BELLEVILLE, Ont., July 27.—(Special)—Silver mining operations in this county are booming. From the Deloro Mining and Reduction Co's works at Deloro as many as three carloads of silver ore are shipped in a day and 185 bars pure silver have been sent in one shipment. Silver is being mined at Deloro at the rate of 15 to 20 thousand ounces a day.

FATALLY BURNED BY KEROSENE LAMP

WARE, Mass., July 26.—Mrs. Karoline Gotfel, wife of John Gotfel, was fatally burned while attempting to heat a pan of alcohol over a kerosene lamp. Her husband was in the room when the affair occurred but before he could reach her, the woman was so badly burned that she lived only a short time.

HEJED GERMANY'S END

BERLIN, July 25.—Five years more and the German empire will come to an end. So at least says a prophecy made in the thirteenth century by a monk named Mermann, who lived in a monastery of Lehin in Brandenburg where he wrote a work in Latin concerning the future destiny of Germany for many centuries. This work is styled the "Vaticinium Lehnense," and it is in verses after the manner of the Sybilline books. The monk seems to have foreseen the defeat at Jena and the constitution of the Germanic Confederation in 1815. Unfortunately the prophetic Hornmann foretells in plain language the down fall of the Hohenzollern dynasty, and William II is destined to be the last of his race to sit on the imperial throne.

THE MASSING OF 18,000 MEN

QUEBEC, July 25.—The Plains of Abraham were gay today with an army almost twice as numerous as the combined forces of the opposing armies which in 1759 met there to decide the future destinies of Canada. But this time it was British and French forces met to celebrate in friendly fashion events both before and since that fateful day, as well as to preserve forever to the Canadian nation and the British crown the scene of that epochal combat. The governor-general and the government party made a brilliant group in the royal box. Sharp at half-past ten the royal standard broke out from the flag staff and the 18,000 men came to the royal salute, as the prince, in the uniform of a British field marshal and attended by the Governor General, Lord Roberts and his suite, rode in the center of the field. As soon as he stopped the massed bands played the national anthem, the prince coming to the salute, while the whole crowd rose, the men of course with bare heads. The prince then rode forward and greeted General Otter and they rode around the entire army on a tour of inspection, the prince conversing in a most animated manner with General Otter in the course of the ride, which occupied nearly fifteen minutes. The bands of each brigade were massed and as the prince passed they took up the strains of "O Canada" until it resounded from one end of the line to the other. On returning the prince mounted the royal box and cordially greeted Sir Wilfrid Laurier, Lord Strathcona, Vice-President Fairbanks, Admiral James R. Buller and the other guests.

QUEBEC, July 27.—(Special)—Toronto will not get Quebec because it being too long and cumbersome. The Wolfe and Montcalm armies on Sunday marched to the monuments of Wolfe and Montcalm to place a wreath and inscriptions of honor thereon. Lord Roberts will reach Toronto on Monday evening, leaving for Hamilton Thursday.

MORE SCOTT ACT RAIDS AT MONCTON

MONCTON, N. B., July 26.—Saturday evening the police raided the Windsor hotel for the second time within three days. Some fifty-seven bottles of Labatt's beer were found and confiscated. The liquor was taken to the police station and will be destroyed.

FAMINE PRICES RULE AT QUEBEC

QUEBEC, July 24.—Since it has been discovered by the people of Quebec that the Tenentary situation is going to be a real success there has been an apparently concerted movement to separate visitors from their money as speedily and painfully as possible. On the opening days, prices were almost reasonable, though the returns were quite the reverse, but since visitors started to flock in by the thousands the supplies of everything have been getting worse, while the charges have been such as to fairly startle ordinary people who have some recollection of what a dollar is worth. Famine prices are demanded for beds and it is a valuable privilege to be allowed to sleep on a tiny cot in a corridor at two or three dollars a night. A particularly strong kick is being registered by the soldiers and sailors here most of whom develop fairly sized thirsts during their drill. Today most of the hotel and saloon men put up the prices of small glasses of beer to ten cents, while whiskey goes at twenty cents per glass, and it is by no means above suspicion at that.

