THE SUMMERSIDE GUARDIAN
and PRINCE COUNTY CHRONICLE

WESTERN LOCALS

—This column is reserved for news of local interest but advertising of a newsy nature may be inserted at 2 cents a word strictly payable in advance.

—TOOTHBRUSH and Listerine both for 25c. Taylor Drug Co., Kensington.

—YACHTING PICTURES — Mr. L. H. Read has some excellent views of the recent yacht race in Summerside on display in his window.—S

—RETURNED HOME — Miss Grace Romcke, has reutrned to her home in New York, after a lengthy visit with her mother, Mrs. Romske and brother, Mr. Lou's Romcke and Mrs. Romcke, jr. Summerside.—S

—ATTENDED MEETING OF SCOTTISH RITE — Among those attending the special meeting of the ancient and decepted Scottish Rite of Free Masonry, held in Summerside on Monday evening were Senator Sinclair of Summerfield, Mr. Shelton Sharp, Bideford; Messrs. L. M. MacKinnon and Althol Mac MacKinnon, Montague; F. A. VanIderstine, Isaac Cudmore of Charlottetown; Mr. Reginald Forbes, Bedeque; Mr. Elden Campbell, Borden. Guests of honour were Mr. J. H. Winfield, Illustrious Deputy of Scottish Rite of P. E. Island, Mr. Morse and Mr. King of Halifax.—S

—TO INTEREST ISLAND FOX RANCHERS IN RAISING MINK—Mr. P. S. Andrew, Bathurst, Mr. Hubert Payne, of the pulp and paper mills, Bathurst, and Mr. Gilbert Landry of the Imperial Oil Co. Bathurst, were visitors to Summerside on Tuesday and were interviewing foxmen with the idea of encouraging the ranching of mink on an extensive scale. All three gentlemen ranch mink as a hobby and have been in the business about ten years. They have about 350 mink. They say in the vicinity of Bathurst about 5,000 mink were raised last year. Nearly all their mink are native Northern New Brunswick mink and are of a very fine dark quality. They have been bred scientifically and only the very best retained. Dark mink are much sought after for coats, and as a uniform colour can be obtained from ranch bred mink they are more easily sold, as it is easier to get a large quantity of one colour. Mr. Andrews says he feeds 88 per cent fish, the remainder cereal and a little meat. During the mating season which follows that of the fox, they feed mostly tomcod and flat fish which are quite cheap, about a cent and a half a pound. They do not have any difficulty raising their mink, which average four to five for a litter. The important thing is to keep the pens clean. Straw is better than anything for a floor covering. Mr. Andrew thinks there is a growing demand for mink and prospects are good. The party, who are on holiday, left Summerside for Charlottetown, visiting Mr. Duggan's mink ranch on the way down.—S.

Personals

—Miss Georgie Campbell, Park Corner is visiting Mrs. Bradford Cairns, Summerside East.—S

—Mr. Mark Gaudet, Jr. left by motor Tuesday afternoon to visit his sister, Irene, in Pittsburg.—S

—Friends will be pleased to hear that Miss Gertrude MacNeill is improving after her operation in the Prince County Hospital —S

—Mr. Charles Newcombe has entered the Prince County Hospital for treatment.—S

Guests on board are Messrs. Morse, King and Silver of Halifax; also Captain Waller, New York. The yacht is a trim craft, schooner rigged. She arrived in Summerside Sunday evening. The visitors were taken to see the places of interest including the Biological Station at Bideford, during their stay.—S

GRAND JURY

(Continued from Page 1)

bers of the Black Legion be discharged.

Among the members or former members listed were Joseph A. Long, a state representative; David C. Pence, prosecuting attorney; George C. Johnston, city treasurer of Pontiac; Charles McMillan, chief of police; Burton P. Daughterty, member of the Pontiac police and fire trial board, and numerous county and state employees.

The grand jury report declared it found no evidence "that the Black Legion is an organization of Fascist character" or that foreign money was used to finance it "as the possible contribution from a dictating or sympathetic foreign nation."

