If you have a severe cough or chest cold accompanied with soreness, throat ticks, hoarseness, or difficult breathing, if your child wakes up during the night with cough and you want quick relief, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex (50 cents worth). Pour this into a 1½-oz. bottle and fill the bottle with plain granulated sugar syrup. Previous to the meeting of the City Council last night a delegation of fifty citizens or more waited upon His Worship and the Council in regard to taking some action towards improving Government Pond and surroundings.

Mr. G. S. Inman, who was the first speaker, referred to the marked improvement in the city in the last 40 years, in all its public places save the Government Pond. He instanced the fact that 40 years ago Queen Square was a dumping ground for ashes and other refuse and there were then no trees or gardens. It is now one of the beauty spots of the island. Reference was made to similar improvements in other parts of the town. Thirty years ago, he said, Government Pond was surrounded by a lot of tumble-down huts which today are replaced by some of the best residences in the city, but the Pond itself remains practically the same. It was urged that the Pond be dredged, its sides built up with stone or concrete, that a driveway be built around it, trees be planted and walks laid out, and thus make it one of the most beautiful spots on the island. It was pointed out that the present condition of the Pond is not sanitary and from this point alone it would be well worth while having something done.

Other speakers were Messrs C. B. Chappell, Judge McDonald, James A. S. Bayer, W. H. Tidmarsh, E. T. Higgs, Robert L. Cotton, H. V. Buntain, A. W. Hyndman and others who all were strongly in favor of the city taking some definite action along the plans defined. Several well-executed sketches were submitted, notably one by Architect Chappell showing what a wonderful transformation could be brought about by the judicious expenditure of a sufficient sum of money.

Mr. J. A. S. Bayer also submitted an interesting drawing showing what might be done.

His Worship after the matter had been dealt with at some length promised that the subject would receive favorable consideration.

The estimates for the city schools, amounting to \$27,008.01 were submitted and laid over for further consideration. Last year's estimate was \$21,279.19.

A letter was read from the assessors, Messrs H. C. Lowe, A. B. Brown and James Eden pointing out that they have more work to do than formerly and asking that they be granted a substantial increase.

A petition was also read from the members of the police force asking for an increase in pay.

Both requests were laid on the table.

Tenders were ordered to be called for the erection of bathing houses at Kensington shore and Brighton Beach.

A resolution was passed asking for an overdraft of \$30,000 at the Canadian Bank of Commerce.

After some other matters were discussed the meeting adjourned.

An event of no small importance to the city and community was the formal opening last evening of the League of the Cross Hall on Dorchester Street as a Knights of Columbus "Hut" for returned soldiers.

A large number of the soldiers were present, besides other citizens who evinced much interest in the proceedings.

Dr. W. J. P. McMillan presided and with him on the platform were Rev. M. McDonald, ex-Governor McKinnon and ex-Mayor Brown, who all delivered bright and interesting addresses, strong in tones of welcome and radiating with a warm flow of good humor.

various departments where they would be able to pass their moments of leisure.

Ex-Governor McKinnon heartily commended the action of the K. of C. in taking the action they had in regard to the soldiers. He said this was a work in which there was plenty of room for all to bear a hand. He spoke also of the splendid work of the boys "over there" and said nothing was too good for them over here.

Mr. P. S. Brown, Chairman of the K. of C. Reception Committee, who was introduced as the "Soldiers Friend" followed with a splendid speech full of good humor and good advice to the "boys" and girls and the gospel of "help one another". The sooner all learned and practiced this gospel the better for everybody was his message. He paid a deserved tribute to the G. W. V. A. and its objects for the betterment of the returned men.

Rev. Maurice McDonald, the newly-appointed Hut chaplain also gave a brief and witty address in which he welcomed the soldiers to the full privileges of everything at the Hut.

A returned soldier at the close of these addresses got up and thanked the Knights of Columbus and their ladies auxiliary for all they had done.

Musical selections by the L. of C. Band and solos by Miss Georgie Kelly, Miss Byrne and Miss Blanchard rounded out a very pleasant programme.

God Save the King brought this part of the proceedings to a close after which the soldiers present were treated to refreshments served by the Ladies Auxiliary.

Twenty three more Island soldiers from overseas arrived last night, thirteen of whom came to Charlottetown.

A large crowd had assembled at the Railway Station upon the arrival of the train and vigorous cheers greeted the boys as they detrained and the League of the Cross Band played the "Maple Leaf."

The boys were met and heartily welcomed at Sackville by ex-Mayor Brown on behalf of the K. of C. Hut Fund Committee, at Emerald by Lieut. Tom Rogers and at the Depot in Charlottetown by Mr. R. H. Jenkins on behalf of the citizens and the Y. M. C. A., of which he is President, and also by Lt. Palmer and Sergt. Lowther on behalf of the Great War Veterans Association.

Escorted by the L. of C. Band the returned men were conveyed in sleighs to the G. W. V. A. Hall on Queen Street where the ladies Auxiliary had a splendid luncheon ready for them and while they partook of it addresses of welcome were delivered.

Premier Arsenault, on behalf of the Province, in a brief but very warm address spoke in terms of the heartiest welcome to the boys extolling their great feats of valor and prowess on the field. The Premier explained to them that it was the intention of the Government to do everything possible to help the returned men, that they would have first choice of all open positions and that arrangements were in process whereby all returned men would have an opportunity to get a fair start again in civil life.

Ex-Mayor Brown also added a few words to the welcome he had already extended to the boys and reminded them of the opening of the K. of C. Hut at which every returned man was welcome and everything was free.

Mr. R. H. Jenkins explained that Mayor Wright was unavoidably absent and had asked him to represent him on this occasion. Mr. Jenkins in a few well chosen words extended a hearty welcome to the citizens and as President of the Y. M. C. A., bade every returned man a most hearty welcome to all the privileges of that institution, whose work among the soldiers at all the battlefronts was known everywhere.

Sergt. Lowther for the G. W. V. A. followed with another brief and hearty address of welcome, extending the use of the club rooms to the returned men. He incidentally mentioned that the G. W. V. A. was considering the matter of forming a volunteer force of from 6 to 12 men to aid the regular police should any of their brethren in moments of temporary aberration overstep the bounds of quiet dignity and "cut loose" to any unusual extent.

Mr. J. A. Messervey also spoke referring to his visit to the battlefield and the splendid behaviour of the boys over there, their sacrifices and their uncomplaining devotion to duty.

Ensign Forbes of the Salvation Army also was on hand and tendered welcoming words to the boys, stating that the Salvation Army was all ready and willing to do their share to help them at any time.

Ex-Governor McKinnon also made a brief speech of welcome and like the others was warmly applauded.

These men arrived at Halifax Saturday by the S. S. Carmanis which brought 3200 soldiers and 251 civilians.
