase during August, in current (demand) deposits as well as in savings deposits;

A continued decline in note circulation;

A return to favorable trade balances and the prospect of even more favorable trade balances from October to December;

An increased volume of livestock from stockyards to country points;

Movement of cattle from Canada to France and Britain.

BAD FIRE AT STANLEY BRIDGE LAST NIGHT

General Store, Barber
Shop and Ware-
house of Upton
Smith Razed To The
Ground.

(Special to the Guardian)

Fire of an unknown origin destroyed the general store, barber shop and warehouse of Mr. Upton Smith at Stanley Bridge last night. The loss is estimated at nearly \$9,000. The building was valued at nearly \$3,000 and the stock between \$2500 to \$3,000.

Mr. W. T. Weir sold the store to Mr. Smith this summer and his lobster factory equipment stored in the building and valued at \$3,000 was destroyed. The insurance was about \$2500.

The fire was discovered shortly before 10 o'clock by Dr. Fleming. Mr. Smith had left the store about an hour before. The fire appeared to have started underneath the floor of the barber shop. When discovered the building was full of smoke and nothing could be done to save it, and in a short time it was a mass of flames. Mr. Weir's house nearby was saved with difficulty. Neighbors for miles around came and rendered what assistance they could.

NINE DEAD

(Canadian Press)
BARRIE, Ont., Nov. 6. (By the Canadian Press)—The total dead in the fire that gutted cottage "A" of the Ontario Hospital for the Insane at Penetang early Monday morning, now stands at nine, Victor Milsop of Gretnore, and Edward Firth, having died from the effects of smoke. Milsop died on Tuesday and Firth on Wednesday. Dr. Kidd superintendent of the hospital said today. John Cor, of Hamilton, the only survivor of the ten men who were confined to the lower floor "is making a wonderful recovery," Dr. Kidd stated.

Thirty-three men were rescued without injury, from the second storey of the building by attendants. The inquest which was to have been held on Nov. 10 has been postponed until Tuesday, Nov. 12 in the Town Hall at Penetang.

Confesses To Fatal Shooting Of Stepmother

(Canadian Press)
MONTREAL, Que., Nov. 6.—Charles Edouard Lapointe, 25, today told police he had accidentally fired the shot that took the life of his stepmother, Mrs. Charles Lapointe, 57, early this week.

Lapointe signed a statement telling of a visit he made to the home of Mrs. Lapointe last Monday afternoon. "I asked my stepmother why she said on Saturday last that she was tired of life," said the confession. "She did not reply and I asked her whether she wanted me to shoot her. She replied, 'I dare you.' I got up from the piano, went into the bathroom and took a rifle.

"Going back into the kitchen I pointed the rifle at my stepmother and told her to prepare herself. She shouted 'be careful, there is a bullet in it.' Before she was able to say more the rifle discharged and I saw my mother drop to the kitchen floor. I wanted to call the police but was scared, so taking my coat and throwing the rifle on the kitchen floor, I went out of the house."

Lapointe made the declaration at his own request and broke down as he said, "it was an accident."

Confidence In Canada's Future

Is Urged By Minister Of Trade
And Commerce—Recent Developments In Canada's Industry
Gives Reason For Confidence
That An Upturn Is Now In Progress.

(Canadian Press)
BRANTFORD, Ont., Nov. 6.—Optimism and confidence in the future of Canada were urged by Hon. H. H. Stevens, Minister of Trade and Commerce, in an address to the Board of Trade and three service clubs today. Mr. Stevens briefly reviewed recent developments in Canada's industry which gave reason for confidence that an upturn was now under way.

Mrs. Stevens briefly cited the following facts as reasons for confidence:

Wholesale prices, taking 1926 figures as 100 per cent, dropped as low as 72.2 in June of this year and 70.4 in October, a splendid opportunity of expansion being offered by these low prices.

New industries in Canada since August, 1930, totalled 111, and a favorable sign was that 13 of these were British.

COMMUNISTS ARE ALLOWED OUT ON BAIL

(By Jack Hambleton, Canadian Press Staff Writer)

TORONTO, Ont., Nov. 6.—The Communist Party in Canada had never advocated the use of force and violence in overthrowing the capitalist system; nor had it ever preached the overthrow of the existing government by force. This was the testimony of Tim Buck and Tom Owen, alleged leaders of the party, in giving evidence in their own behalf here today. Buck and Owen, with seven others, are on trial for being and acting as members of an unlawful association, and with being parties to a seditious conspiracy. The trial adjourned this evening, to resume Monday morning. All the accused were allowed to leave on bail of \$15,000 each.

The testimony of Buck and Owen followed the closing of the Crown's case this morning. In its final moments, the Crown had introduced
