THE MARITIME LIFE ASSURANCE CO. FOR THE COMMON GOOD

The Growth of Group Assurance

The first group assurance policy was authorized by the New York Department Insurance, February 1911. Nine years later the amount of such assurance in force in the States was more than a billion and a half dollars.

The field of life assurance is constantly extending—together with the profits of shareholders. Send for facts about some of these.

Haskell Coffin

Who has drawn so many front cover designs for the Saturday Evening Post and similar journals has designed one of his prettiest "heads" for one of the Christmas list of Moir's Chocolate Boxes.

Fig Newton is a new Baby Grand size model of Moir's famous Fig bar. The same delicious biscuit covering the same fresh fruit..... A little smaller, that's all..... And so fine for the daintiest functions.

The Canadian National Dining Car Service believes in supplying the best to its diners. Moir's Bread is one example.

Today is somebody's birthday. Say it with sweets.

..*One of Montagues leading citizens recently paid what he fully expected would be a very pleasant visit to one of his old friends in Brudenell. The "very pleasant" visit didn't last long however, less than ten minutes being required to extend the usual greetings, and enjoy a talk about old times etc. The gentleman in question, who has ever since been thanking his lucky stars, will doubtles give this section of Brudenell a wide birth in future.

..*FORMER RESIDENT.— The following obituary which appeared recently in one of Western Papers, ought to be read with deep regret, by the resident of Montague, when the deceased was born and for a number of years was one of its residents. William Gower Kennedy died at Drumheller, on Tuesday, August 28th from after effects of injuries sustined in the Great War. The deceased was well known locally, having worked here at his trade as blacksmith for several years. Mr. Kennedy enlisted with the 2nd Battery in 1914 at the beginning of the war with Germany being the first to enlist from McLeod, Gower stayed through the war till the signing of the armistice, finishing as Sergeant. He was married to Evelyn Coulter in Nov. 1922, and by whom he is survived. He is further mourned by his mother Mrs Duncan Kennedy, of Montague, P. E. I., also the following brothers and sisters, Duncan of Montague, Neil in British Columbia, Lawson, of Boston, and Allan, of McLeod, Mrs Cyrus Dewa, Montague, Mrs N. D. McFadyen, Canoe Cove, and Mrs Arthur Pinkham, of Boston. The funeral took place at Calgary at 3.30 Thursday when the honored remains were interred in the Soldier's plot at Calgary, many sorrowing comrades and friends attending the obsequies.—J.

Symptoms Of Debility

How to Tell Whether Your Blood Needs Revitalizing

The symptoms of general debility vary according to the cause, but weakness is always present, a tendency to perspire and fatigue easily, ringing in the ears, sometimes black spots passing before the eyes, weak back, vertigo, wakefulness caused by inability to stop thinking and unrefreshing sleep. The cause of the trouble may be some drain on the system, or it may be mental or physical overwork, sometimes insufficient nutrition due to digestive disturbance.

If you have any or all of these symptoms try building up the blood with Dr. Williams' Pink Pills, and as the new blood comes through your veins there should be an increase in your appetite, a better digestion and soon a renewal of strength and vigor.

You can get pills through any dealer in medicine or by mail, postpaid, at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LONDON, Sept. 14.—Anxious to visit his old home at Melksham (Wilts), Freddie Fox, and Aldershot cripple, covered the double journey of 164 miles in a hand-propelled cycle-chair presented to him by Aldershot townsfold in 33 hours actual travelling.

His outward trip, through Farnborough, Reading, Newbury, Marlborough and Devizes took 16 hours and one hour more was occupied returning via Upavon, Laggershall, Andover, Basingstoke and Fleet.

He considers the road through Savernake Forest the worst part of his ride.

He has issued a challenge to any cripple in a hand-propelled cycle-chair over a distance of miles.