FOUGHT WHEN FORCED TO EAT

YORKTON, Sask., July 26.—Dunkhoobors in stockade fit Oreadia have been giving the R. N. W. M. P. in charge of them all the trouble they possibly can since a dozen of them were taken from their friends and imprisoned over a week ago. Those left behind have steadfastly refused to eat anything, and were on the verge of collapse from starvation yesterday. Dr. Irving was requested by the Police to go out and pump feed into them. As soon as he attempted to do this the Dunkhoobors rose in revolt and quite a little riot ensued. Finally a few of them were cornered and the doctor began his operation on them. They fought and scratched and bit like fiends and after several hours work only three of them had been fed. The doctor received a severe bite in the hands from one woman. The authorities are certainly having their troubles with fanatics who are up to all kinds of dodges to cause trouble and if possible regain their freedom. PRINCE ALBERT, Sask., July 25.—Six Dunkhoobor women sent here from Yorkton, have refused to eat and Warden Kerr of the Prison is having them fed soup with a tube. They attempted to discard their clothes, but were stopped.

"FRED IS DYING, I HEAR HIM CALLING ME!"

Strange Story of Girl's Telepathic Message From Her Twin Brother Who Was Drowning Twelve Miles Distant; Story Confirmed

EAST ST. LOUIS, Ill., July 27.—(Special)—While her twin brother was being sucked to his death in the quick sands of Long Lake near Mitchell, Ill., yesterday, Merle Huber, 15 years old, who was 12 miles away from home alone, shrieked and fell to the front porch in a faint. Neighbors ran to her assistance and revived her. "Fred is dying! I can hear him calling to me. He is drowning, let me go to him!" screamed the girl. Merle made frantic efforts to leave the house but was held back by friends who assured her that Fred was all right. The girl could not be quieted. Five minutes later a message came from Mitchell that Fred Huber had been drowned. When the news reached his sister she again fainted and up to a late hour last night was in a critical condition.

MEXICAN TROOPS FIGHT INDIANS

TUCSON, Ariz., July 26.—In a desperate battle between Mexican troops and Papago Indians last Tuesday, at the Imaculada Ranch, near Barstok, Colorado, a mining camp in the altitudinal district of Sonora, nineteen Indians and two soldiers were killed and five soldiers wounded, according to a report received last night.

WOMAN DIES VERY SUDDENLY

ST. JOHN, July 25.—Losing her foothold in the doorway of the second story of a shed in the rear of her home at 50 Durham street, Mrs. Elizabeth Powers, widow of William R. Powers, fell to death to the ground at 4:30 o'clock yesterday afternoon. She was picked up unconscious and died a few minutes later. Mrs. Powers was about seventy-five years of age but remarkably active and little was thought when she announced her intention of going up stairs to take in two skirts which were on the line. She was heard to go up the stairs and what happened is only surmised. It is supposed she took hold of the line and began to draw it through the pulley in order to reach the skirts, that the line broke under the strain and the weight of the skirts coming suddenly against the aged woman's strength pulled her from the threshold of the door. She struck the temple and never spoke afterwards.

HOME NEEDED FOR DEFECTIVES

HALIFAX, July 26.—The need of a home for defectives is very amply illustrated by a case brought to the attention of the S. P. C. from Annapolis County. A small Protestant girl of seven years, and Mrs. Egan's services were acquired by the Government to hunt up the person who had committed the crime. The result was that Mrs. Egan had the offender arrested and brought before the Court at Round Hill, Annapolis County. The offender was committed to the Penitentiary, the child had been suffering from the effects of the assault, and it is also slightly paralyzed on one side. No home will take the little thing, and the problem is now before the Society whether it will have to send the child back to Annapolis and place it in the Poor Farm, or whether some kind hearted person will open a home for this waif in some part of this Province. Another case was brought before Mrs. Egan while she was in Round Hill a small girl of thirteen years, who had been incorrigible, was brought before the Magistrate. As a result of the investigation, the child was placed under the guardianship of the Society. In the meantime Mrs. Egan placed the little girl in a home in Annapolis County, where she will be under probation for some time.

