Sand Storms Hold Up C. N. R. Passenger Train

Two Hours Before Line Is Cleared Between Regina and Neidpath, Sask.—Sand Blown Over Rails To Depth Of Two Feet.

(Canadian Press)
REGINA, Sask., June 19—Believe it or not, some idea of the intensity of the sand and dust storms in the Regina district may be gained from the fact that, on Thursday, two trains of the Canadian National Railways became stuck in the sand on the Regina-Neidpath line. A passenger train was stuck for one hour and a freight train took two hours to get through. Sand was blown over the right of way to a depth of from one to two feet and temporary sand fences were necessary before the crews were able to shovel their way through. Many telephone and telegraph poles went down under the gale.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS ETC.

- *Sturgeon Tea Party July 1st. 5374-6-19-daily till July 1st.
- *Montague Club loading live-stock Wednesday, 24th. 5433-11

Canadian Senate Takes Holiday Until July 2nd

OTTAWA, June 19.—For an hour yesterday afternoon the Senate sat behind closed doors. A proposal from Senator Raoul Dandurand, Liberal leader, that the Senate when it adjourned today should stand adjourned until July 2 was discussed. Conservative Senators opposed the proposal, but on a division the motion to adjourn until July 2 carried. The Senate then opened its doors and proceeded with its regular business for the day.

Senator McLean gave notice of an amendment to the bill to amend the appointment of judges in Canada. This country had too many judges, he said. In the Manitoba Court of Appeal were five judges when three would be ample. In many parts of Canada were to be found judges with very little to do. Canada had 138 Superior Court judges whereas England with its many times greater population had only 32. A considerable saving in expenditures might be possible by the reduction in the number of judges. He had hoped an inquiry would have been made into this question this session but now that the Senate was adjourned for two weeks he did not see much opportunity.

Senator Dandurand, Liberal leader in the House, then expressed readiness to proceed with discussion of the motion of Senator Pope. This is a motion that a special committee of the Senate be appointed to inquire into and report upon the matters mentioned by Senator N. A. Belcourt on June 16, relative to the purchase by a department of the government of copies of the publication "Canada."

Senator Pope rose and said since it was down on the order paper as a notice of motion to come up tomorrow he could proceed only with the unanimous consent of the Senate. Senator Gillis objected and the matter ended there.

The Senate adjourned until July 2nd at 9 o'clock.

Churchill Now Free Of Ice

(Special to The Guardian)
WINNIPEG, June 19.—The harbor of Manitoba's far northern seaport, Churchill, terminus of the Hudson Bay Railway, is now free of ice and could handle ocean going vessels without danger, according to word received here today. The last ice flow drifted from the harbor on Wednesday.

The dock is sufficiently completed to handle steamers now, and rapid progress is being made with the construction of the large grain elevator at the port. Work on the elevator is three weeks ahead of schedule.

Semi-annual P. E. I. Anglian W. A. St. John Church, Milton, Tuesday, June 23rd. If weather conditions unfavorable, meetings all ready to take the field. 5410-6-19

Will Try Long Ocean Hop

(Canadian Press)
HASBROUKE HEIGHTS, N. J., June 19.—Otto Hillig, of Liberty, N. Y., flying photographer, and Captain Holger Harris, his pilot, hopped off from Teterboro airport this afternoon for Newfoundland, where they will refuel, preparatory to a trans Atlantic flight to Denmark.

Hillig said he planned to wait at Newfoundland for moonlight flying conditions at their best before starting out on the long over water trip. They took off at 3.22 p.m. (D.S.T.) It was not known whether they would land at St. John's or Harbor Grace. The plane, valued at \$22,000 was built especially for this flight.

LAND AT SAINT JOHN

SAINT JOHN, N. B., June 19.—Otto Hillig, Liberty, N. Y., flying photographer, and Holger Harris, his pilot, brought their monoplane "Liberty" down at the Saint John airport at 9.30 Atlantic standard daylight saving time tonight. They are on their way to Newfoundland, where they will refuel, preparatory to taking off on a trans Atlantic flight to Denmark.

LIBERALS NOMINATED FOR CH TOWN

Messrs. E. T. Higgs
And C. St. Clair
Trainer Are The
Liberal Candidates
—No Mention of Election Date.

At a convention held in the Board of Trade rooms last evening, Messrs. E. T. Higgs and C. St. Clair Trainer were nominated, the latter unanimously, as Liberal candidates to contest the Fifth District of Queen's in the provincial general election.

Mr. D. J. Riley, president of the Queens County Liberal Association, presided. Mr. Mark R. McGuigan was secretary of the meeting.

The nominations were as follows:
For Assemblyman: Mr. D. Edgar Shaw, moved by Mr. W. H. Tidmarsh, seconded by Dr. J. D. McGuigan.
For Assemblyman: Mr. E. T. Higgs, moved by Mr. Henry Hughes, seconded by Mr. Simon T. Paoll.
For Councillor: Mr. Charles St. Clair Trainer, moved by Dr. J. Yeo, seconded by Mrs. Reuben MacDonald.

