

The Shapely Hand

Is one of nature's kindest gifts. No hand, however shapely, can be beautiful unless properly cared for, while care will make the most awkward hand, attractive.

We aim to keep every toilet aid or convenience that merit has brought into favor.

You will find here a full line of the finest manicure, Emery Board, Manicure Scissors, Pomade Rouge, Nail Buffers, Cuticle Ice, Mail Enamel Etc.

By aid of these, rose tinted pearly nails and smooth, shapely finger ends will be the reward of a few minutes daily attention.

MOB DEMONSTRATING

(Continued from page one)

So far there is no confirmation of the rumors that the Turks are moving their troops by water in the neighborhood of Rodosto and Midisa. Reports indicate that the Turks met a reverse in the Gallipoli Peninsula but no word has yet been received as to whether the main forces were yet engaged.

It is assumed that the Turkish lines at Bihair and across the Neck of the peninsula are well defended by modern works which ought to offer resistance. Fighting at this point should bring the rival fleets into operation but no naval movement has been reported. Dr. Danef, head of the Bulgarian delegation, returned to Sofia today. The ambassadors of the powers had another meeting in London this afternoon.

SOFIA, Feb. 6.—The minister of the powers at Sofia today communicated to Premier Guechoff the request of the consuls of Adrianople for permission for foreigners to leave the town or for the establishment of a neutral zone for their protection.

The Premier declined to accede to the request, and explained that there was no precedent for such a step. A neutral zone could not be established as no guarantee could be given that shells would not fall in it. (Canadian Press)

LONDON, Feb. 6.—Constantinople despatches say there has been heavy fighting for two days in the Gallipoli Peninsula. The Bulgarians are victorious all along the line. The Turks lost 5,000 men.

THE LATEST FROM THE THEATRES

KEITH'S UNION SQUARE THEATRE

The biggest laughing show of the season will delight the hearts of vaudevillians at B. F. Keith's Union Square Theatre, New York, during the week of February 10th. It is comedy, comedy all the way through, helped along by touches of novelty and bright music.

First there is Ed. Gallagher, recently featured with the "Rose Maid" Company and Joe Fields, the popular character comedian of "The Winning Widow" Company. Having joined partnership for a tour of the Keith Circuit, this duo will present for the first time in many years, the screamingly funny satire, called "The Battle of Bay Rum." Here is where the spectator laughs and laughs loud.

Jesse L. Laekey will give his original and greatest musical novelty, called "The House Boat Party." The book and music is by William LeBaron, and the playlet is staged by Bert Angles. The cast will be a brilliant one, including Wilfred Berwick, Donald Archer, Miss Lily Hart and the Shaw Twins.

In the singing line there will be Lee White and George Perry who need no introduction. They are called "Those Smiling Singers of Smiling Songs" and will sing a few of the big successes of the day.

A novel entertainer to make his premier is Robert Emmett Keane, who has been scoring success after success in all the big cities of the West. Mr. Keane gives several original and clever impersonations with a few short stories that will instantly gain favor.

Still more comedy may be enjoyed in the offering of Mr. and Mrs. Allison, who are making a very welcome reappearance after several years abroad. Mrs. Allison, you may remember, portrays the character of the Swedish servant girl, and their

ARENA.—There will be two good games of fast, clean hockey at the Arena tonight.

CHARLOTTETOWNIANS LEAD.—In a list of the M. P. H. A. players who have scored upwards of five goals this year, which appears in a Halifax exchange, Ches. Gregory leads with sixteen goals and Mike Murphy follows with fourteen. Both are former Charlottetown boys and are members of the same team, the New Glasgow Cubs. This speaks well for Island Hockeyists.

