Zep To Make Non-Stop Trip To S. America

FRIEDRICHSHAFEN, April 29.—
(U.P.)—The Graf Zeppelin will make
her first non-stop to South America
in August, according to Capt. Hans
Lehmann, second in command of the
airship.

The Graf's trip, which will be
one of three in connection with the
Luftthansa, will be made to demon-
strate that the South American traf-
fic can stand regular airship service
and also that airships are the best
means for the trans-Atlantic part of
that service. The Graf will fly direct
from Friedrichshafen to Pernambuco
where the Condor planes will pick up
the mail.

"The halt at Sevilla last year, as
is known, was made at the request
of interested parties in Spain," Capt.
Lehmann said in referring to the
Graf's May, 1930 trip. "Unless there
is some special reason this year, the
first trip will be direct to Pernambu-
co. We probably shall lay a course
over the Bay of Biscay, instead of
over the Mediterranean," he said.

"That of course depends on the pre-
vailing weather, but that course also
would be a test of the Graf's air-
worthiness.

"Otherwise, the trip will be car-
ried out much the same as last
year's," he continued. "Preparations
for landing in Pernambuco, tuning
up and provisioning for the return
journey are already made there. Of
course, if there is a request for a
stop at Sevilla, either on the out-
ward or the return journey, we will
stop there."

The mails from Friedrichshafen to
Berlin on the return journey will be
carried by Luftthansa planes.
"The purpose of these trips," said
Capt. Lehmann, "is to demonstrate
again the feasibility of maintaining
regular airship schedules between
Europe and South America. The
journeys will also give opportunity
for further aeronautical observations
which should be of advantage to air-
ship operation in general. The time
is in sight when the airship and air-
plane will work together to mutual
advantage in speeding up air com-
munications."

The trips are also intended as an
effort to place the German Luftthansa
airmail service at a greater advan-
tage in the South American traffic.

I expect you've some sort of lame

Office Boy: "Yes, sir. I slipped as
I came down stairs this morning and
sprained my ankle."

THE QUEEN ENTERED THE ROOM,

went up to the picture, examined it care-
fully in silence, and then walked to-
wards the door.
As she opened it she turned round
and said coldly: "We are redder than

other word.

AS THE SCUP WAS HANDED OVER INTO

the youth's hands, there went up
cries of "Speech! Speech!" Mean-
while the lad was able to collect his
thoughts and, of course, to catch his
breath. Then he stepped up on a
bench—there came an abrupt and
eager hush! "Gentlemen," he said,
"I have won this cup by the use of
my legs. I trust I may never lose
the use of my legs by the use of
this cup."

A YOUNG HOUSEWIFE STOOD AND GAZED

"the sheep was born in New Zealand
but," suddenly brightening up, "its
parents were English."

MALPEQUE

It is with sincere regret that the
congregation of Princetown United
learned that their minister, the Rev.
E. M. Aitken, has decided to accept
the call to unapologetically extended to
him from Sydney, C.B. Mr. Aitken
possesses the qualities that fit him
not only as a pastor among his peo-
ple, but also as an able exponent of
the word. While it is recognized that
Mr. Aitken is well adapted to enter
into the larger sphere of work to
which he has been so unexpectedly
called, it is realized that although
he has only been in this congregation
for the short period of one year, yet
he, Mrs. Aitken and the two children
fill a large place in the hearts of the
people of Princetown United and
consequently their going is greatly
regretted.

It is with sincere regret that the
many friends of Mrs. Hartwell Cro-
zier have learned that it is necessary
for her to enter a hospital for treat-
ment. It is understood that Mrs.

St. John, N. B. Mrs. Crozier's many
friends sincerely hope that she may
be benefited by the treatment.

cently from Montreal, where Miss
Marion received medical treatment in

here and were guests at the Manse.

rived in Kensington on Friday, where
they spent the week end with friends.
They come to Malpeque on Tuesday
and will re-open their home here.
Mrs. Burns and Miss Helen will be
welcomed back among their friends
here.

The debate on Friday evening un-
der the auspices of the Young Peo-
ples' Society was listened to with
much interest. The subject "Resolv-
ed that Maritime Union would ben-
efit Prince Edward Island" was one
that called for considerable study. On
the affirmative side were Mr. Ernest
Lockerby, Miss Alice Fraser and Mr.
Ralph Bryenton, and the Negative
side, the winning side for the even-
ing were Mr. Gordon Rice, Misses
Thelma Woodside and Margaret Wal-
ler. Miss Jean Donald capably pre-
sided during the evening and the
Judges for the debate were: Mr. W.
G. Ramsay, Mrs. Sinclair MacGowan
and Mrs. L. D. MacNutt. The
meeting was under the direction of
Miss Waller's team.

81-YEAR-OLD IDAHOAN

FULLMAN, Wash., April 29.—(U.

any fiddler better than his son Bur-

accepted a challenge and won a fid-

of Pullman.

The "feud" which originated what
Tom Breeze, a farmer, but that Parr
could outplay any old-timer, entered
in radio competition. Friends of
Davis urged him to enter the con-

of the judges.