ATTACKED BY A HORSE

WOODSTOCK, July 26.—While a ten-year-old child named Rogers of Swanburg was patting a horse in the pasture it suddenly became unruly and attacked her with its teeth. The child was very badly injured, and her face was so torn that it will be disfigured for life.

GREAT STRIKE ON IN BOMBAY

BOMBAY, July 26.—In order to demonstrate their sympathy for Tilak, the nationalist leader, who was yesterday sentenced to transportation for six years on the charge of sedition, 20,000 mill hands went on strike today, and all the Hindoo shops are closed. The natives are greatly wrought up, and rioting is expected. Tilak was the editor of a newspaper which published virulent attacks on British rule.

PRISONERS WERE SOLD LIKE MULES

ATLANTA, Ga., July 26.—Startling assertions were made at yesterday's session of the executive committee investigating into the conduct of the State Prison Board and the convict lease system. L. R. Strong, a merchant of Macon, Ga., formerly a convict, testified that men were lined up at the prison farm and sold like mules. Sick and infirm men, he stated, were shipped in one day for a convict lease camp, were shipped out the next day in exchange to another lease. Albert L. Rodgers, of Atlanta, told of the cruel whipping of Joe Frisby, a white boy, for escaping from a camp, where the witness said he was held illegally. A charge was made against Judge George F. Gohar, of Cobb, by the witness who testified that during a recess of court the Judge visited Frisby in jail, received his confession and pronounced sentence on him.

CONSTITUTIONAL RULE IN GERMANY

CONSTANTINOPLE, July 26.—An imperial irade issued this morning ordains the assembling of a chamber of deputies in accordance with the constitutional which has been elaborated by the Sultan. The irade has been communicated to the Vais and the district lieutenant governors with the necessary orders for the holding of elections. The constitution which the irade now makes effective is practically the one worked out in 1876. The Grand Vizier then took steps to carry out the orders of his imperial master. He addressed to all the provincial authorities concerned a circular telegram convening the Chamber of Deputies in which he pointed out that the method of forming the chamber is determined by an organic statute, which according to the official communication, "an illustrious institution of the Sultan."

COAL WORKERS WANT MORE PAY

But Company Has Declined to Make a Two Years in Advance Agreement.

OTTAWA, July 27.—(Special)—The Board of Investigation under the Lemieux Act is considering the demand of three hundred employees of the Chignecto Coal Mines for a wage increase, and it has resulted in a unanimous report that men are willing to accept an advance for a period of two years. The company, however, is unwilling to bind itself to an agreement for so long a period of time and it is believed that there must be a reduction in the cost of producing coal in Nova Scotia in the near future.

CANADA'S DOINGS AT HENLEY

HENLEY, July 26.—The Argonaut four rowed a full course in 9:05 today. Conditions were not favorable. Bowler rowed a full course in 10:29. He rowed very well. Scholts worked with the pair over the course a couple of times, but no time was taken. He weighs 168 pounds. All the Canadians are in good health. Cambridge and Leanders were out rowing sprints. The Argonaut eight will row a trial over the regular Henley distance on Friday night, paced by Sullivan, Towns and Colten in a tub. The course has been very slow the last few days and the Canadians seem to be the only ones not afraid of a heavy course. Cambridge and Leanders and Argonauts rowed two minute sprints yesterday. There was not 3 feet difference in each boat.

