Commencement of Summer Program

CENTRAL BEDEQUE BAPTIST CHURCH

The Bedeque Baptist Church was filled to capacity on Sunday, June 27th to hear a very beautiful program of Sacred Music, and by its all worship Almighty God. The regular pastor of the Church, the Evangelist John J. Sibley, D. D. was the speaker, and the exposition of Bible Truths, was forcible, yet training and inspiring in its appeal. The occasion was the first appearance of the Central Bedeque Orchestra, and the assistance of this musical organization in the regular worship provided a novel and attractive feature. Dr. Sibley believes in bringing the very best possible talent into the service of the Master, and so during the winter months has encouraged young people to create among themselves, this medium of Musical Services for the work of the Church. His training and conducting of both choir and orchestra, have never faltered and beauty to the old Gospel Hymns.

The Central Bedeque Baptist Church orchestra will continue to provide music at the semi-monthly evening services, during the summer months. This is undoubtedly the largest and most complete orchestra ever assembled in a rural community in this Province. It consists of the following instruments and players: Mr. J. E. H. Beer, Provincial Marshal, while on a visit to the members of the committee, only recently the writer had the pleasure of conversing with the Mr. James MacDonald, who though ninety years of age, is still hale and hearty.

Viewed from the Southport side Charlottetown looks like a city almost completely swallowed in a forest.

A suggestion. Perhaps everyone should know at a glance the names of every tree on Queen Square but many of the elms on the square are of native stock? Each tree might bear a placard giving its common name, its botanical name, its genus and species, and whether of native or imported stock, other particulars. This would not occupy much space nor entail much expenditure. The date of the planting should not be omitted where obtainable.

Next in order is the advent of that formidable adversary the de-tested potato bug.

There exists a strong desire on the part of fishermen on these shores for fall fishing as it is being granted to the fishermen to the North Shore. Though the fishing has been fairly good along the coast, the fishermen are unanimous in feeling that they can stand a little more prosperity.

They declare that all the ways that Fortune ever put upon their shoulders they felt no more than a feather and they would like some time that it would be heavy enough so they would ever be grateful. Will that wish ever be granted? It rests with those in the seats of the mighty. S.

Through the above list, that the instruments are sufficiently varied, to give complete harmony, with either Strings, Brass or Reeds. The Reeds lack however just one instrument.

The young people of Bedeque, Pictou and surrounding districts, are to be congratulated on their splendid performance of Sunday night, as well as highly commended for their untiring zeal, and performance possible. The Orchestra effort in the organization and training of the instruments, and as the value of the instruments, and as players, were most purchased by the large measure of the cost of purchasing expensive music by arranging and writing the majority of the scores.

This instrument is worthy of special mention due to its local heritage. The instrument is a half bass violin loaned to the Orchestra by Mr. Jessie Wright of North Bedeque. This instrument was owned by his father, one hundred years ago. It was last played by a well known local musician of two generations ago, in the person of Mr. Nat. Huestis. Until its rich tones were heard on Sunday night, it has in melody, probably, not yielded of its A quintette of strings together with a Chorus, will provide the special musical features of the special on the Sunday, July 4th at 3:00 p. m. on the same date the entire orchestra will be the feature of the Sunday night service in Upper Free-town, Hall.

Whilst this orchestra is designed primarily to assist the services in the Baptist Church, it numbers among its players representatives of all the other Protestant Denominations in the community, and will no doubt do much to further and assist in any affairs designed for the betterment and uplift of the community in which it functions. The people of this enterprising town are always ready to welcome last all will be while the seats services and placed as comfortable as possible, to enjoy the Gospel Menu, of Old-time preaching, trained choir and accompanied by a large and equally well trained orchestra.

The moon never shone more brightly than it did on the young folks who were gathered at the home of Mr. Howard Ramsey on Friday evening, June 25th. The C. G. I. T. group and their friends of Malpeque, were royally entertained by their friends of similar groups in Hamilton. The shore never seemed to end more attractive than the bon-fire, clam bake, music, games, etc., all adding in some measure to the evening's enjoyment and to the tired teachers and scholars were real sources of refreshment. Our shores with the calm, peace and abundance of room for thought are wasted so far as many of our young and older folks are concerned in the rush that and duties necessitate, and ere it is realized summer is past and autumn is in view, leaving no further opportunity for such enjoyment.

C. G. I. T. Camp

The Provincial Girls Work Board, in connection with Canadian Girls in Training has issued an attractive folder descriptive of the forthcoming camp at Canoe Cove, July 14-24. Canoe Cove is an ideal spot on the South shore some fifteen miles from Charlottetown, and the tents will be pitched in a fine field, on the edge of a high bank overlooking Northumberland Strait.

Miss Marjorie Trotter, Maritime Girls Work Secretary will personally direct the camp this year, and Miss W. M. Lowe, No. 2, Grafton St. is the business manager, while the staff includes the names of Mrs. (Dr.) Carruthers, camp mother; Miss Mabel Wright, camp chaperone; Miss Annie Watson, in charge of handicrafts; Miss Lila Worthy, sports officer; and Miss Jessie Patterson, Edna Jenkins, Elma Inman, Lillian McKenzie and Marlon Townsend as camp leaders.

The programme in general runs as follows:
7 a. m.—Rising bell.
7 45 a. m.—"Morning Watch."
8 00 a. m.—Breakfast preceded by singing.
9 00 a. m.—Bible Study in tribes.
10 00 a. m.—Tents made ready for inspection.
12 30 p. m.—Dinner followed by rest hour, swimming, hikes or games.
5 30 p. m.—Supper, followed by treasure-seeking initiation or other ceremonies, twilight service, camp fire etc.
10 00 p. m.—Lights out.

The call to camp is a call to abundant living, to simple wholesome communion with the God of the open air, to stimulating contact with leaders.

A girl who lives outdoors with winds and trees, who knows the feel of tree-trunks, leaves and soil, who wonders at the sky's white mysteries.

And in the forest's stirring harks to God—
A girl who lives outdoors with peaks and streams
Who shapes her dreams
Who in the wide image of the outdoors
Will never quite be beaten by the world.

Will never quite be saddened by the bravery of the woods will give her strength,
The beauty of the world will lend her wings.

N. B. Applications for camp must be sent to Mrs. Rowe by July 6th.
