In Use For Over Thirty Years

SAM THOMPSON

Now a prosperous real estate dealer in Detroit, but in the '80's a ball player of renown. Unlike a majority of the old timers, Thompson does not maintain that the game was as fast in his day as it now is. "Baseball is faster now; there are more good men and they are better trained," he says.

### NEARLY IN CONVULSIONS

With Acute Indigestion, "Fruit-a-tives" Cured Me.

NEWBURY, ONT., MAY 29th, 1913  
"I am not a strenuous user of medicines or patent medicines, but I have taken nearly everything recommended for Indigestion and Constipation. I have been so bad with Acute Indigestion that I was nearly in convulsions and had to be held. I have used "Fruit-a-tives" and I have not had another attack proffered at all with indigestion since taking them. "Fruit-a-tives" is the only remedy I ever used that did me any good, and I am grateful to "Fruit-a-tives" for making me as well as I am today, and everyone agrees that I look in first-class health. My husband likes "Fruit-a-tives" very much and takes them whenever he has occasion to use a remedy for Constipation."  
Mrs. D. McRAE  
"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size, 25c, or will be sent to any address on receipt of price by Fruit-a-tives Limited, Ottawa.

### CHURCH TOO DIGNIFIED

Terrible Effects of Alcohol Outlined by Speakers

There were scenes of stirring enthusiasm at Massey Hall, Toronto, when Rev. J. R. Patterson told the convention of the Dominion Alliance the story of the "Catch-My-Pail" movement. The transformation scene which came over Armagh and other Irish cities and towns and villages was told in a manner which brought tears to the eyes of a great many. "I want the men who make the problem to go and solve it. The desire for drink was lost in the desire of saving. The Church's work is half-damned with too much dignity. Go down into the gutter and pick up your fallen brother and sister." Dr. J. Edmund Dube of Laval University, treated the subject of temperance from the standpoint of the scientific man. Scientific opinion and the results of experiments declared alcohol to be a poison. "I have a large practice myself," said the doctor, "but I never prescribe a drop of alcohol." The dire results of drinking by women upon their children, causing all sorts of deformities, and the dangers as far as heredity goes were sketched with no uncertain effect. "Alcohol in the blood of a father is an awful thing," said the doctor. "Morrell has stated a law that children of alcoholic parents will disappear after the fourth generation. The easiest road to tuberculosis," said the speaker, "is lined with whiskey bottles."

### WAGES FOR HENS

Novel Lawsuit Between Two American Neighbors

A unique lawsuit has been settled in Omaha, in which the court officially placed the wages of a hen for hatching out a setting of goose eggs at 97 cents and sum against the owner of the eggs. Soren Lund and Louis Naugle were neighbors. Lund had seventeen goose eggs. Naugle had a hen that wanted to "set." The two men arranged that Lund's hen and the goslings should be divided equally between the two. Four of the eggs were not good and thirteen hatched out. Two days later a thief got into the chicken house and stole the goslings. Naugle thereupon filed suit against Lund for the time his hen consumed in hatching out the eggs. Two lawyers represented each man and the case occupied the attention of Justice C. W. Britt's court for nearly three days. Naugle triumphed, and the court allowed him 97 cents as the wages of his hen during the time she was setting. Lund threatens to appeal the case to the higher courts.