DETROIT, Sept. 1—(AP) — The Black Legion, Judge George Hartrick reported today, is the unwanted offspring of the Ku Klux Klan.

Judge Hartrick's account of the Black Legion's birth—and motives—follows:

"Born of political, race and religious prejudice, masking its terroristic activities with grim secrecy, the Black Legion was formed in Ohio, probably in 1931, by rebellious members of the order of the Knights of the Ku Klux Klan.

"The first 200 members were klansmen who dyed their white robes black. As a penalty, the Ku Klux Klan revoked the charter of the rebel group, and a general edict was issued forbidding other Klansmen to dye their robes.

"The Black Legion and the knights of the Ku Klux Klan became mortal enemies, each striving in the communities for political domination and control, whether directly or indirectly, both giving vent to prejudices against Roman Catholics, negroes, Jews, Communists and aliens."

Stalemate On N.Y. Exchange

(By Frank MacMillen, Associated Press Financial Writer)

(A. P. By Guardian's Special Wire)

NEW YORK, Sept. 1—The stock market today was a house divided.

Profit-taking chipped off sizable portions from the steels and motors while buying forces took turns in supporting the rails, electric equipments, merchandising and specialty equities.

The stalemate at the close was exemplified by the Associated Press average of 60 issues which was unchanged at 67.8. Transfers totalled 1,141,670 shares against 1,148,800 yesterday.

Mining shares were given a late run for gains of as much as a point or so on reports that Washington is buying silver in London probably for the account of the Cuban government. There was also gossip concerning the possibility of some south American countries purchasing the white metal for coinage purposes. Several gold stocks participated in the flurry.

Gainers of fractions to around 3 points with their final prices were: Montgomery Ward 48 1-2, Sears Roebuck 85 1-4, Allied Stores 13 1-4, U. S. Smelting 79, American Smelting 84 1-2, McIntyre Porcupine 42 3-4, Warner Bros. 13 3-8, Standard Gas Pfd. 19 5-8, Westinghouse 142 3-4, Baltimore & Ohio 23 7-8, American Can 123 1-2 and Allied Chemical 228.

Losers of as much as 2 points or so included Dupont at 154 3-4, Chrysler 113 5-8, General Motors 66 5-8, U. S. Steel 69 5-8, Bethlehem 66 5-8, Douglas Aircraft 71, Loew's 58 1-8, American Telephone 174, Auburn 31 1-4, Consolidated Edison 43 1-8, Radio 11, N. Y. Central 43 1-8 and Standard Oil of New Jersey 62 1-2.

Canadian issues averaged higher. Fractional improvement was recorded in Dominion Stores, Hollinger, Hiram Walker, Ford of Canada, Imperial Oil, Quebec Power, International Hydro-Electric Preferred and Shawinigan. Canadian Pacific, Distillers-Seagrams and Lake Shore were slightly lower.

Kensington And Vicinity

Wednesday morning, August 26th. St. Mary's Church, Indian River, was the scene of an interesting event when Miss Mary Myrtle, eldest daughter of Mr. and Mrs. Leo Hughes of Kensington and Joseph M. Macdonald, son of Mrs. Margaret Macdonald and the late Francis Macdonald of Charlottetown, were united in the holy bonds of matrimony. The ceremony was performed by the parish priest, Rev. Reginald F. Macdonald. Mrs. Hickey played the wedding march while the Girl's Choir sang appropriate hymns during the Nuptial Mass. The winsome young bride was charmingly gowned in white satin and wore the conventional veil and carried a bridal bouquet of mixed flowers. Her sister Miss Blanche Hughes, who attended her wore pink satin with white accessories and wore a corsage of sweet peas and maiden hair fern. Mr. Vincent McQuaid of Charlottetown ably supported the groom. Following the ceremony a wedding breakfast was served at the home of the bride at which Father Macdonald and the near relatives of the bride and groom were present. The dining-room was decorated tastefully in pink and white. The happy young couple left by the afternoon boat for a short honeymoon. Upon their return they will reside in Charlottetown. The Guardian joins in heartily wishing them years of happily married life. —B.

