A TRUE NERVE TONIC.

Will act, not so much directly upon the nerves as upon the digestive functions and the abundant formation of red, vitalizing blood. Nerves can't be fed on medicine. They can however be restored and strengthened by assimilated food. The marvelous action of FERROZONE arises from its action over the digestive and assimilative processes. When you take Ferrozone the blood is purified, strengthened, and grows rich and red. Then you grow vigorous, healthy and beautiful, ready for work, because you have the strength to do it. No tonic for the brain, blood or nerves compares with Ferrozone. Price 50c. at Druggists, or Polson & Co., Kingston, Ont.

SUPREME COURT.

Jan. 25th, 1904.

Murdoch McLeod & Donald McRae.—These parties reside near Bonshaw and own adjoining farms. In the month of June last fire was started on the defendant's premises and spread to the plaintiff's land and destroyed trees and fences. This action was commenced to recover damages by alleging that the fire spread through the negligence of the defendant; that it was his duty to take proper precautions when starting a fire to see that it did not do damage to the plaintiff. The case commenced Friday morning and was finished on Saturday afternoon. A large number of witnesses were examined on both sides. The jury after an absence of an hour and a half found a verdict for the plaintiff and fixed the damages at \$88. Stewart K. C. for plaintiff. A. J. B. Mellish for the defendant.

A CHALLENGE TO THE HEAVY WEIGHT HOCKEYISTS

Having dug up the hatchet and having sworn a solemn vow that we will not rest until your scalps dangle in front of our respective wigmans we, the "Blackstone" Lightweights, do hereby challenge you to a fierce game of hockey to be played at any time or place mutually agreed upon. If our promises go for anything you may expect a warm reception, even if the temperature is below zero. Those who think that we cannot play hockey if we tried, let alone stand on our skates had better be on hand sharp on time as the chances are that the Heavyweights will be too tired to play in ten minutes.

The Blackstone Lightweights per Secy. (Other papers please copy).

THE DRUGGISTS ARE AGREED.

THE GOVERNMENT ARE ADVISED TO ABANDON QUEBEC-MONCTON LINE

The Toronto News, (Independent) Discusses the Situation—Better to Suffer Humiliation, it Says, Than Commit the Country to a Serious Obligation.

TORONTO, Ont., Jan. 23.—The News, independent Liberal, publishes a full page editorial dealing with the situation at the Ottawa. It begins by pointing out that the Government has submitted with reluctance to the circumstances which necessitate another session, the two principal reasons being: 1st, the condition of the Liberal party in Ontario, and 2nd, the necessity for a revision of the contract for the construction of the projected trans-continental railway. Concerning the second reason the News points out that the deposits made by the company cannot be considered as carrying out the terms of the contract and that if it was found difficult to get \$5,000,000 as security for the performance of the contract, what prospect is there that the millions necessary to carry the great undertaking to completion can be obtained. It would seem, however, it continues, "that the Grand Trunk has balked at more than the cash deposit and that when the House meets the whole question of the construction of a second trans-continental railway may be reopened." The News continues: "The Government will be badly advised if it doesn't abandon outright the projected extension from Quebec to Moncton and suspend the contract for the construction between Winnipeg and Quebec until all other surveys can be completed and it is proved beyond a reasonable question that satisfactory grades can be obtained." The News considers the Government should buy the Canada Atlantic as an extension of the I. C. R. before it falls into the hands of one of the other great systems. "There may be," says the News, "some humiliation in the confession of haste or of error by the Government, but it is better to abandon out right the contract into which the ministers have entered than to commit the country to enormous expenditure upon an enterprise which may be badly designed and unfitted to realize the expectations of its promoters."

COMFORT FOR THE AGED

Judging from the letters of people up in years there is no medicine which so promptly frees them of aches and pains and insures regularity of the liver, kidneys and bowels as Dr. Chase's Kidney Liver Pills. Even when all other means have failed old people can turn to this great medicine with full assurance of relief and cure.