The balloting for the nomination for Assemblyman resulted in 29 votes for Mr. Shaw, and 36 for Mr. Higgs.

Speeches were made by the candidates and by Premier Lea and Hon. J. P. McInyre, Minister of Public Works.

There was no intimation given at the meeting as to the date on which the Lea Government will go to the people.

The Conservative candidates for Charlottetown and Royal, nominated unanimously several weeks ago, are Dr. W. J. P. MacMillan for Councillor and Mr. W. Allan Stewart for Assemblyman.

Liberal conventions have yet to be called for the Fifth District of Prince and the First and Fourth Districts of Kings.

The Conservative candidates are all ready to take the field.

New Fad For Society

TEA ASSISTANTS WEAR PYJAMAS

Pyjamas have made their first appearance in Canada, in numbers at a public function recently, when the assistants at the party given by the Admiral Tyrwhitt Chapter, Toronto, at the home of Mrs. J. Elmer Rutherford appeared in them. Two of the six pyjama-clad young ladies appear ABOVE, as they were photographed.

HEAT WAVE STALEMATE HITS CHICAGO IN WATERWAY NEGOTIATIONS

(Special to The Guardian)
CHICAGO, June 19.—With summer still officially two days away, the country was gripped today by a smoldering heat wave which had killed at least two, sent temperatures climbing to record marks and threatened in some sections to damage crops unless there was quick relief. Forecasters agreed the heat wave probably would not break before night, except possibly along the Atlantic seaboard, and no real relief was promised earlier than tomorrow.

Temperatures above 90 prevailed yesterday throughout most of the western half of the United States and at least two places, Phoenix and Amarillo, the mercury climbed to the 100 mark or higher.

Train Schedule

MONCTON, June 19.—There will be a change of train schedule on the C. N. R. June 28. There is considerable rearrangement of local train service in and out of here. There is a report, though nothing definitely stated, here that some change will be made in the time of the Ocean Limited. The report is that she will be made even faster than now and will arrive in Halifax earlier than at present and possibly leave earlier. The report goes on to say that she may be run on the time of last year's Acadian trains or nearly that, that is in respect to departure and arrival.

4,500 Rabbits Burn To Death

(Special to The Guardian)
WINDSOR, June 19.—Four thousand and five hundred chinchilla rabbits were burned to death today in a fire at Learnington. A large barn was also burned, three other barns damaged, two freight cars destroyed and the Michigan Central Railway depot damaged. The total damage is placed at about \$75,000. The fire for a time threatened to assume very serious proportions.

The cause of the fire has not been determined, but it is believed that traps may have been seeking refuse in the building and dropped a match. The rabbits were owned by J. Hartford and J. Conover.

LIVE HOGS

We continue to receive Live Hogs at our plant every Tuesday and Friday forenoon.

Bring your hogs direct to us and you save all intermediate expenses. Thus, getting top-market price.

DOINGS IN THE FEDERAL PARLIAMENT

(Canadian Press)
OTTAWA, Ont., June 19.—Premier R. B. Bennett has no intention of becoming Minister of Agriculture, he told the House of Commons today. A bill to amend the provisions regarding the grading of potatoes apply to new potatoes as well as old potatoes, was before the House. It received its second reading and the committee stage was postponed at the request of Rt. Hon. W. L. Mackenzie King. Later Mr. King said there was no objection to the bill from the Liberal side and the Government might go on with it. In the meantime, however, Hon. Robert Weir, Minister of Agriculture, had left and Mr. Bennett undertook to pilot the bill through committee. Questions were asked by Hon. W. R. Motherwell, former Minister of Agriculture, and A. W. Neil, Ind. Comox-Alberni, and Mr. Bennett decided to let the bill stand until Mr. Weir was present.

UNDER ONE DEPT.

OTTAWA, Ont., June 19.—Control over expenditure made by any Department of the Government will be vested in an official to be termed comptroller of the Treasury, if the House of Commons passes a bill introduced today by Premier R. B. Bennett, as Minister of Finance. Substantially there have been no changes in the federal accounting system since 1878, the Prime Minister said.

TRANSFER OF MINT

OTTAWA, Ont., June 19.—Transfer of the control of the Royal mint from London to Ottawa, was projected in a bill which received first reading in the House of Commons today.

Toronto Prof. Is Appointed

(Special to The Guardian)
TORONTO, Ont., June 19.—Dr. W. F. M. Kennedy, Professor of Law University of Toronto, has been appointed as Examiner in Law in the University of Melbourne, Australia. The faculty of Law in that University has asked him to be one of its statutory external examiners in the thesis for the Doctorate of Law. The invitation came through that distinguished Australian lawyer, Sir W. Harrison Moore.

Willingdon Competition

(Canadian Press)
OTTAWA, Ont., June 19.—Results in the Willingdon arts competition for the third and final year were announced today. The Willingdon arts competition was instituted by the Earl of Willingdon, when Governor-General of Canada, with a view to the encouragement of the arts and letters in the Dominion. Prizes were offered in the realm of music, literature, painting and sculpture and conditions were set forth as to the submissions.

