MILLIONS OF WOMEN USE CUTICURA SOAP FOR THE Hands Hair AND Skin. For beautifying the skin, for the stopping of falling hair, for softening and whitening red, rough skin, for the relief of itching and annoying irritations, for the relief of eczema, for the relief of dandruff, for the relief of all skin troubles, for the relief of all skin troubles, for the relief of all skin troubles.

DANDRUFF. It embraces all the causes of dandruff. The brae like scales on the clothes give the impression of scaldiness. Constant brushing alone keeps the clothes free from this.

HUGHES' HAIR DRESSING. Prevents as well as cures dandruff. Makes brushing unnecessary, and keeps the hair from falling out.

HUGHES DRUG STORE. You want something nice. Housekeepers are often busy with other things and do not have time for special baking. It is nonsense anyhow to do special work when it can be procured so cheap and good.

THE Hospital concert now on the tapis is a most praiseworthy object. But a highly favored few are exempt from sickness, hence the great majority have a fellow feeling for sufferers, and a heartfelt desire to assist in maintaining an institution that alleviates suffering, and surrounds the sufferer with everything that skill can suggest or comfort require. The program will be an excellent one. The Trustees of the First Methodist Church have placed their spacious edifice at the disposal of the Ladies' Aid Committee Reserve the date Thursday Nov. 20th.

FUR GOODS one buyer's experience. We sold a Fur Jacket a day or two ago, price \$33. The buyer had been all round town to beat our value. When he finally made his purchase from us he said, "Now Mr. —, I must admit that I saw only one Jacket in town equal to the one you're selling me, and that ONE was marked \$58." This is a fact, and a very significant one. It bears out the claims we make for this Fur Department of ours. We are not the only fur dealers on earth, but it will worry you to find a better place to buy Furs. Our stock of Furs is carefully selected and rigidly examined and inspected by Fur buyers who know their business thoroughly. We buy Furs from no one but the strictly first-class makers of Furs. We buy all of our stock for spot cash, we save you every discount and out, it's possible for any buyer to secure. Then again we price our Furs just as we price our other stock, a fair profit, and as cheap to you as to your neighbor. We sell CORISTINE Jackets, and every other jacket we think good enough for our customers. But they must be at the top notch, or we won't touch them. We stand behind every Fur we sell, with our personal cash guarantee.

Much Satisfaction Is Derived From the contemplation of some article of Furniture bought here long ago, perhaps. No sign of decrepitude in its sturdy frame, no loss of beauty on its polished surface, if ordinary care has been taken. And we sell to-day the same kind we have always sold—thoroughly reliable goods better in some respects, and cheaper too. JOHN NEWSON