THE BAY OF NAPLES.—The lecture on the Bay of Naples, given by A. A. Bartlett last evening in the Y. M. C. A., Charlottetown, was another success, being instructive from beginning to end. The lecture was never in better form, and his descriptions were given in a clear and lucid manner. It is an established fact that Mr. Bartlett knows whereof he speaks when he gives a lecture on cities and places visited by him. The lecture was supplemented by a splendid set of views, showing the contour of the Bay and surrounding mountains as well as views of the cities and towns situated at the foot of the mountains or nestled on its sides. These views portrayed to the audience a clear conception of the manners and customs of the people of those ancient places. The scenery was grand although aggravating to those who have not the good fortune to be able to wander to such places of historic interest. There was a fairly large attendance despite the fact that the mercury was hovering below zero. The attention paid the lecturer throughout the evening was evidence that everyone was interested and enjoyed the literary treat. A vote of thanks was moved by E. T. Higgs who spoke in eulogistic terms of the lecture and was seconded by Harold Jenkins and conveyed to Mr. Bartlett by Mr. Rieley who acted as chairman. The vote was responded to in fitting terms.

A splendid comedy in this favorite "Minnie from Minnesota." This farcical comedy couple are sure of a very cordial welcome.

A "new" specialty for your approval will be the offering of Tom Penold and Henry Marshall. Mr. Penold is generally conceded to be a tenor of superior quality and Mr. Marshall is known as the composer of many popular songs. They will offer your approval an original musical novelty, which, no doubt, will be one of the applause hits of the program.

Many other features have been selected for this special week, most prominent being Hill's Circus, a troupe of animal actors that will keep you laughing, roaring and screaming from start to finish; Conkey, McBride and Milo, in the "Town Hall Minstrels" and the "Three Maros, wonder workers on the horizontal bars.

LIEUTENANT AND NINE BLUEJACKETS MISSING

LONDON, Feb. 5.—Lieut. Humphrey W. Smith and nine bluejackets belonging to the crew of the British cruiser Perseus are believed to have been lost while watching the pirates on the Oman coast of the Persian Gulf. They had been detached in one of the cruiser's cutters, which it is feared sank, with all hands during a recent gale, as no trace of them has since been found.

IMPALLS HIMSELF ON SWORD BLADE

NEW YORK, Feb. 5.—Louis Durvye, a Brooklyn truck-driver, tied his father's sword to a chair today and lunged forward and impaled himself on the blade. Found dead in the hall, the family thought he had died of heart disease until examination disclosed a deep wound in the abdomen. The blood-stained sword, a relic of the civil war, was then discovered fixed to the chair. The man left no note explaining his suicide.

Child Almost Strangled

You never know what minute a child will develop a bad cold or be seized by croup. For this reason it takes a great burden off every mother's mind to have at hand Dr. Chase's Syrup of Limes and Turpentine.

Mrs. E. W. Silver, South Milford, Annapolis County, N. S., writes: "I have used Dr. Chase's Syrup of Limes and Turpentine for my little boy, with most satisfactory results. His throat would fill up with phlegm so bad that he could scarcely make a sound, and I thought he would surely strangle. He grew worse, and had frequent bad attacks, so I began using Dr. Chase's Syrup of Limes and Turpentine. Scarcely half a bottle was used when the strangling ceased. This medicine had a wonderfully soothing effect, and when he had taken two bottles I could not tell that he had any throat trouble. We have also used Dr. Chase's Ointment, with equally good results. It is a grand medicine for salt rheum."

There are imitations, but the genuine Dr. Chase's Syrup of Limes and Turpentine bears the portrait and signature of A. W. Chase, M. D., the famous Receipt Book author.

RACES.—The following are the entries for the truckmen's race to be held on the ice course at Charlottetown to-morrow afternoon at 2 o'clock:—Hugboat, entered by W. Welsh; Smoothing Iron, H. Hennessy; Rollo Bay Boy, Henry Dolroy; Progress Boy, E. J. Ready; Brighton Star Dandy, W. Hennessy; Shamrock, J. McCarthy; Billy B., W. Bradley; Jane, Jack Arbing.

Roderick McDonald, Pt. Prim, is home from New London, where he spent a very pleasant visit with friends.

