THE PRESIDENT'S ANNUAL MESSAGE

An Echo of His Muck Rake Speech, Deals With Campaign Contributions, Divorce, Lynching, Army and Navy, Peace and Righteousness

WASHINGTON, Dec. 4.—The President of the United States communicated his annual message to Congress to-day.

Among the subjects of general interest dealt with are: Corporation campaign contributions; government's right of appeal in criminal cases; lynching; capital and labor; corporations; withdrawal of coal lands; marriage and divorce; American shipping; currency reform; Philippine tariff attitude towards Japanese; Cuba; the Rio conference; fur seals; peace and righteousness, and the navy and army.

CAMPAIGN CONTRIBUTIONS. "I again recommend a law prohibiting all corporations from contributing to the campaign expenses of any party. Such a bill has already passed one House of Congress. Let individuals contribute as they desire, but let us prohibit in absolute fashion all corporations from making contributions for any political purpose, directly or indirectly.

THE LYNCHING EVIL. In regard to lynching, President Roosevelt says: "Lawlessness grows by what it feeds upon. When mobs begin to lynch for rape they speedily extend the sphere of their operations, and lynch for many other kinds of crimes, so that two-thirds of the lynchings are not for rape at all, while a considerable proportion of the individuals lynched are innocent of all crimes.

MARRIAGE AND DIVORCE. "I am well aware of how difficult it is to pass a constitutional amendment. Nevertheless, in my judgment, the whole question of marriage and divorce should be relegated to the authority of the National Congress.

PEACE AND RIGHTNESS. "It must ever be kept in mind that war is not merely justifiable, but imperative upon honorable men, upon an honorable nation where peace can only be obtained by the sacrifice of conscientious conviction and national welfare. Peace is normally a great good, and normally it coincides with righteousness; but it is righteousness and not peace which should bind the conscience of a nation as it should bind the conscience of an individual.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a tendency to close, and hearing is impaired. In many cases, the hearing is completely lost, and the ear is rendered deaf for ever. Unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; and this case is out of the reach of all other remedies, which is not the case with the Deafness Cure. We will refund One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

She said the two brothers were assisted in the kidnapping by the wife of Charles Marino. She said that after she had been forcibly dragged into the home of Charles Marino, she was then led, protesting and crying, to a vacant flat above that occupied by Charles. The door was then locked by the latter, who pocketed the key and left her alone with his brother.
