65% of the money paid out by life insurance companies was paid to beneficiaries. Naturally practically all insurance was bought on their behalf.

Today the position is reversed: 65% of the money paid out goes to the policyholder. Thus you have a two fold motive for insuring: (1) to build an estate to offset declining earning power in old age, (2) to protect your family.

## SPEED MARVELS

BY W. H. GOCHER

The turf is never overladen with horses that shatter records. While they are apt to come from any section of the country those who have seen them perform know that speed marvels are rare.

In the entire history of light harness racing none of the champions which for a time basked in the flood light of fame attracted as much attention as Arion when he placed the two year old record at 2.10% hitched to a high wheel sulky. It is true that the Electioneer colt had many rivals, the list including Axtell, Native Belle, Lou Dillon, Uhlman, Peter Volo, Peter Manning and the paces Johnstone and Star Pointer. All of them were leaders in their day but none of them in their two year old form came within two and a half seconds of the limit of speed.

Johnstone was a first flight star. He was bred in Wisconsin. His sire Joe Bassett was never heard of outside of the country in which he was owned until this remarkable gelding paced in 2.10 and in 1884 showed the world's record for the gait down to 2.06%. For several years it looked as if it would be impossible to produce a horse that could change the figure. Finally Build brought Johnstone out at 3 o'clock, the Abegweits and St. Dunstan's will line up for the first game of the provincial football championship series. Today's game will be a good one, full of action from start to finish, as both teams are in great condition and it will be a struggle in which each team will put forth every effort in order to win.

This year the players in the city team have lots of practice and will be able to stay right with the game, so the battle will be fought with utmost determination by both teams.

James MacMillan will referee. The lineup is as follows:

## Rovers And Anchors Game Postponed

The City League game between the Rovers and Anchors which was scheduled for this afternoon is postponed as several of the out of town P. W. C. students who are on the lineup of both teams will be going to visit their homes on Thanksgiving Day.

## League of Cross Hand-Ball Tournament

In the Hand Ball games played on Wednesday night at the L. O. C. G. M. A. Doucette and H. Hennessey defeated L. Blanchard and E. Peters.

On Thursday night G. McMahon and R. Harley defeated H. Davy and L. Doyle.

In the senior tournament F. Doucette and C. Coyle defeated E. Connors and F. Payne.

## FOOTBALL

Football is going strong in the city this year, but there has been no games between the two schools West Kent and Queen Square. Always interesting and well contested a series of games between these teams would tend very much to keep the boys interested in football.

## Canadians Plan Early Practice

MONTREAL, Nov. 6.—It was announced today that the Canadians of the National Hockey League would go away for a fortnight's practice, the place and time to be definitely decided tomorrow. Three new players will be on the team, one of whom is Leduc, formerly a Banque Nationale man in the Bankers League. The other players' names have not been announced. The first ice practice of the season will be held on Thanksgiving Day by the Montreal Maroons.

## Ottawa Senators Start Training

OTTAWA, Nov. 6.—The Ottawa Senators of the National Hockey League, held their first indoor training last night. Alec Connell and George Boucher were absentees, while Frank Nighbor and Hooley Smith are out of town. Frank Clancy, Frank Finnigan, Alex Smith, Cy Denny and Ed. Gorman played basketball for an hour and then reeled off a mile on the track.

## Montreal Hockey Team Looks Good

MONTREAL, Nov. 6.—With the majority of the players under contract to the Montreal professional hockey club, now in Montreal, for the commencement of the practice period. Practice will start next week, as ice will be made at the Forum for Saturday.

The outlook for the Maroons this season is much better than a year ago, when the club was granted a franchise in the National League. The team will comprise a number of young players who will be making their initial appearance in professional ranks, but the majority of them can boast of wide experience in clubs affiliated with the Ontario Amateur Association.

