BIG CONTEST RUSH.—Saturday night at the store of R. T. Holman, Limited, Summerside, was one of the busiest nights in the history of that immense establishment. The night marked the close of the big popular contest which the firm has been conducting for the last two months, and to say that the event ended in a blaze of glory is putting it mildly. Scores of out-of-town contestants with their friends were among the customers and for several hours the sidewalks in front of the store were crowded with people waiting a chance to take advantage of the contest closing bargains advertised. So great was the closing rush and so large were the number of votes polled by the leading candidates at the close of the contest that it is doubtful if the final standing, which has to be double and triple checked, will be ready for publication before the end of the week.
