## WHAT IS LIFE INSURANCE ?

Life Insurance is an anchor of security. It is an alliance of prudent men against misfortune.

It is the practical expression of care for dependant ones.

It is the only way to create an estate by the stroke of a pen.

It cultivates, and by desirable compulsion, compels the habit of saving.

It gives all a Savings Bank gives-- and much more.

It protects wealth and removes poverty. It gives peace of mind.

The value and necessity of Life Insurance calls for no argument today. All know it.

The only question is in choosing the right Company. The popular demand today is for the Policies of the Great-West Life. The Company that has written the largest new Canadian business for the five past consecutive years, and is writing this year an average of over Two Million Dollars of new Insurance per month.

The company that has lowest rates consistent with absolute security and pays the highest dividends to Policyholders of any company in America.

Actual results and full particulars will be cheerfully furnished on request and without charge.

#### THE LAND WE LIVE IN.

Prince Edward Island is a charming little province in the Gulf of St. Lawrence. Its surface is comparatively level, and its chief beauty consists in its beautiful groves and fields that stretch away to its ruddy sands in its broad smooth rivers that wind through meadows where large herds of cattle and sheep graze undisturbed as yet, by noisy automobiles or the clang and clatter of electric cars.

The people in the country are quite content with this quiet and peaceful state and wonder why the young people find life too dull here, and leave their native province for the stir and bustle of our great cities in the West. The religious and educational advantages here are of a high order, there are many churches here and many eloquent preachers, also excellent schools and colleges presided over and taught by men of learning and ability.

Our hospitals are good, the sick and suffering are well cared for by skilled physicians and trained and attentive nurses.

Our markets are well supplied with all good things to nourish the body; and the shops in our towns are all that could be desired by the most fastidious shopper in search of beautiful articles to wear or to furnish a house with.

The summer months are very pleasant here, and many visitors come to enjoy the bathing at the shores, to fish in the streams and enjoy themselves in many ways.

There are of course many things in connection with life on the Island, that might be improved; but still it may be considered a very good land to live in.

MRS. J. TAIT, CHARLOTTETOWN.

#### TEMPERANCE IN N. B.

(From Yesterday's Evening Guardian) The Moncton papers recently published in length the annual report of Rev. R. H. Stavert, Grand Worthby Patriarch of the Sons of Temperance, presented at the meeting of the Grand Division held in St. John last week. Mr. Stavert, who is a native of Prince Edward Island is doing excellent work for the temperance cause in New Brunswick, as the following paragraphs culled from the report shows:—In his report he says that during the past year much has been done to advance the temperance cause.

Less than a year ago a prohibitory bill for New Brunswick was prepared and presented to the powers that be, but as yet the request for provincial prohibition has not been granted. In regard to this the temperance people will yet speak, with a greater force than in any days past. In May last, the parish of Richibucto in the county of Kent, came under local option law.

#### Bright, Ruddy Cheeks For Pale Girls

NO LONGER ANY NEEDED TO BE PALE WEAK OR ANAEMIC

By following the advice of Miss McEwen You Can Quickly Become Strong Again.

The pallid girl always lacks appetite. What little she eats is badly digested.

At night she is restless, she does not sleep soundly.

Vital force must be increased, new blood must be supplied and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton has invaluable experience in these cases and found nothing so prompt in building up young women as his vegetable pills of Mandrake and Butternut.

Dr. Hamilton's Pills begin by cleansing the system and purifying the blood; they also improve digestion and render food ready for absorption. Additional nourishment is quickly supplied and the patient is fast strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by the use of Dr. Hamilton's Pills.

The following recent letter from Miss Etta McEwen, of Halifax, speaks for itself.

"I'm using Dr. Hamilton's Pills I find my system is wonderfully built up. It certainly the most effective remedy I ever used. I have now a good appetite, sleep more soundly, and awakened in the morning feeling quite refreshed.

"Formerly I felt tired and depressed. I looked as if a severe illness were hanging over my head.

"Nothing could give quicker results than Dr. Hamilton's Pills and I strongly advise every young woman to use them."

All dealers sell Dr. Hamilton's Pills. 25c. per box or five boxes for \$1.00 by mail from The Catarthozone Co., Buffalo, N. Y., and Kingston, Ont.