Among the players who exercised yesterday were Hoby Kitchen, formerly of the Niagara team; Seibert, also of the Niagara Club; Sammy Rothschild, Dutch Cain, D'n Dinmore and Lunc Munro, Munro has been reducing the greater part of the autumn season and is fifteen pounds lighter than when he started last winter.

Nelson Stewart arrived last night from Toronto, while Lower came in from Ottawa.

Manager Gerard has already decided on changing his team about. He will have for the defence Benedict in goal, Noble and Dun Munro as the regular defence, while others to relieve them. On the line he will have Dinmore, Kitchen, Stewart, Seibert and Broadbent, as well as some of the players to be retained from last season's squad. Kitchen is a left wing or defence player. Dinmore can be played on either wing while Seibert is a right wing or defence player. Then there is Horn who played last winter with Grimsby and was the leading scorer on the team. Horn can play at either wing position. He is a good backchecker and figured prominently in all of the games played by Grimsby.

## Paderewski Played While Storm Raged

NEW YORK, Nov. 6.—Despite a violent storm which tossed his hearers off their chairs in the saloon of the French liner Paris, Ignace Jan Paderewski played through his volunteer programme aboard that ship while she was in mid-Atlantic. He arrived on the Paris yesterday for a concert tour.

Anzella C. K. G. Billings purchased her at auction in Cleveland and reserved her for matinee racing. Her only public appearances were in performances against time and in races for cups. She was the greatest speed marvel of her day. The clip which she carried has been passed on to the second generation, her fastest descendant this year being the three year old gelding Gordon Dillon 2.04%.

Uhlman succeeded Lou Dillon at the top of the world's record list of trotters. He was the first one to flash into the two minute list in the open and it is just possible that his 1.55 was not the limit of his speed. In addition to the track he was also one of the pair that placed the team record at 2.03% while with running mate Uhlman also trotted in 1.54%.

Lou Dillon made her record of 1.54% in 1903. Uhlman trotted in 1.58 in 1912 and Peter Manning in 1.56% in 1922. These speed marvels were not given an opportunity to race as two or three year olds, the nearest to it being the mile which Peter Manning trotted in 2.06% as a three year old the day his breeder W. M. Wright sold him to Irving Gleason.

Lou Dillon is dead. Uhlman is passing his declining years in a sunny paddock at Santa Barbara, Cal. Peter Manning is still in training. This year the reigning champion made a number of half-mile track records which will no doubt stand as long as the courses over which the miles were trotted. Also at Cleveland in August he cut the two mile record over a mile course to 4.10% while at Birmingham, Ala., a few days ago he placed the half-mile track record for the distance at 4.23.

As the years roll by other speed marvels will appear. Some of them will no doubt reduce the present records. No one knows the limit. In time it will be reached. From that date the leaders of their day like the thoroughbreds of the present era will be compared with those which preceded them.

In the production of speed marvels each period has its favorite combination. The Hambletonian-Star was followed by the Wilkes-Mambrino Patchen and the Electioneer with whatever happened to be at Palo Alto. At present those seeking speed are depending on the lines traced to Axworthy and Peter the Great through their most successful sons and daughters. Admiral Rous the noted English turfman, said "Race horses are like crayfishes. There are only three good ones in two thousand." Does this apply to the trotters? If it does Harry Burgoyne must have the market cornered on his little farm in Kentucky. This year it was represented by Alleen Guy and Peter won the Charter Oak Purse with Malby.

"HAVOC" is adapted from the celebrated stage success of the same name

SIXTEEN Allied honor regiments are represented in the great scenes it was impossible to produce on the stage.

THREE HUNDRED veterans of the Canadian, British and American forces worked in the tremendous battle sequences.

IT TOOK FIVE WEEKS of night warfare to film the realistic battle scenes of "HAVOC."

FOUR HUNDRED MEDALS FOR BRAVERY and service were won by the men who helped to make this picture.

THE GREAT SCENES of London night life are more elaborate than a Parisian Fashion revue.

It is a play potent with drama and the spectacular. It will thrill and entertain the most blasé critic.