On Friday evening, August 21st, the friends of Miss Myrtle Hughes gathered at the McMahon House to tender her a miscellaneous shower, in honor of her approaching marriage. After the numerous guests were assembled, the "Wedding March" was played by Miss Miriam Profitt, while the bride-to-be was ushered into the parlor by Miss Eileen McKenna. Miss Mildred Bishop and Miss Kathleen Ready opened the daintily wrapped gifts and Miss Gertrude Gillis read the enclosed verses. The presents were then placed on a table by Miss Mary Power, where they were viewed by everyone. The guests then formed a ring and joining hands sang, "For She's A Jolly Good Fellow," after which refreshments were served consisting of ice-cream and cake. Dance music was supplied by the Summerside Orchestra and the remainder of the evening was spent in tripping the light fantastic. A delightful time was enjoyed by all present. The charming young bride-to-be received many beautiful gifts of cut-glass, silver, pyrex, aluminum and linen, etc. Miss Hughes has been a member of the teaching staff of the Kensington High School for some time.

Mrs. Charles W. S. Bentley, Charlottetown, is spending a few days in Kensington.

"Apple Tree" Cottage, Thompson's Beach, was the scene of a pleasant social gathering on Thursday afternoon, when Mrs. Preston Kennedy entertained for Bridge and tea, in honor of her sister, Miss Jeanette Orr of Boston, Mass.—B.

Island Born Man Killed In Maine

HALIFAX, Sept. 1—Joseph A. Redmond, 61 year old resident of Madison, Me., and native of Charlottetown, was almost instantly killed when struck by a car in the United States city early yesterday morning.

He died in a nearby store 40 minutes after being struck down by a car operated by Joseph Luce of that city.

Redmond at one time was a resident of Halifax. A niece, Miss Catherine Redmond, of Digby, is believed to be the only surviving relative.

Death resulted from a ruptured artery in the head and an internal hemmorhage from the force of the blow, according to the report of a medical examiner who returned a verdict of "accidental death" after performing an autopsy.

Redmond, it is believed, stepped from behind a parked car into the path of the Luce auto. The driver told police he did not see the man but felt a jar as he drove in the rain near the Pomerleau market.

Brussels Scene Of Anti-war Congress

(A.P. By Guardian's Special Wire)

PARIS, Sept. 1—Thousands of Europeans, rallying to the call "peace is in danger," headed for Brussels tonight for an international congress against war.

Mindful of the danger that Spain's civil war might spread to a Fascist-Social duel of European powers, the delegates went as private citizens to voice their demand for peace above that of diplomatic conversation.

The Popular movement began as a sequel to private conversations between French and Germany war veterans and grew to become the universal union for peace.

More than 100,000 joined in the union's first meeting. Two thousand Frenchmen, headed by Pierre Cot, Minister of Air, were among those departing tonight for the Brussels session which open Thursday.

"Only will for peace, methods to organize it and means to assure it will be discussed."

The union, jointly presided over by Cot and Viscount Cecil of England, has eased its work on four fundamental principles:

1. Recognition of the inviolability of obligations arising from solemn concluded treaties.
2. Reduction and limitation of armaments by international accord, and elimination of profits from munitions industries.
3. Reinforcement of the League of Nations to avert war by better organization of collective security and mutual assistance.
4. Establishment, within the framework of the League, of practical machinery to remedy situations likely to provoke war.

Hepburn Gov't. Pays Big Cheque

(C.P. By Guardian's Special Wire)

TORONTO, Sept. 1 — Premier Mitchell Hepburn and treasury officials today signed a cheque paying off $7,000,000 of provincial debt plus accrued interest. The money was paid out of current funds, it was announced.

"That's our answer to Mr. Rowe and the other critics of our administration," said Mr. Hepburn.

"When we took office just two years ago we found the province going into debt at the rate of $6,000,000 a month. Today we have an excess of revenue over expenditure, and we're paying our relief as we go, a thing the Conservatives never did. In fact our financial position is so good that we paid that $7,000,000 bond issue and accrued interest without even causing a bank overdraft."

