On Tuesday night we were entertained by the celebrated Paul Kollins and the only "fat spot" in the program was when Mr. Kollins had finished. All great actors or artists have their critics and so when reading the posters some remarked that anybody is all right in an advertisement. But those views are being obliterated and it was unanimously agreed that he was the best single actor and entertainer that has ever been on our stage which is something to say, as we have had talented artists on several occasions perform for us.

Da Wednesday night the Morell Dramatic Club presented their play "And Billy Disappeared" to a full house. Each part was well played and kept the audience interested from beginning to end. Another interesting part of the program was Mr. Walter Burdett who accompanied by Miss Edith Pigott on the organ sang a number of songs in his usual good style which was much appreciated by all. After the program a sale of pies and candy took place. Mr. Burdett acting as auctioneer.

Tryon Tid Bits... "By Wandering Scribbler..."

Miss Winifred Best, Teacher Maple Plains School, spent the weekend (23-24) at her home Crapaud.

Mr. Howard Calbeck, North Tryon, arrived home Saturday morning after spending a few days with friends in Summerside.

Typographical error—Item in Sunday's "Tid Bits"—Mr. and Mrs. George Hennessey, and family spent the holidays and family guests at Mr. and Mrs. J. P. Lord North Tryon, should have read: Mr. and Mrs. George Hennessey, and family, Charlottetown, spent the holidays in North Tryon, the guests of Mrs. Hennessey's parents Mr. and Mrs. Wm. Thomas, and Warren and Mrs. Lord, Summerside, were the guests of J. F. and Mrs. Lord, North Tryon, for Easter.

Boulder Bros., Albany, are putting the finishing touches on the dwelling of Mr. Wm. Calbeck North Tryon, the remodeling of which was started late last autumn, but owing to pressure of his potato work Mr. Calbeck did not get all through them as at first intended.

A fine silver fox, running at large, gave to a party of North Tryon's their morning exercise on Saturday. After doubling back and forth several times in the bushes which fringe the lives pond Reynard suddenly took to the open and soon was out of sight. The various fox farmers of that vicinity immediately took to a census of their respective ranches, and the report was in every case, all present and correct. The fox was evidently a traveller although not a commercial.

Mr. George McLeod (Rory) North Tryon, met with what might have been a serious accident a few days ago, when his car which he was driving bare back, stumbled, and threw him over his head. Happily the landing place was softer by far than "Rory" and he escaped without injury. He was careful boy, next time you might not be so lucky.
