Check Up On Condensed Milk

OTTAWA, Jan. 3.—(CP)—Wholesalers have been instructed to hold all stocks of condensed milk put in 16-ounce cans and to report them to the Prices Board, J. Gordon Taggart, Foods Administrator said Saturday.

The order was made to give food supply authorities a clear picture of supplies on hand and to see that military and other priority requirements are met.

The smaller tins of condensed milk are not withheld from sale, and Mr. Taggart said he believed the effect of the order on the civilian population would not be serious. Regional Prices Board offices would have authority to release supplies of the larger tins in event of an emergency.

IN MEMORIAM A Tribute

MISS MARY McQUEEN

Citizens of Wood Islands and surrounding districts were shocked when they heard of the death of Miss Mary McQueen which took place at Halifax, N.S., on the afternoon of Dec. 3rd.

Mary was born in the city of Vancouver, B.C., about twenty-two years ago and when about six months old she with her parents came to Wood Islands. She received her education in the Wood Islands School and later took a business course at the Charlottetown Business College. She was bright and energetic, finishing her course in about six months. She went to Dartmouth, N.S., about two years ago and procured a position with the Teasdale and Post Ltd., and since that time had been receiving promotion after promotion, and at her death was accounting for Clark Ross Aircraft, Ltd.

She worked hard and gave of her best to God, King and Country. Her many friends who knew her well, for to know her was to love her. Her cheery countenance and her many well-remembered words to the sick and sad one, will not be forgotten. Her life was all too brief, but her loved ones have left a beautiful memory and the proud knowledge, that like a soldier on the battle field, she gave to her country the last great measure of devotion.

The remains were forwarded from Halifax and were accompanied by Mr. Henderson, Douglas of Charlottetown on Wednesday evening, December 9th.

The funeral services were held on Thursday afternoon from the Wood Islands Presbyterian Church where a beautiful service was conducted by Rev. J. W. MacEwen. The hymns sung were "Forever with the Lord" and "Safe in the Arms of Jesus." Duet, "I'll Sing of My Redeemer," was sung by Mr. and Mrs. H. McKinnon.

The remains were laid to rest in the Wood Islands cemetery, her little brother Barclay. The funeral was under the direction of Mr. J. W. MacEwen, assistant, Mr. J. M. McEwen, a personal friend of the deceased.

There are left to mourn the loss of a loving daughter and sister, her father and mother, Douglas and R.C.N.V.R. Kay, Alex and Jackie at home. One little brother, deceased, and one sister, Mrs. Margaret O'Leary, Summerside. The pallbearers were: Sydney Stewart, Evelyn MacMillan, Norman Bell, Louis Ross.

Way of Living Simplified In '43

OTTAWA, Jan. 3.—(CP)—Infant mortality in Canada is being reduced to a minimum by a new method of sterilizing a handless cup, and holds up more than 35 miles of truck drivers more.

The Prices Board today reissued orders which became effective on Jan. 3, and all poultry manufacturers in prospect will be designed to simplify the way of Canadian living.

The midnight bells rang a "fanion freeze" on women's coats and suits, simplified cutery, handbags, shoes and cheaper cream. These orders are effective on Jan. 1, and "others of similar nature are in prospect."

The new simplification order on jewelry, affecting styles of sterling and silverware, was operative from the end of the year. On and after Jan. 2, no decorative pottery may be manufactured in Canada, and all pottery manufactured must conform to specifications laid down by the board.

Expect Rapid Come Back In Tourist Trade

By JAMES MCCOOK Canadian Press Staff Writer

OTTAWA, Jan. 3.—(CP)—National Parks Bureau officials today predicted a rapid comeback in the future and predicted that 100,000 Canadian tourist industry will come back with a bang when the war is over.

They listed these reasons: 1. Canadian tourist attractions have been undamaged by war. In some ways they have been improved. The military road to Alaska through northern British Columbia and the Yukon will be a choice tourist lure when military needs disappear.

2. Members of the Canadian and United States armed forces have seen some of Canada's scenic beauties while on duty. They will want to take their families with them when they return to civilian life.

3. Even in 1942, in the midst of war restrictions and travel difficulties, 442,157 persons visited the National Parks between April 1 and October 31, and stayed longer than ever before. While the pre-war traveller stayed two or three days, the 1942 tourist, with gasoline restrictions in mind, stayed two or three weeks.

are to be operated only under permit. This regulation is designed to control the number of vehicles closely and conserve valuable by-products.