Couldn't Fool The Quintuplets

CALLANDER, Ont., Sept. 5—(CP)—Five very puzzled quintuplets probably thought they were seeing double today when two Dr. Dafoes appeared in their nursery at the same time.

The famous babies stared when Dr. Allan Roy Dafoe appeared with another man who looked enough like him to be his twin. The double was Jean Hersholt, the movie actor who is their doctor when the quints appear on the screen.

Always the leader, Yvonne made up her mind first about who was the real thing. She ran to Dr. Dafoe's arms and the other quints followed her.

REPEL AIR

(Continued from Page 1)

ing will be blown to bits.

The fortress, a cadet school since 1882, was seized by Fascist sympathizers as a place of refuge at the outset of hostilities. Men, women and children fled to it, and since it has been almost continually bombarded.

Reorganization Of N. S. Hospitals Advocated

HALIFAX, Sept. 1—Reorganization of Nova Scotia hospitals, involving a change from "single" to "multiple" unit institutions, was advocated today by Dr. Channing Frothingham of Boston in a lecture to doctors of the province attending Dalhousie University's annual "refresher" course.

The proposed institutions would house patients sufferings physical or mental, infectious or non-infectious diseases under the same roof but in different wings, allowing for general use of costly equipment and laboratories without moving patients from one building to another.

Modern medical science had made this system practical, said Dr. Frothingham, physician-in-chief at Boston's Faulkner hospital. Even the most violent infectious diseases could be segregated to one section of a building.

The refresher course was being held in connection with the Nova Scotia Medical Society's 83rd annual meeting to inform the province's practitioners of new discoveries and to refresh their professional knowledge generally.

"The awful slaughter" of Nova Scotian mothers in childbirth was compared by Dr. E. K. Maclellan of Halifax to that of Nova Scotian soldiers in the Great War in a lecture on "the present maternal mortality rate."

From Armistice Day until now, he claimed statistics showed, the number of mothers dying in childbirth in this province, was four times as great as the number of Nova Scotian deaths in the war. Number of persons injured or maimed as a result of bearing children "tremendously out-numbered" the number of Nova Scotian war casualties. Similar conditions existed throughout the world, he said.

Dr. H. Benge Atlee of Halifax advocated yesterday that physically unfit women be given instruction in birth control to prevent continuation of a "too-high" maternal mortality rate.

Means of controlling birth existed that would meet or overcome any religious prejudices, he held, adding "I do not believe we have completed our duty to the women nor done our best to prevent maternal mortality if we do not give some advice."

Address of Welcome

Address to Rev. Richard Johnston, S.J., read after High Mass in St. Malachi's Chmurch, Kinkora, on Sunday by Earl Roberts:

Rev. Richard Johnston, S.J.

Dear Father,—We are here before you as representatives of this congregation to extend to you a welcome to your native parish.

Time does not seem long since you as a boy knelt and prayed with us as a member of the congregation, but to-day you stand before us as a disciple of the Divine Master, a priest forever.

Like so many others of the noble youth from this parish, your great qualities of humility, patienee, and perseverance were unnoticed until to-day we realize that you have been blessed by God's great Love and Grace. You have studied ceaselessly and have denied yourself of the earthly pleasures that you might repay Him, our Heavenly Father. You have been an obedient servant, you have listened attentively to the kind and humble teaching of your parents, also to the careful instructions of your pastor, our same dear pastor, Father Smith; you have advanced through different colleges and universities and the teachings which have been meted out to you have not been in vain. You have been like to the good soil in which was sown the pure seed.

As a priest you shall daily ascend the altar steps and offer up the Sacrifice of the Mass, the same Supreme Sacrifice as was offered on Calvary. As we realize this we reflect on those sublime words of our Lord when He said, "As the Heavens are higher than the Earth, so are My thoughts higher than yours." To you, dear Father, as a priest may we aptly apply these words in comparison with ourselves.

As a member of the Society of Jesus, it is your duty to preach the Gospel of Christ, to expostulate with your many congregations and to draw all to the Tabernacle of Christ that they may be refreshed by the Body and Blood of Him Who died to save mankind.

