Four Fireman Go To Their Deaths. The Terrible Catastrophe That Resulted From Burning Of Twelve Story Building

Story Building

NEW YORK, Jan. 13.—Four firemen went to their deaths when they responded to a fire that ruined the Parker building, a twelve story business structure occupying the block between East 18th and 19th streets on Fourth avenue last night. Fought by half the firemen of Manhattan and apparatus that blocked the streets for blocks, the flames were with difficulty confined to the building in which they originated. Floor after floor gave way and dropped to the basement, and beneath these and crumbling walls no less than thirty firemen were caught and either killed outright or seriously injured.

On the fifth floor, where the watchman discovered the fire, five girls employed by the Ditmore Woolen Company were at work. As the flames rose above them the girls hurried downstairs to the street. On the top floor, in the Suffolk Engraving Company's engraving establishment, six men were working. Their escape was cut off and they fled to the roof. Flames had surrounded them on three sides and they were in imminent danger of death when rescued by means of a life line shot from a mortar gun manned by a hook and ladder company on the roof of the Florence Hotel, adjoining. The hotel is eleven stories in height, and from its roof a line was fired across the top of the burning building. There it was seized by the imperilled men and the free end was made fast about a chimney. Down this rope hand over hand, the men dropped to safety.

Meantime the hotel had been emptied of its guests, and nearby houses had been vacated. Seven firemen of engine 72, which first arrived, ran up to the fifth floor after 85 foot extension ladders had been raised to the windows of that story to make possible their escape. After a fruitless effort to stay the flames where they originated, these firemen were driven to the windows, only to find that the tops of the ladders had been burned, cutting off their retreat. Three of the seven made a desperate effort to reach the roof. They were not seen again and are supposed to be dead in the ruins.

And four others were rescued by hook and ladder company number 7, who at the risk of their own lives, ran up scaling ladders and dragged the more or less burned men from the windows. These men had barely

hands while his arms are extended in the air. One of his acts that has created a sensation elsewhere is what is known as the billiard ball production. This is always a marvellous performance. All who go tonight will want to go again not only to see the tricks illusions and magic but to discover—if possible—how some of them are done. "Fairyland" has gone to great expense and trouble in securing Professor Hanson but the best is none too good for the patrons of this popular recreation resort.

He gives frequent changes of program—so that the interest will always be maintained in his work. The pictorial program is also superb. It will include the "Plank" and "The Ferryman's Daughter," and others which will arrive this morning. Their names will appear in the evening papers. The flower song "While I have you," as sung by Mr. Maddison will be another prominent feature. The whole mammoth performance is yours for five cents.

\$25.00 FOR A LETTER Can You Write One?

Eight Prizes to be awarded in a Letter Writing Contest Open to Everyone in the Maritime Provinces.

Dr. Williams' Pink Pills for Pale People have been used in the Maritime Provinces for a generation. Hundreds of remarkable cures have been reported during that time and there is scarcely a family in which the remedy has not been tried with beneficial results. This furnishes the material for the letter to be written in this contest. There is no demand upon the imagination; every letter must deal with facts and facts only.

THE PRIZES.

The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 1st day of February, 1908, from the Maritime Provinces on the subject "Why I Recommend Dr. Williams' Pink Pills." A prize of \$10.00 will be awarded for the second best letter received; a prize of \$5.00 for the third best letter; and five prizes of \$2.00 each for the next best five letters.

THE CONDITIONS

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case, or one that has come under his or her personal observation. More than one cure may be described in the letter, but every statement must be literally and absolutely true. The letter should be no longer than is necessary to relate the benefit obtained from the remedy in the case described.

Every letter must be signed by the full name and correct address of the person sending it. If it describes the cure of some person other than the writer of the letter, it must also be signed by the person whose cure is described as a guarantee of the truth of the statements made.

The writer of each letter must state the name and date of the paper in which he or she saw this announcement. Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of award.

It is understood that The Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so. The contest will close on Feb. 1st, 1908, and the prize will be awarded as soon as possible thereafter. Do not delay. If you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows: THE DR. WILLIAMS' MEDICINE CO., BROCKVILLE, ONT., Letter Contest Department.

TO WELCOME THE U.S. FLEET

RIO JANEIRO, Jan. 13.—News has come from Pernambuco that when the American fleet passed there bound south, fifteen battleships could be distinguished from the shore.

A division of the Brazilian navy, composed of the cruisers Barroso, Tupy, Tamoro, and Carlos Gomez, will leave Rio Janeiro to-night for the high seas.

It will meet the Brazilian fleet at Cape Frico and welcome its arrival in Brazilian waters with appropriate salutes. The American vessels will then be escorted into the harbor here. They will probably anchor some time on Saturday.

MANY MEN IDLE IN CHICAGO

CHICAGO, Jan. 13.—The Inter-Ocean today says—A careful canvass of the labor situation in Chicago yesterday revealed the fact that there are in the city 138,050 idle working people. There are normally 50,000 men out of work at this season of the year, namely those whose employment ceases in the winter time, so that the number of men idle as a result of the business depression is 88,050. The Association Building Trades with 37 affiliated unions, shows 18,000 out of work against an absolute scarcity of men one year ago. The teamsters have the next highest number 15,000 idle men.

THE NICKEL TONIGHT

he holds the child he sees an officer coming, not wishing to be seen carrying an infant he lays it in a barrow which is close by. He salutes. The officer stands and talks awhile and while the conversation goes on the owner of the barrow appears and wheels it off without noticing the contents. Private Atkins turns to take up the child when the officer leaves but is horrified to find it gone. He runs off to try and find it cannot and while another nursemaid with a baby in the carriage is talking to her friend he lifts out the baby to substitute it for the one he lost. His officer finds the baby and finally both the children are returned to the proper parties. "Toothache" is another scream. One pities persons with toothache but they certainly laugh at this. After bathing his feet in hot water to try and effect a cure he goes to the dentist's and after wrecking the furniture there and not allowing the dentist to extract the troublesome molar he lands on the street running into a citizen who immediately shows fight. The citizen hits him right on the sore tooth and it comes out when he promptly pays him the dentist's fees although it was not extracted professionally. "Railway Panorama" shows glimpses of Australia while standing on the rear car of a train. It takes you for miles through hills, around curves, tunnels, etc and is very interesting. Besides the pictures a good musical program is promised. Mr. Murley will sing the illustrated song "When the Flowers Bloom in Springtime" and during intermission Major Galbraith will render a cornet solo, "Summer Night."
