### RESIGNATION OF HEARST GOVERNMENT

#### Governor Calls Upon Mr. Drury to Form New Cabinet.

(Special to The Guardian.)  
TORONTO, Nov. 1.—The Hearst Government resigned today at 11.50 and Sir John Hendrie, Lt. Governor of Ontario has already communicated with Mr. E. C. Drury, leader of the Farmer Labor Coalition with a view to asking him to form a government.

About 11.30 this morning Premier Hearst left his office, met R. J. Fleming in the hall, shook hands cordially with the street railway manager and listened with a smile to Mr. Fleming's declaration of his horror at Sir William's impending departure. The Premier passed on down stairs to Sir John Hendrie's private office where he remained for fifteen minutes. Newspaper men were waiting in the hall outside as he emerged. "Come up stairs boys, I have an item for you today," he said and he led the way back to his office where he handed out typewritten copies of the following statement:

Sir William Hearst tendered to the Lieutenant Governor his resignation and the resignation of the government.

His Honor communicated with Mr. E. C. Drury who will, it is understood, be asked to undertake the task of forming a new government. "That is all" said Sir William.

"You will carry on will you not, Sir William, until the new cabinet is formed?" "Oh yes," said Sir William. "The Lieutenant Governor has asked me to carry on until Mr. Drury forms his cabinet and it is sworn in."

Further than that the Premier had nothing to say.

When interviewed a few minutes later Sir John Hendrie was just leaving the building after consultation with various officials in regard to the procedure of forming the new government.

We had not anticipated anything like this," said Mr. J. J. Morrison, U. F. O. Secretary when a reporter broke the news of the Hearst resignation to him. There was no occasion for a rush. We are not anticipating any ugliness from anybody. We feel there will be an honest attempt to carry on the government in the interim.

### CHARLOTTETOWN TO HAVE A COUNTRY CLUB

#### Contract Awarded to Messrs. H. and S. Lowe for Erection of Same at Brighton.

A contract has been awarded to the firm of H. and S. Lowe, of this city to erect near the corner of Brighton and North River Roads, a building to be used as a Country Club. The promoters are a number of young business men of Charlottetown.

The building will be of the California bungalow type, and will be a frame structure, 65 by 90 feet, built upon a concrete foundation. It will provide a large ballroom with floor space 60 by 30 feet. On either side of the ball-room will be a large tea and grill room. From the tea room French doors will open on to a spacious porch, which in summer time will afford an outdoor tea room and refreshment place.

The main entrance from the North River Road, will take one into the main lobby, where offices, cloak rooms, and ladies dressing rooms are to be provided for the guests.

In the centre of the main lobby will be a soda fountain which will be in keeping with the general scheme of decorations. Backing the main lobby the ball-room is to be a raised platform to accommodate the orchestra. The decoration scheme is to be of novel design. The tea room, grill and lobby will be finished along Tudor lines, timber and plaster combined.

The main ball-room, in keeping with the country club idea, will be furnished with rustic effect. Our own island birch being used as a decorative motif, making an altogether charming arrangement typical of rural outdoor surroundings.

Provision has been made for automobile parties and the parking of the cars.

The plans for the building were prepared by Mr. E. S. Blanchard, graduate architect of McGill University, who has recently returned from overseas where he served with the military forces and was in the front line fighting. He practised his profession in Montreal for three years after his graduation, or until he went overseas. His many friends here will be pleased to learn that he has decided to locate in Charlottetown, his native city, with offices in the Bank of Nova Scotia chambers.

It is the intention also to have in connection with the club a tennis pavilion and bowling on the green. The club is to be available for those who wish to entertain and entertainers of a public or semi-public nature and doubtless it will prove to be a very popular institution.

The work of building will start immediately.

### Finding of Man's Skull at St. John Deep Mystery

ST. JOHN, Nov. 2.—A startling development which may lead to further investigation of the case of Private J. D. Pike, who disappeared while on sentry duty at West St. John in May, 1918, was brought to light today.

At that time the court martial declared the man a deserter but the discovery of a man's skull and a military rifle in the mud near the dock this week is accepted as evidence of the reason for his disappearance. In telephone communication with Bathurst, N.B., where the widow of the soldier now resides, it was learned that she had been married a few weeks ago to John Agray, of that place. As a reason for her conviction that she was free to marry in spite of the verdict of the court martial, she said that she had received a letter from her husband's Elmir, a member of the hospital in St. John while he was dying of influenza last fall, in which he said that he had seen her husband fall over the wharf into the harbor. The fact that the news was communicated only when the writer was at the point of death, and that he had not informed the military authorities of what he had seen, has raised suspicions that there is something in the case which demands the fullest investigation possible under the circumstances.

### COAL MINERS DEFY COURT INJUNCTION AND WALK OUT

#### Nearly 400,000 Miners Quit Work at Midnight Friday Night. Complete Tie-up of Practically all U. S. Mines.

(Special to The Guardian.)  
INDIANAPOLIS, Oct. 31.—A temporary injunction restraining all strike activities of the United Mine Workers of America was issued in the Federal District Court here today on application of the United States Government. Judge A. B. The order was directed against Frank G. Hayes, the incapacitated President of the Union, John L. Lewis, Secretary, Wm. Green, Secretary-Treasurer and all other officials of the organization. It took effect when served and will continue in force until after the formal hearing which Judge Anderson set for November 8.