May we in conclusion beg of you to accept this small gift as a token of our esteem for you. May we also assure you that our prayers shall be ever with you, and finally when our Great Immipotent Father calls you to His Heavenly Home, may your spirit be blessed by that great consoling message, "Well done, good and faithful servant, thou hast kept the faith, thou hast fought the good fight, enter My Heavenly Home to abide with Me forever."

Signed on behalf of the parishioners of St. Malachi's Church.

Cabinet Discusses Foreign Trade

(C. P. by Guardian's Special Wire)

OTTAWA, Sept. 1—Foreign trade was the subject of a long cabinet council session this afternoon and no progress was made with appointments or any of the other administrative questions awaiting attention. Prime Minister Mackenzie King said his three ministers who canvassed trade conditions in Europe this summer, gave a "most interesting" account of what they had discovered in the United Kingdom, Russia, Holland, Germany and Switzerland.

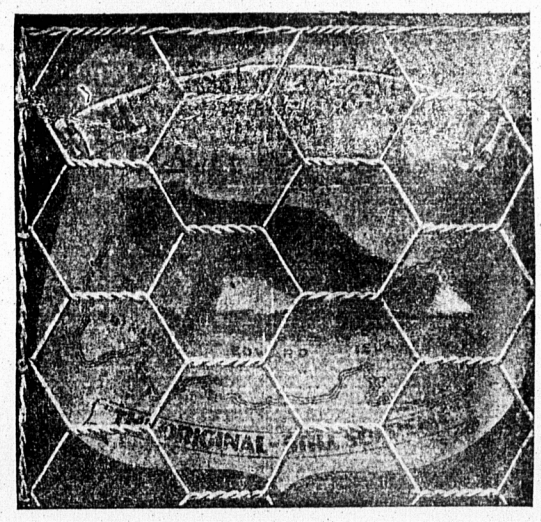
The three ministers were Euler, of Trade and Commerce, Dunning of Finance, and Gardiner, of Agriculture. Mr. Euler made the most extended journey and this was his first appearance at cabinet council since the prorogation of parliament. Mr. Dunning and Mr. Gardiner confined their trade inquiries mainly to the United Kingdom and returned nearly a month ago.

The Prime Minister said the information brought back by his trade emissaries would be considered at considerable length before he would be in a position to make any definite announcement with respect to the next steps his government will take in the way of opening new markets.

Order "the World's Best"

HOLMAN'S PRINCE EDWARD FOX NETTING

Carloads In Stock



1. Right at the CORE starts the QUALITY that has made Prince Edward Famous for Strength.
2. Its RUGGED TOUGHNESS comes from its SLOW-SURE PROCESS—always dependable.
3. Its FLEXIBLE STRENGTH IS ANNEALED to BEND but Never BREAK.
4. Its EXTRA TWIST makes the JOINTS "Six Times Stronger."
5. Its JOINTS are SEALED which Locks IN the Strength—Locks OUT the Moisture.
6. Its Heavier Galvanizing is Double Coated—gives Double Protection.
7. Its Straight, Non-Sag Wall is Easier to Erect—Makes Better Pens.
8. There's a Risk in buying Netting that Looks Alike. But you can't go wrong with Prince Edward. It's Time-Proven.

HOLMAN'S

SUMMERSIDE, P. E. I.

Once in State Prison, Now Respected Citizen

COLUMBUS, Ohio, Sept. 1—(AP)—Carlton B. Chilton walked out of Ohio's statehouse last night, freed, temporarily at least, from the threat of being returned to Oklahoma State Reformatory from which he escaped 23 years ago to become a respected citizen of Cleveland.

"I can see no possible good to society to send this man back," commented Governor Martin Davey as he denied the request of Oklahoma for Chilton's extradition to complete a two-year sentence for bank burglary.

It was indicated Oklahoma could press its demand by instituting mandamus proceedings in federal court.

BRITISH BEEF TRAVELS

LONDON, (CP) —Large consignments of the roast beef of Old England have gone to the Johannesburg Exhibition for use in the restaurant manned by 80 employees of the Midland Railway sent to South Africa for the purpose.
