THE MEN'S STORE

Every Man To His Taste!

A GOOD many men have a settled taste as to the cut of the coat. They want the new suit to be pretty much like the old.

Other men are a bit adventurous and enjoy wearing the latest novelties like our waist seam suits.

We never attempt to guide a customer's selection—we simply carry all the good styles and give him what he wants.

At our Economy Prices. \$11.00 to \$50.00.

And besides suiting him as to style in our Clothes Shop, we save every customer money because we haven't high rents and expense to allow for in our clothes prices.

Insect Carriers of Disease

The lessons of war have confirmed the serious part that insects play as carriers of disease. It is common knowledge that each species acts as a carrier of a particular disease. For instance, it is proven that the common house fly carries typhoid and enteric, the mosquito is a source of malaria, and the bed bug of "black water fever," while it is pretty certain that others of these pests, such as the common black beetle, or cockroach, which taints our food, are also disease carriers.