His friends will be pleased to learn that Wm. Gillespie, Jr., Charlottetown, who recently underwent a serious operation in the hospital in Boston, is past the danger point and is now rapidly recovering.

CRUISER LINERS ARE UNDER CONSTRUCTION

OTTAWA, Feb. 4.—The model of the first cruiser-stern built liner for the Canadian Atlantic service was set up in the lobby of the House today. The vessel is the new Almatian of the Allan Line which it is expected will be on the Quebec route next July.

She is constructed in such a way as to allow of her being armed if necessary and is the first of a fleet of convertible liners which have been predicted for the Atlantic service. She is a quadruple screw vessel of 17,500 tons and 18 1/2 knots.

CHICAGO'S BIG PLAN FOR STREET RAILWAY MERGER

CHICAGO, Feb. 4.—Mayor Harrison and members of the city council committee on transportation are understood to have reached an agreement on the general terms of a plan authorizing the consolidation of the surface and elevated railroads of Chicago, the construction of a system of subways and the merger of all three.

This combination ultimately will represent from \$400,000,000 to \$600,000,000, and statements of street railway officials are to the effect that in forty years the city will own the entire property, without additional cost at the time of transfer.

This municipal ownership of all transportation facilities will be accomplished by utilizing the city's percentage of profits to assist in retiring the financial obligations of the previous traction companies.

IN MEMORIAM

The funeral of the late Stephen Trainor whose tragic death in Millinocket, Me., was chronicled in this paper a few days ago took place at St. Joseph's Church on Thursday morning, January 30th. A Requiem High Mass was sung by the pastor Rev. Dr. Curran and after Mass the remains were laid to rest in St. Joseph's Cemetery, the pall-bearers being J. D. Flood, Patrick Haughey, Lawrence Smith, Winfred Bradley, George Kelly and G. Linus Smith. Each praise is due Edmund Birt who accompanied the remains from Millinocket. Mr. and Mrs. Trainor and family feel deeply grateful to Mr. Birt for the kind and practical sympathy, regardless of personal inconvenience, extended to them in the hour of sorrow. The deceased was a sober, industrious young man, ever faithful in the performance of his spiritual and temporal duties, his many good qualities gaining the esteem of all who knew him. That the high standard of character which marked him as a model young man in his native parish was faithfully lived up to after he left his home is well attested in a kind letter of condolence to his parents from Rev. Father Reilly, Millinocket, in which the good pastor of St. Martin's says: "He was a model young man, a credit to his parents, to his native parish and to his early training. During the four years I have known Stephen I have admired his integrity, his industry, his sobriety, and above all his many piety, and although his death was sudden I feel it not unprovoked." Truly these are comforting and soothing words to those who mourn the loss of an affectionate son and loving brother. Needless to say the heartfelt sympathy of the community goes out to the sorrowing parents and family of deceased in their sad bereavement. May his soul rest in peace.

RADIO-TELEGRAPHY BILL BEFORE HOUSE

OTTAWA, Feb. 4.—The standing committee on Marine and Fisheries will, on Thursday take up Hon. J. D. Hazen's bill respecting radio-telegraphy. It is anticipated that representatives of the marine interests who will attend the meeting will protest against some of the provisions of the bill. The measures require all boats carrying 200 miles or more and carrying fifty people, to be equipped with wireless.

Amendments have been suggested reducing the limit of distance and increasing the passenger limit, while some members favor an act requiring a wireless equipment for all passenger vessels. The vessel men object that for small distances costly wireless apparatus would be unnecessary, and that operations would be hard to obtain.

TO FURTHER EXPLORE GREAT NORTH LAND

NEW YORK, Feb. 4.—Two important exploration expeditions into the far North land, are being organized and will start this year, under the leadership of Wilhelm Stefanon. This expedition is made possible through the gift of \$25,000 to the fund available by Mrs. Morris K. Jessup.

The second expedition, Mrs. Osborn announced, would explore the vast land Northwest of Grantland, under the leadership of Frederick Peary in 1909. This expedition will start this summer under the leadership of Donald B. Millan.

