Rev. Dr. Teasdale died at 2.30 o'clock yesterday morning at home of his daughter, Mrs. Letteney, Maitland street, London, Ont. His death had been expected for some weeks. Rev. Dr. Teasdale retired from active work about ten years ago, when ill health forced him to resign his pastorate in this city. Upon his retirement he was superannuated. He was looked upon as one of the foremost Methodist preachers in the Maritime Provinces, being a most powerful and gifted pulpit orator. For seven years he was in the city of Halifax, three more in St. John, and also in Yarmouth, Fredericton and many other points of the Maritime Provinces. Five years ago he went to London to visit his daughter Mrs. Fred Letteney, at whose home he died. He has lived there almost ever since. About a year ago he left for another daughter's home in the west intending to stay there a year, but his health failing him, he returned in September last. He recovered somewhat but since Christmas he had been gradually sinking. During his forty-eight years in the ministry he preached almost in every town and city in western Ontario as well as in his native provinces by the sea. Besides his wife, Dr. Teasdale is survived by three daughters, Mrs. Letteney of 379 Maitland street, London, Mrs. Bernard Mills of Milton, Ont., and Mrs. (Rev.) David Fleming of Dauphin, Manitoba, whose husband is a prominent Presbyterian minister of the west.

Twenty Million Mark is Passed. For the first time in the history of life insurance in Canada the twenty million dollar mark of policies issued in one year has been passed. That the Sun Life has done this with largely increased profits and a reduced ratio of expense, makes pleasant reading for its army of policy holders. E. R. BROW Manager for P. E. I. Charlottetown.

Advertising Talks. Twenty Dollars worth of advertising space and five dollars worth of properly prepared advertising copy will prove more profitable than fifty dollars' worth of newspaper space and poor copy. While good advertising makes a lasting impression, poor advertising is not noticed, and when read generally does more harm than good. Can't you understand that proper advertising is a science-the writer must have the faculty to analyze the goods-intelligently understand printing materials--have the ability to cooperate with printers to bring about the desired results. This has been a life long study and it is not a case of experiment on your part-success is an absolute surety-we've "made good," brought the "coin." Come in and let's talk advertising. Phone 123 for appointment. BONNELL Advertising Agency Cameron Block.