The annual meeting of the central Kings Sunday School convention met on Friday night, at the St. Andrew's Presbyterian church at Head St., Peter's Bay, on the 14th, inst. at 2:30 p. m. Meeting opened with devotional exercises by Rev. M. N. McLeod. Secy. J. G. McLeod read the minutes of last meeting which were adopted. Rev. M. N. McLeod spoke on Sunday School work after which several reports from schools were heard, six schools out of thirteen not reporting. Rev. Mr. McKenzie would have all ministers do all in their power for their own schools, and strongly recommended the memorizing of portions of scripture in early youth. The Field Secy., Mr. Janong also recommended the committing to memory portions of the holy writ. Rev. Mr. McKenzie spoke along the line of getting the young people to take a more active part in Sunday School work. Subject assigned Rev. Mr. Johnston. How can we make our district association more efficient? He said bring the laymen to the front, on which he laid particular stress. CEREMONY AT BURIAL PLACE

LONDON, July 25.—A stately memorial service was held yesterday at St. Alfiges, Greenwich, Wolfe's burial place. Sir George White represented the King and civic dignitaries and detachments of Wolfe's regiments were present. Archbishop Sweetman, of Toronto, delivered an address. Lord Carrington repeated that the Government did not intend under the existing circumstances, to remove embargo. He was informed authoritatively that whatever restrictions Britain made, Canada was loyally prepared to abide by. It pointed out that "Existing circumstances" may indicate only a congested state of business. On the other hand it is declared that the feeling in the country against it gives no reason to suppose that Canada can take offence at a policy which does not violate the Imperial principles Canada themselves taught to the Empire.

PRESERVE ACIDS ARE HARMFUL

WASHINGTON, July 26.—Benzozate of soda and benzoic acids in eatables are harmful. That is the conclusion reached by Dr. Wiley, as a result of his study of the effect of food on his "poison squad." This speaks of the downfall of the present method of manufacturing preserves as the chemicals he mentioned are used in every such article. Other grape juice, jams, jellies, catsup and mince meat are some of the goods affected. The use of the condemned chemicals has been condemned on the ground that they appear in large proportions in natural food products. Cranberries contain a large quantity of benzoic acids. The Bureau of Chemistry has also found, in connection with the benzozate tests, that there is not a single article of food which has heretofore been preserved with this material that cannot be preserved and offered to the consumer in perfect condition without the aid of any chemical preservative.

THE LICENSE COST TOO MUCH

NEW YORK, July 26.—"But if we pay a dollar for the license we shall have nothing left for the wedding supper," protested a seventy year old prospective bride to an attendant at the marriage license bureau yesterday. Then seizing the arm of a gray haired man who stood by her side and drawing him to her window, she continued "that's all we have, a dollar. We won't pay all we have for a license. Why shouldn't we get it for nothing?" The attendant explained that the payment of the fee was compulsory and that it did not rest with him to make an exception. Still protesting the old couple turned away and walked from the building, arm in arm. They were poorly dressed and spoke with a marked foreign accent. As the aged lovers left the window, their place was taken by a negro and a buxom, fair haired white woman. They paid a dollar for their license and started a search of an alderman to perform the marriage ceremony.

TROOPERS KILLED BY LIGHTNING

GETTYSBURG, Pa., July 26.—As the result of a terrific electric storm which passed over the Pennsylvania National Guard encampment here tonight, it is reported that at least six troopers were killed and two more injured, some of them seriously, by being struck by lightning. The known dead: Private Morrison, 10th regiment. The tent occupied by General Stuart was blown down, as were many others. Several friends were sitting with General Stuart when his tent collapsed, but the party managed to hold the canvas and all escaped injury. The darkness is impenetrable and men are wildly running about through rivers of water seeking the injured. Every tent of battery B was blown down, but no one in the battery was hurt. The regiment guard tent of the 10th regiment was struck by lightning and forty more of company B were injured. The field hospital is full and men are dying about the camp waiting for aid.