Thousands more are expected to be out of work tomorrow.

The men already on strike, the leaders reported, were those who left the mine's today taking their tools with them. Reports from the soft coal fields were very incomplete agreed they would wait until tomorrow before being able definitely to know the number of men who had obeyed the strike call. But in almost every instance the miners' spokes-

### GERMAN GOVERNMENT PUTS BETHMANN-HOLLWEG ON STAND.

BERLIN, Oct. 31.—Former Chancellor von Bethmann-Hollweg was a witness today before the subcommittee of the National Assembly investigating what had been the possibilities of peace making during the course of the war. He was asked several questions by the committee.

The committee requested answers from Dr. von Bethmann-Hollweg who was chancellor when the war broke out and held office until July 14, 1917 to the following three questions: "First—Why did the Central Powers make their peace offer on December 12, 1918, when action by President Wilson for peace had been suggested by Germany and a certain prospect of such motion was held out at the latest for the end of December?" "Second—Why were concrete peace conditions not communicated to President Wilson?" "Third—Why instead of pursuing the idea of action toward peace by President Wilson, did Germany assent to ruthless submarine warfare if she knew it would lead to war with the United States?"

P., that rates on cables hitherto sent to Canada would not continue after October 31, but that service on similar lines was under consideration with the Canadian government. ### Government Appointments

At a meeting of the Executive Council Wednesday morning Dr. Goodwill was appointed Superintendent of Falconwood Asylum. It is expected the doctor will enter on his duties about the first of December.

If this appointment means that Lieut. McDonald is to remain in charge of the Falconwood Farm it will meet with general approval. It will be remembered that the only reason why Dr. Goodwill resigned this position was that he objected to separate management of the farm.

The Executive also reduced the number of School Inspectors to six, two for each county. In the re-arrangement two new inspectors were appointed, Messrs. Vernon Crockett of York for Queens, and Mr. Frederick Bell of Cape Breton for Prince Edward Island.

Mr. John A. Stewart of Dunstons was appointed commissioner for taking acknowledgement of deeds and Messrs. Donald J. Ross, Flat River and Archibald Mathieson, Bellevue Justices of the Peace.

### FORBES-ROBERTSON TO BEGIN TOUR

NEW YORK, Oct. 30.—Sir Johnston and Lady Forbes-Robertson arrived in New York yesterday on steamship Orduna. Sir Johnston is planning a tour of Shakespearean recitals throughout the east, middle west, and perhaps the far west, the first of which is to be given here in the Broadhurst Theatre. Sir Johnston said that he was not going back upon the stage, as he had retired officially after the season of 1915-1916, and felt it necessary to abide by his decision to remain retired. But he added that he was delighted to come to America for this recital tour, as he owed her a debt of gratitude for the part she had played in his work that he was able to retire now.

That interest in Shakespeare was increasing was very evident, Sir Johnston said, as three Shakespearean plays were being rehearsed in London theatres, as Stratford-on-Avon was having a long run of them and Mr. E. H. Sothern and Miss Julia Marlowe were reviving them in this city. He added that he was confident that the cinema or motion picture would never supersede the legitimate drama.

It was announced that Mr. Sothern would appear upon the stage with Sir Johnston, but that he would not introduce him, as he said Sir Johnston needed no introduction to an American audience.

HALIFAX, N. S., Oct. 31.—Thomas Nixon whose birth place is said to be Yarmouth, was sentenced to three years in Dorchester penitentiary for theft from his bride of two days. After a few days courtship, Nixon married a north end girl, who was employed in a laundry. He informed the girl that he was a man of money and would buy her anything she desired. He visited a jewelry store and asked for a box, which he stated he wanted to use to send a ring away. He then purchased a fifteen cent ring, which he gave to his fiancée in the expensive looking box. After the marriage his wife missed some clothing and on investigation the police found that Nixon had disposed of it at a second hand store. The police looked up Nixon's record, and found that he had served three terms in Dorchester penitentiary, for theft at Yarmouth, and a few years later he was sent up for three years from St. John. A theft case at Yarmouth sent him up for another term of two years. Photos were received from Dorchester this morning showing the pictures, he at first stated he did not, but he later confessed.

### Sad Shooting Affair at Bronson

MONCTON, N. B., November 1.—A sad shooting fatality occurred yesterday afternoon about 2.30 o'clock at Bronson, a station some thirty-eight miles from Moncton on the National Transcontinental Railway when Eugene Lemereux, the three year and a half old son of Pierre Lemereux, of Bronson was so badly injured by the accidental discharge of a shot gun that he died at 10.30 last evening while enroute to Moncton hospital for special treatment.

While little is known of the particulars of the sad affair, it appears that young Lemereux was killed by a shot gun which was hanging on the wall of the Lemereux home. The shot, it is stated went to take the gun down from the wall where it was hanging, and in doing so it discharged, shooting the boy in the right arm and also in the abdomen. He was hurried to Bronson, where a special train was chartered to take the boy to Moncton but he died before treatment could be administered. The body was removed to the Moncton Undertaking Works. Coroner Botsford viewed the remains, and after hearing of the sad affair, he decided that an inquest was unnecessary.