It was a matter of great regret to the Earl of Willingdon, according to today's announcement, that the competition had not terminated until after he had left Canada to take up his duties in India.

Agnes Asks For A Dollar

(Canadian Press)
OTTAWA, Ont., June 19.—"Will you please send me one dollar to assist the League of Nations in this work?" So reads a request in a letter being received by members of the Senate signed, "sincerely, Agnes MacPhail," who states it will require \$2,000 in the proposed taking of a great petition favoring disarmament, to be sent to the 1932-1933.

Australia Seeks Fairy Godmother

(Special to The Guardian)
CANNBERRA, Australia, June 19.—There is much curiosity in the Commonwealth Capital concerning the identity of Australia's "Fairy godmother," who recently, when the crisis was at its height, offered a loan of \$75,000,000 in gold. Prime Minister Scullin merely told questioners in Parliament today that certain representations had been made to him, but so far we have been unable to discover the principals.

Diet Of White Bread Cause Of Disease Outbreak

ST. JOHN'S, Nfld., June 19.—To a diet consisting almost exclusively of white bread is attributed the present outbreak of Beri Beri on the south coast of Newfoundland, where it is estimated, more than 500 persons have been affected. It has been pointed out that the Newfoundland fishermen have a dislike for anything but the whitest of white flour. Whole wheat or brown bread they refuse to use. When the fishery falls, as it did last year on the southern coast, white bread is practically their sole fare.

The present outbreak is by no means the first appearance of the disease on the Island. It was one of the complaints with which the Grenfell Hospital found considerable difficulty in coping, finally succumbing after a long campaign of instruction in dieting. A nervous disorder, it results in the most serious cases, in a partial or even complete paralysis of the limbs. Of some 1,300 hundred persons affected last April, not less than 130 adults were partially or totally incapacitated.

In the present case the Newfoundland Board of Health, in addition to supplying food to the destitute that will help to vary the diet, has issued a bulletin dealing with the symptoms of Beri Beri and urging the use of whole wheat flour and as much green food as possible.

Mystery Bones Found In Ohio

KENTON, O., June 19.—(U.P.)—The skeleton of a man, who perhaps lived long before Columbus touched the shores of America, was found recently in a gravel pit on a nearby farm.

The curiosity was discovered by W. S. Barringer, Lima, an amateur anthropologist, under 12 feet of earth.

In his study of the skeleton, Barringer discovered that it could not have been that of a North American Indian. This was indicated in the fact that the cheek bones were not well defined. Yet the skull did not indicate that the man was a member either of the white or black races.

Barringer said he had two reasons for believing the man might have belonged to a migrating race which came to Ohio from California 600 to 1,000 years ago.

One was that in the grave were found numerous shells, evidently used as gorgets, which, Barringer said, were found only on the California coast and on the shores of the Gulf of Mexico.

The second was that the front teeth in the lower jaw were cross-wise. Recently road builders near Redding, Cal., uncovered, under 20 feet of lava, the graves of a race which had this characteristic.

CHICAGO LAWS FORBID 15,000 VARIOUS ACTS

Hat Pins, Banana Peels, Cigar Butts And Flies Regulated.

CHICAGO, June 19. (U.P.)—There are more than 15,000 things you can't do legally in Chicago. Happily, perhaps, the average Chicagoan does not suspect that his municipal government is guilty of paternalism. Many a honest burgher, busy in painting out the mote in the eye of a brother citizen who may have turned to being running or hi-jacking for a livelihood, is unaware that he himself breaks laws daily.

Cursory study of the 1922 municipal code, now being revised, does not readily indicate which offenders are most common. Perhaps it is persons who toss pop bottles into baseball diamonds. On the other hand it may be the class of citizen who delights in standing about on street corners, eating bananas and tossing the peels on the sidewalk, who are most frequently guilty of municipal sin. Such undesirable citizens are liable to a \$20 fine. The same rule applies to careless pear eaters and cumquos munchers.

The hat pin, while not classed as a lethal weapon, is well provided for. If the point of one protrudes more than two inches

Continued on page 10

(Canadian Press)
EDMONTON, Alta., June 19.—The Dominion Govt is willing to increase its contribution to the costs of caring for transient unemployed from one third to one half of the total, Senator Gideon Robertson, Federal Minister of Labor, announced last night.

Graf Zeppelin Lands On Water

(Canadian Press)
FRIEDRICHSHAFEN, Germany June 19.—The Graf Zeppelin settled down on Lake Constance, today demonstrating for the first time that she can be landed successfully on the water without the assistance of the landing crew which always brings her down to earth.

The Weather,

ABOUT THE ONLY
THING WE GET FOR
NOTHING NOWADAYS
ARE RELATIVES!

TORONTO, June 20.—Fresh to strong south west winds, partly cloudy with local showers or thunder storms.

Temperatures
Maximum—72.
Minimum—60.
High tide this afternoon at 1.04 and tomorrow morning at 2.50.
Sun sets this evening at 7.45 and rises tomorrow morning at 4.18.
First quarter moon Monday, June 22, 8.23 p. m.
Summerside tide eighteen minutes later than Charlottetown.
