Your doctor will tell you why it has such power over weak nerves, why it makes the blood rich, and why it gives courage and strength. Ask him if it is not just the medicine you need.

YOU MAY BE SICK TO-NIGHT. Without a moment's warning pain springs upon us. At the outset it is instantly cured by Nerviline. Surprising what aches drop and the medicine will do. It's external action is so sure certain that it's wonderful effect when taken internally. Of course Nerviline is powerful or it couldn't be so penetrating. But not irritating or caustic. There are other pain remedies, but when you use Nerviline you see the difference. The difference is this—others relieve, but Nerviline does cure sprains, strains, swellings, earache, toothache, neuralgia, lumbago, in fact all muscular pains. Large bottles 50c at all dealers.