Announcement also was made of a special expedition which has been organized by Dr. Leonard Sanford of New Haven Conn, through the gift of Frederick Brewster, to make a circuit of South America for the purpose of making general zoological collections.

TOWS \$1,000,000 PRIZE TO PORT

HALIFAX, N. S., Feb. 4.—After towing the crippled French freighter Mexico, with her million dollar cargo, through terrific hurricanes to safety in Halifax Harbor, the Leyland liner Devonian dropped anchor here today, incidentally earning a salvage award of about \$50,000 for the captain and crew.

For nearly five days the Devonian has been tugging on the massive, rusted hawser, and today Captain Trout left the bridge for the first time since Thursday.

Leaving New York Friday week the Mexico ran into a severe storm which rocked her almost continually on her beams end until Tuesday evening, when her propeller became disabled from churning against the heavy seas. When the shaft snapped wireless calls summoned her sister ship, the Florida, and Carolina to aid her, but before either could get near, the Devonian, which was proceeding from Boston to Liverpool, answered the calls and turned back and passed a line to the Mexico. Thursday night, next morning she started for Halifax, and in eighteen hours negotiated 180 miles, but then struck a southeaster which brought both crafts to a standstill. Oil was pumped on the turbulent waters incessantly, but they were unable to make more than ten miles in twenty-six hours steaming.

The French steamer, which was rolling heavily shipped much water, and her bridge deck dipped many times, but no damage resulted.

HUSBAND IS CHARGED

(Continued from page one)

ed with assaulting his wife, Camilla Morse Havemeyer Beach, "with intent to kill," Frederick O. Beach, a New York millionaire, today was to be placed on trial in the Aiken county court of general sessions.

Mrs. Beach was the victim of a mysterious attack on the night of February 26, last. She was assaulted while standing on the lawn on the Beach winter home here, and received a serious cut on the throat. Immediately after the attack Mrs. Beach asserted that her assailant was a negro. After an investigation by city authorities and a detective, a warrant was issued for the arrest of Mr. Beach. Repeatedly he denied the charge. Mr. Beach is represented by an array of legal talent composed of both local and New York lawyers.

It is understood that Mrs. Beach will reiterate the story of the attack exonerating her husband.

IN LOVING MEMORY.

There passed peacefully away to her eternal rest on Jan. 27th, 1913, at Garfield, Margaret Florence, dearly beloved wife of Charles MacWilliam, in the 24th year of her age. She leaves to mourn a sorrowing husband and two young children, the eldest about two years, and a babe of two months of age. Deceased was of a kind and obliging disposition and a good neighbor. She was loved and respected by all who had the pleasure of her acquaintance. She died trusting in the merits of her Saviour and His finished work. Mr. McWilliams and the little ones have the entire sympathy of the whole community in their sad and sore bereavement in the great loss of a loving and devoted wife and mother, the greatest of all earthly losses. Her pastor Rev. J. W. MacKenzie officiated at the house and grave. The pallbearers were John R. McWilliams, John M. MacDonald, Angus L. McLean and Capt. James A. Munroe. (Boston papers please copy.)

SCHOOL BOY AGAIN OUTSKATED ALL OPPONENTS

BOSTON, Mass., Feb. 4.—Again tonight "Bobby" McLean, the Chicago school boy, outskated all opponents in the national indoor skating championship races at the Boston arena. McLean won the titles in the one mile and half-mile events, and also outdistanced the field in a one-mile handicap race in which he started at scratch.

POSTUM

These doctors represent but a fraction of the thousands of physicians who use Postum in place of tea and coffee in their homes and in their practice.

Cases of shaky nerves, irritable hearts, indigestion, biliousness, headache and sleeplessness, due to tea or coffee drinking, are observed in the everyday experience of medical men everywhere.

Following the change from tea or coffee to Postum the ailing one quickly discovers that the Doctor's advice to "quit tea and coffee and use Postum" was sound. Better health follows; then one friend tells another.
