

**Was Getting No Nourishment He Was Gradually Wasting Away.**

Which will interest you? Before my boy was much delicate health didn't think I would be. For weeks after he was deprived of life and the poor left to the care of a naturally strong little stomach. I was in a choice of either to let him starve or to give him a bottle of Carnol. I chose the latter. He was fat and rosy and full of life with a happy smile. 'What on earth have you done to him?' I said. 'Why,' she replied, 'I simply made him live out of doors, gave him good food—and here's the real secret, I gave him three bottles of Carnol. Before he had taken half a bottle his whole appearance had changed. He got heavier, his face took on a colour and he would run round for hours at a time.' The change in my boy is the most wonderful event in my life. I am a regular 'fan' for Carnol and never lose a chance to boost it. As I write I am looking out of the window and when I see that rosy, active, healthy child running round, I cannot believe that he was once a puny, delicate boy.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money.

**KINGSBORO**—Life in our quiet country community lacks the variety of interests to be found in towns. Nevertheless we, in the country, are a busy and a contented people, and not without variety enough to give the desired "spice to life." The abundant harvests have been gathered in, the Thanksgiving services have been held, the Thanksgiving feasts on joyed and now we are in a position to develop our social lives more than we are permitted to do during the summer months. A social event, in which the entire community was interested, took place at The Manse recently, when the congregations of the Christian and the Baptist churches assembled to surprise the minister, Rev. W. R. MacWalker and Mrs. MacWalker. The surprise to Mr. MacWalker took the form of a fur coat and to Mrs. MacWalker a purse of money. Deacon T. S. Robertson addressed the minister and Mrs. J. H. Baker addressed "the minister at the Manse." When the minister had replied, a real social evening followed. Music old and new, hearty fellowship, merry laughter and of course the spread in the dining-room.—Another pleasant evening was spent at the village hall, when the Orangemen opened the doors to their lady friends. There was music, there were addresses, there was a well-spread table and "all went merrily as a marriage-bell." It is to be hoped that these socials will occur at intervals throughout the winter months.—Mrs. Benjamin Ching, Mrs. J. A. Ching and Mr. Walter Robertson are patients in the P.E.I. Hospital. We wish them an early recovery.—Messrs Arthur and Ira Young and Mrs. Lorne Kennedy have returned from a visit to Western Canada.

**CRYSTALS WORK OUT.**—The Crystals had their first work-out in the Summerside rink on Wednesday night, and were favored with an excellent sheet of ice. Among the players in the work-out were, practically of last years veterans with a sprinkling of new blood which tendered to lend spice and interest to the work out.

**GOVERNMENT STEAMERS.**—A considerable raft ice and a heavy sale was encountered yesterday by the C. G. S. Montcalm in clearing the harbor. She proceeded yesterday morning to Fitzroy Rock and returned again. There are no schooners waiting in port to be towed out of the harbor. Owing to the heavy wind yesterday no work could be done. The S. S. Maraca was expected outside the harbor last evening and this morning the Montcalm will tow her to port if the weather is favorable. The C. G. S. Brant is still at Georgetown.

**TIED TO BED FOUR YEARS**

CHICAGO, Dec. 13.—Strapped to a bed and lashed hand and foot for four years by his mother, who did not want to lose him, James Kozeny, 30 years of age, was rescued yesterday by the police who broke into the mystery house and found him in an unspeakably filthy, dark, cold room.

When his bonds were cut, Kozeny was unable to move. Four years of inaction had made him a helpless skeleton and a mental wreck. Before they could cut him loose, two detectives had to subdue his mother, who fought like a tigress.

The mother said her son had been twice in the asylum for the same at Dunning. She said he was demented because of an accident in youth. She talked confusedly of relatives "who are trying to spirit him away" in order to get possession of money she claims was left him.

The mother said that because of his screaming she had removed him to the tight little room in the basement. "There he was 'spread-eagled,' with feet and hands tied to the four corners of the bed. He had been in this position for four years, and had become so weak that he did not scream any more.

Our style kick is you can't pull these trousers on over your shoes.

It doesn't matter much, but Mussolino, leader of the Fascist in Italy, sounds like a Greek wrestler.

Autos are not as thick during the rush hours as some of the demented because of an accident in youth. She talked confusedly of Paddock claims he ran five yards faster than this.
